ILLINOIS HOUSE FIRES BLAST AT 2 UNION BOSSES

AFL and CIO Men Both Denounced.

BY PERCY WOOD.
[Chicago Tribune Press Service.]

R. G. Soderstrom [top] and Harry W. Deck.

Springfield, Ill., May 8.—Members of the house of representatives leveled criticism for more than an hour today at two Illinois labor leaders — Harry W. Deck of the CIO and R. G. Soderstrom, president of the State Federation of Labor [AFL].

Deck was not present, but Soderstrom, wearing a wintry smile, listened from the gallery.

Representative Lottie Holman O'Neill [R., Downers Grove], pioneer woman legislator, brought on the incident by rising to a question of personal privilege—the parliamentary way for members to gain recognition and speak out if they feel they have been wronged. Never before in her almost 20 years in the house has she resorted to the privilege, Mrs. O'Neill said, picking up a newspaper, but this occasion seemed to demand a public protest.

Quotes an Interview.

The erect, gray-haired woman then read from an interview with Deck, given Tuesday after the house committee on industrial affairs, by a vote of 24 to 9, tabled the state wages and hours bill, which was strongly indorsed by both the CIO and the AFL.

The portion she emphasized was Deck's assertion that the committee action was made possible by "bought and paid for stooges of the largest employers of the state."

"I think it is very significant," Mrs. O'Neill said, placing the paper on her desk, "that this statement is made by a representative of an organization which has been calling strikes in defense plants, and doing all it can to obstruct defense. If labor bills are being defeated, it is because of the actions of the CIO in this country."

A Wage-Hour Bill.

Some chance exists that another wages and hours measure will be introduced before the end of the session. Gov. Green told reporters today that he favored the principle of a minimum wage and maximum hour bill for Illinois intrastate workers and had recently discussed it with several legislators. He did not indicate, however, how he thinks it should be worded.

Meanwhile Deck issued a statement characterizing his assertion of Tuesday as "an overstatement due to anguish over what I consider shoddy treatment of low wage employés in Illinois."

"There was no intention," he continued, "to include Mrs. O'Neill or numerous other members of the committee on industrial affairs whose fairness and courage on behalf of labor is well known and appreciated.

"However, an examination of the Illinois blue book containing biographies of legislators reveals that the economic background of some of the more articulate members of the house would tend to impair their objectivity regarding the need of Illinois low wage workers."

Labor Leader Agrees.

Representative Frank Holten [D., East St. Louis], organizer of the East St. Louis Federation of Musicians in 1897 and its president for 12 years, followed Mrs. O'Neill in the house discussion.

"I've carried a union card for 45 years and I concur in everything Mrs. O'Neill said," Holten declared. "Some of these labor rats aren't even good union men; they've been kicked out of the AFL.

"I believe in organized labor, but I don't believe in radicalism. Workers would get along much better with their bosses if it weren't for those damnable business agents."

Representative Arthur W. Sprague [R., La Grange] said: "I saw that interview and my first reaction was to ignore it as stupid and the result of ignorance, but Deck has made an attack on every member of the general

HOUSE ADOPTS ONE-MAN RULE OVER PRIORITIES

Bill Sets Up Drastic Industry Control.

BY WILLARD EDWARDS.
[Chicago Tribune Press Service.]

Representative Crawford.

Washington, D. C., May 8.—With ship and plane factories thruout the nation facing a shortage of production materials, particularly steel, the house today quickly passed and sent to the senate a bill authorizing the Office of Production Management, thru President Roosevelt, to ration all materials involved in the production of arms.

The measure, which would empower the OPM to impose mandatory priorities on arms materials, was labeled in debate as the most drastic industrial control legislation ever put before congress.

"It is the most far-reaching legislation, not excluding the British lend-lease bill, which congress has ever considered," declared Representative Fred L. Crawford [R., Mich.]. "But it is necessary. Without it, the defense program will scuttle itself."

Foresees Steel Rationing.

Previously, Rear Admiral Samuel M. Robinson, chief of the navy bureau of ships, had told the house naval affairs committee that steel would soon have to be rationed as strictly as aluminum. He gave an optimistic report on the progress of warship construction, but said shipyards are now using materials as rapidly as they get them.

"There is not enough steel in this country for everything," he told the committee. "Steel is going to have to be rationed like aluminum. That is a question that has to be decided soon."

Civilian Needs Under Study.

Officials, it was reported, are studying plans for reducing civilian steel needs. It was learned that the administration has revised its estimate of the amount of steel it believes will be needed in 1942 from 91 million to 120 million tons. Ingot production in March was 7,146,372 tons, or at a yearly rate of about 85,752,000 tons.

From Omaha, Neb., came a report that the Martin bomber assembly plant there will need steel for construction work June 1. The plant is not likely to get steel in quantity, it was said, until July.

Statutory Power Provided.

In a surprise move, the house amended the bill to clothe the OPM priorities division with statutory authority and make its director subject to senate confirmation. The amendment was offered by Representative Eugene E. Cox [D., Ga.] and accepted by the sponsor of the bill, Chairman Carl Vinson [D., Ga.] of the naval affairs committee.

The Cox amendment fixes a $12,000 a year salary for the priorities director and directs him to name industry committees to advise him.

Representative Jesse P. Wolcott [R., Mich.] said that under the bill a Fascist state could be created in America.

"I am not so sure," he remarked, "that we are not being asked to adopt piecemeal the industrial mobilization plan."

SIX ARE INDICTED IN HARLAN COAL STRIKE SLAYINGS

Harlan, Ky., May 8 (AP).—Six men were indicted by the Harlan county grand jury today on charges of murder arising from an April 3 disturbance at the Crummies Creek Coal company in which four men were slain and seven others wounded. All six are employés of the coal company and each was ordered placed under $5,000 bond. They were Frank Archer, Frank Clutts, Hobe Gailley, Jim Black Howard, Lewis Noe, and Nobe Smith.

The slayings occurred during the work stoppage of the bituminous coal mines pending agreement on a new work contract.

NEW OUTER DRIVE LINK TO FULLERTON AVENUE WILL OPEN TOMORROW

(Map on page 12.)

The park district's express Outer drive highway, from the North avenue bridge to Fullerton avenue, will be opened to traffic tomorrow morning, park district officials announced yesterday.

This section of the drive will be used by loopbound traffic during the morning rush, from 7:10 a. m. to 9:18 a. m. The motorist will leave Lake Shore drive at Fullerton avenue, driving east into the lower level of a new 66 foot cloverleaf bridge. The reverse of this route will be followed by northbound traffic during normal periods and during the evening rush hour.

Loopbound motorists during periods of normal traffic will be routed down Stockton drive to Fullerton avenue and into Lake Shore drive. The road around the Grant monument, now in use, will be discontinued. The Lake Shore drive route, in addition to the Outer drive, will be utilized for loopbound traffic during the morning rush. It will carry northbound traffic only during the evening peak load, from 4:45 p. m. to 6:45 p. m.

ACRE OF TOBACCO PAYS OWNER $169; U. S. TAKES $1,061

Washington, D. C., May 8 (AP).—A spokesman for North Carolina tobacco farmers, seeking to forestall a tax increase on cigarets, testified today that taxes on 16,330 packages of cigarets—roughly one acre's yield—already were $1,061 and that the farmer who cultivated the acre received only $169. The consumer pays about $2,450.

The figures were supplied to the house ways and means committee by State Senator J. C. Lanier of Greenville, N. C. He said a treasury proposal to increase the cigaret tax from 6½ cents a package to 8 cents would mean another $244 levy on the finished product of the acre he used as an illustration. The treasury suggested doubling the taxes on cigars and manufactured tobacco.

Representative Raymond S. McKeough [D., Ill.], expressing sympathy for the growers, suggested that it might be well to "take a couple of good looks at the big tobacco companies and see if we can dip into them without destroying them."

Lilac Blossoms by the Millions Cheer Shut-ins

(Pictures on page 8 and back page.)

Millions of lilacs, streaming in from all sides of Chicago and the suburbs, set a new first day record yesterday in the 13th annual "Share Your Lilacs" campaign.

An even more bountiful supply of the delicate, fragrant blossoms has been promised for distribution to the city's shut-ins today, assuring an all time record for the two days.

All day yesterday, while the first day's offerings were being placed in hospitals, old people's homes, orphanages, and settlement houses, hundreds of persons were preparing for today's distribution. Boy Scouts and Girl Scouts, clubwomen, and flower lovers thruout Chicagoland were cutting and packing lilacs in wet paper or moss to keep them fresh.

Tribune Co-Sponsor of Drive.

These preparations and the delivery of the bouquets were under supervision of the Chicago Plant, Flower, and Fruit guild which, with THE CHICAGO TRIBUNE, sponsors the campaign. Members of 81 garden clubs coöperated in the campaign.

The first of the two lilac days began with delivery of the boxed and bundled blooms to early morning trains of eight suburban railroad lines. They were sped, freight free, to the great rail terminals in the loop district, thru which they flowed in rivers of color.

There they were loaded into a fleet of Tribune trucks which carried them to the shut-ins of the west, southwest, and south sides. So many lilacs came in that several north side hospitals and institutions were visited, tho they had not been scheduled to receive flowers until today. Wherever the lilac bearers went eager faces greeted them. The sight of lilacs brought shouts from the youngsters and softly spoken thanks from the old.

18,000 Receive Bouquets.

In all, more than 100 stops were made, and 18,000 patients received bouquets. In the two days last year 147 institutions were visited, and 23,000 patients were given flowers. Those figures—a record in themselves—are expected to be eclipsed today.

Before being delivered, several truck loads of lilacs were taken to Tribune Square. A mountain of them was photographed in Nathan Hale court, between Tribune Tower and the W-G-N building. At this ceremony were Theodore V. Purcell, president of the guild, and Mrs. Stanley D. Grace, general chairman in charge of distribution.

Massed around the bronze statue were lilacs of almost every variety. There were white French lilacs, fern-like and fragile, and lavender ones by the thousands. There were lilacs almost blue and others so vividly purple as to be almost red.

Thousands thruout Chicagoland heard W-G-N broadcasts describing the arrivals and distribution of the flowers.

[Details of the lilac distribution in various city institutions will be found on page 8.]

GERMANY TELLS U. S. PLAN TO REQUISITION VESSELS IS ILLEGAL

Washington, D. C., May 8 (AP).—Germany has informed the American government, it was learned tonight, that legislation pending in congress for the requisitioning of foreign ships was considered a violation of international law and treaty of commerce between the two nations.

The note setting out the German government's views on the legislation was sent to the state department tonight. Officials of the department, however, said it had not reached them for consideration.

The note, which was not considered a protest, was said to have contended that the legislation, if enacted, would infringe German rights by authorizing the seizure of German ships without the consent of the Nazi government. Two German ships, the Pauline Friedrich and the Arauca, were among foreign vessels recently taken into protective custody on grounds of actual or threatened sabotage.

ASK $3,000 FUND FOR PAINTINGS OF STATE OFFICIALS

Springfield, Ill., May 8 [Special].—Appropriation bills totaling $3,000 were introduced in the legislature today calling for oil paintings of the late Gov. Horner, former Gov. John Stelle, and Lieut. Gov. Hugh Cross.

Stelle would have his portrait painted twice, under the measures—one at a cost of $1,000 to hang in the governor's office and the other at a cost of $500 to hang in the lieutenant governor's office, in which post he served prior to Gov. Horner's death.

Report Rioting Forces Iraq's Premier to Flee

(Map on page 5.)

Rashid Ali Al Gailani.

CAIRO, Egypt, May 8 (AP).—Public demonstrations in Bagdad against the month old Iraqi government fighting the British empire forced Premier Rashid Ali Al Gailani to flee in haste from the little kingdom's capital, the Egyptian press reported tonight.

Where the premier might have gone was not indicated. It was noted, however, that the report came after British bombers blasted the Bagdad airport and other strategic points still held by the Iraqis after seven days of undeclared warfare.

The dispatches also said Seyyid Taufiq es Suwaidi, foreign minister in the government ousted by Rashid Ali on April 4, had flown from Bagdad to Amman, Transjordan, to meet the regent deposed by the same coup, the Emir Abdul Ilah. Only last Sunday the emir announced his intention of returning to Iraq and called on Iraqi troops to go peacefully back to their posts.

Bombard Bagdad Airport.

The British middle east command told of effective bombardment yesterday of the Bagdad airport, explosion of an Iraqi ammunition magazine at Washash and destruction of Iraqi planes at Hanaidi in the drive to clean up quickly the small but significant war, which the British laid to "military adventurers."

The British airdrome at Habbaniyah, which Iraqi artillerymen attacked last Friday, now is protected by British possession of the surrounding heights.

Some sniping continues there, but Iraqi positions directly to the east were heavily bombed by the RAF. The British have captured six Iraqi guns and more than 400 prisoners.

Bombard Bagdad Station.

BEIRUT, Syria, May 8 (AP).—An Iraqi communique broadcast from Bagdad and received here said British planes bombarded the Bagdad railway station today. It said that RAF bombardment had forced Iraqi troops to retreat from the region of Habbaniyah airdrome, but that Iraqi planes continued to bombard that base. The Iraqi troops have retired to more favorable positions under intense bombardment.

British planes also bombed Al Falluja and Ramadi on the Euphrates river yesterday.

War Minister in Turkey.

LONDON, May 8 (AP).—The Rome radio tonight quoted an Ankara report saying War Minister Madji Shefket of Iraq had arrived at the Turkish capital this evening and had conferred with the Turkish premier and other ministers.

Earlier today, a report from Istanbul said the minister was expected to discuss the possibility of a solution of the Iraqi-British conflict.

PRESIDENT ABED WITH STOMACH AILMENT; GAINS

Washington, D. C., May 8 (AP).—President Roosevelt remained abed today in an effort to overcome a stomach ailment.

He still had a fractional degree of temperature and while he wanted to get up, his physician, Rear Admiral Ross T. McIntire, ordered him to stay in bed.

GIVES CHICAGO REASONS FOR NATION'S FAITH

Envoy and Wife Fly Here for Talk.

BY WAYNE THOMIS.
(Picture on back page.)

Viscount Halifax, ambassador to the United States from the Court of St. James's, asserted here last evening that Britain will win, and outlined his country's hope and plan for victory. It is based on British faith that Hitler will overextend himself; that the millions of subjugated peoples in Europe will rise against him; and finally that the reich never can compete against the combined productive powers of the United States and the British empire.

This victory program was revealed by the ambassador in a speech made before the Commercial Club of Chicago at dinner in the Drake hotel. It was the climax of a day in which Lord and Lady Halifax jarred precedents for British diplomats by traveling to Chicago by air liner, by posing for batteries of news photographers and finally by granting a series of press conferences.

Gracious to Interviewers.

The first of these occurred at Chicago airport less than 10 minutes after the couple stepped from their plane. Evincing a smiling graciousness which never deserted them thruout a trying 10 hours, they responded to photographers' requests and then disclosed that they were making their middle western tour to get first hand impressions of American public opinion.

Later in the afternoon Lord Halifax told interviewers that his country does not want nor need man power of the United States for fighting purposes, but would use it for production of war materials. He said that England's power in the air daily is increasing and that historians probably would write that Hitler lost the war in June, 1940, because he did not press on to England after the collapse of French armies.

The jarring of precedents continued into the evening when—on behalf of Lord and Lady Halifax—the Commercial club broke two long standing rules. The club, an organization which includes in its membership business and civic leaders of Chicago, rarely permits women to attend its meetings and never before in its 66 years of existence had it opened its doors to newspaper men.

Listen from Balcony.

Last night, however, Lady Halifax was the guest of honor along with her husband. Even she, however, was not invited to dinner, but with wives, daughters, and family friends of members joined the gathering after the meal and listened to the speeches from the balcony of the hotel banquet hall.

[Details of the activities of Lady Halifax will be found on page 7.]

A final test of the ambassador's good humor came as the dinner guests in dinner jackets and tails were gathering. In Walton street at the main entrance of the hotel a group of 25 women and young men pickets appeared carrying placards denouncing war.

Lord Halifax stood with his aid, Charles Peake, watching the pickets and reading the signs. Among them were the following: "Send Halifax to Halifax," "I Didn't Raise My Boy to Die for Britain," "Bundles for Britain, Bullets for Our Boys." After a moment Peake said:

"Well, it's a free country, thank God. That wouldn't happen in Berlin."

Largest in Club's History.

At dinner it was announced that the meeting was the largest in the club's history with 478 members attending. This count did not include the women guests who filled the balcony.

At the speaker's table with the ambassador were Secretary of the Navy Frank Knox, who flew to Chicago to attend the meeting; Mayor Kelly, Lewis Bernays, British consul general here; Rear Admiral John Downes, commandant of Great Lakes naval training station, and Brig. Gen. Charles H. Bonesteel, commanding officer of the 6th corps area.

3 'Aid to England' Ships Sunk; Seamen Conscripted by Britain

Liner Torpedoed

New York, May 8 (AP).—Three ships carrying American supplies to England have been sunk recently in the North Atlantic, one with a loss of 35 crew members, maritime circles here reported today.

Two of the ships were the 10,263 ton British passenger liner Ixion and the 5,658 ton Norwegian freighter Eastern Star. They were torpedoed by a German submarine while traveling in a convoy about 750 miles east of Greenland. No figures were given regarding their losses.

Rescue 35 from Crew of 70.

The vessel from which 35 were lost was the 6,563 ton Dutch freighter Saleier. Approximately 35 of its crewmen were saved. The Saleier was last reported as leaving Philadelphia Jan. 16 for Liverpool.

Another ship reported lost was the 3,924 ton Norwegian motor freighter Borgestad. Missing since September, she presumably was sunk by a submarine in the North Atlantic on Feb. 12, marine sources said. It was asserted that she was under British control, but whether she was carrying American supplies to Britain was not stated.

56 Saved from British Ship.

SAO VICENTE, Cape Verde Islands, May 8 (AP).—Fifty-six survivors from the 10,305 ton British passenger liner Calchas, torpedoed April 21 off Africa, have reached here. A lifeboat brought in 21 and the Portuguese ship Vinteoito carried 35 picked up from other lifeboats.

Passengers said their ship was torpedoed without notice while en route from Capetown to England.

Nazis Claim 41,950 Tons.

BERLIN, May 8 (AP).—The high command announced today 41,950 tons of North Atlantic and English channel shipping of Britain and her allies had been sunk. The toll of U-boats in the Atlantic was put at 29,950 tons in an unspecified time. A bomber sank a 12,000 ton ship in English waters when a convoy was attacked off Newquay and two other ships were damaged.

Set Up Reserve

BY LARRY RUE.

[Chicago Tribune Press Service.]

LONDON, May 8.—A scheme to nationalize and pool British merchant seamen for the battle of the Atlantic was announced today. The scheme, under which seamen, like dock workers, will become state employés, is divided into three parts:

1. All officers and men serving on ships on May 26 automatically will become members of a reserve pool when their agreements with shipowners end, unless they sign again for employment with the same company.

2. All officers and men discharged from ships since April 28 automatically enter the pool and must report to the nearest mercantile marine office.

3. All persons, other than fishermen, between the ages of 18 and 60 who have served the sea since Jan. 1, 1936, but who are not now serving must register at employment bureaus the week beginning May 26.

"Freedom of Choice" Disappearing.

Under the scheme, Shipping Minister Baron Leathers pointed out, "the old freedom of choice largely disappears." The pool will be managed by the Shipping Federation, assisted by the Employers' Association of the Port of Liverpool, in coöperation with various seamen's societies.

Labor Minister Ernest Bevin appealed to men who had left the sea since the 1936 depression to return "to help fight the battle of the Atlantic." He said that the "next four months will determine the duration of the war," but held that if Britain could survive that period, it would "become stronger every minute."

Bigger Imports Sought.

He stressed the need of providing men and ships to compensate for sinkings.

"We must increase imports," he urged, "so the rhythm of production will be increased and no bottlenecks created thru a lack of supplies. We are anxious to increase the rations so that our people will have the physical strength to see this job thru."

PORTUGAL SAYS U. S. WILL NOT OCCUPY AZORES

LISBON, Portugal, May 8 (AP).—Premier Antonio de Oliveira Salazar tonight declared the suggestion of United States Senator Claude Pepper [D., Fla.] that the United States occupy the Azores and Cape Verde Islands for American defense did not represent the opinion of the American government, "which has spontaneously declared its absolute respect for Portuguese sovereignty."

[The dispatch did not indicate whether the Portuguese premier had received such word from the United States government after Senator Pepper spoke last Tuesday.]

Saying that silence on the question might be wrongly interpreted, the government statement said that "From the first days [of the war] up to now, no request or suggestion" has been made to Portugal for bases.

SWARMS OF NAZI PLANES BATTER BRITAIN IN NIGHT

39 Attackers Shot Down Within 24 Hours.

LONDON, May 9, Friday (AP).—British night fighter planes and antiaircraft batteries blasted at swarms of German bombers early today. The British claimed 39 Nazi planes were bagged in the 24 hours ended last midnight.

[The heavy raiding has been going on since last Saturday night, indicating that the German air force may be stepping up its attacks to the scale of the mass raids of last fall.]

The overnight battle began soon after German planes roared across the east coast toward London, the northeast coast, the Midlands, and the northwest after a daylong series of duels over the English channel and Britain.

For the first time since April 19 bombs were dropped in London during an alarm lasting about 4½ hours.

Main Attack in Northeast.

Scores of German raiders apparently directed the night's main attack on the already battered northeast coast region.

[Apparently the Germans were hitting again in force at Hull, which had a heavy attack Wednesday night.]

Two British records for 1941 were the Wednesday night bag of 24 planes and the 15 claimed shot down yesterday, 13 in fights above the channel. The 13 set a daylight record for 1941.

[The Germans claimed 15 British planes were downed Wednesday night and 7 more Thursday.]

With this new toll the British claimed a total of 106 Nazi craft in the first eight days of May. It also was estimated that more than 300 German airmen either were killed or captured in that period.

The highest toll of German planes claimed by the British is that of last Sept. 15, when it was officially reported that 185 raiders were downed.

Hit Battleships Again.

In their own air offensive Wednesday night, the British described direct, armor piercing bomb bursts on the moonlit decks of the 26,000 ton German battleships Scharnhorst and Gneisenau at Brest, France. The hits were the second such claimed officially within a week.

Describing the fresh blows on the German battleships, the air ministry said "a large and brilliant explosion" resulted from one strike on the forepart of the Scharnhorst, and another burst was seen immediately forward of the Gneisenau's funnel.

"The attack was made with no less deliberation than precision. The bombs had to be dropped not only in the right place but from the right height, and the battle cruisers make a very small target when seen at the height from which a heavy armor piercing bomb will fall with enough force to penetrate specially protected decks."

Attack Submarine Base.

Other British units used the alternative method of diving rapidly so that the speed of the plane would add momentum to the bomb. The crew of one plane was said to have dived from more than 10,000 feet.

Effective attacks also were reported officially on the Nazi submarine base at St. Nazaire, France; docks at Bremen, Germany; oil refineries at Dongas at the mouth of the Loire river, France; docks and shipping at Bergen, Norway, and shipping off the Netherlands coast.

German counterblows Wednesday night, however, admittedly crippled vital British dock areas receiving American supplies at Liverpool, Bristol, and other points in the northeast and southwest.

BRITAIN TO SET UP COURTS FOR EXILED REGIMES

[Chicago Tribune Press Service.]

LONDON, May 8.—Courts for foreigners soon will be set up in this country for the first time. They will administer the laws of the countries they represent and conduct proceedings in their own languages.

Among their functions will be the enforcement of compulsory military service for citizens of the countries whose governments now are exiled in England. These countries now have no power to force their nationals to join the army.

Home Secretary Herbert Morrison has notified the house of commons that he will introduce a bill to legalize establishment of what will be known as the maritime courts.

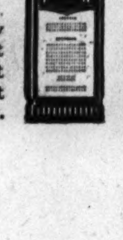
Sensational New Tonic Supplies Vital Substances
Often Lacking in Diet

ARE you one of those people who are not sick, yet seldom feel your best? Are you frequently tired and so dragged out life hardly seems worth living? Are you inclined to feel nervous and irritable; appetite poor? If the reason is that you're not getting enough iron and Vitamin B_1 and G, here's thrilling news.

One of the foremost laboratories of the country has developed a tonic called Pursin for people in such condition. A remarkable preparation which works two basic ways to help nature build up strength and energy.

First, Pursin is rich in iron. And you know how important it is for your system to get sufficient iron. Second, Pursin contains precious Vitamins B_1 and G. These vitamins help stimulate appetite—aid digestion—promote better assimilation. That's why you eat more and get more good from the foods you eat.

If you are feeling below par because your system may lack sufficient iron or Vitamins B_1 and G, do this. Go to your drug store today and ask for Pursin. Take it regularly and see if it doesn't help you feel joyfully alert again. A McKesson Product.



ACCUSE WILLKIE, F. D. R. OF DECEIT IN CONVOY FIGHT

Senators Quote Admiral Land on Sinkings.

Charter 25 U. S. Ships

Washington, D. C., May 8 [Special].—The maritime commission today approved the chartering by a group of Canadian companies of 25 coastal vessels owned by the Alcoa Steamship Co., Inc., of New York. The ships aggregate 200,000 tons. The ships are expected to continue in coastal traffic between South American and Canadian and United States ports, but the arrangement will permit shifting of other Canadian tonnage to trans-Atlantic runs, it was said.

The Alcoa Steamship company is a subsidiary of the Aluminum Company of America. The Canadian charterers include the Aluminum Company of Canada, Ltd., the Anglo-American Purchasing company, the Canadian government sugar administration, the Standard Oil Company of Venezuela, the Trinidad Oil Fields Operating company, the Lago Petroleum company, and the Creole Petroleum company. The Canadian interests will pay for the use of the vessels.

[Chicago Tribune Press Service.]

Washington, D. C., May 8.—Antiwar senators accused President Roosevelt, Wendell L. Willkie, and other interventionists of deceit and hypocrisy today as the controversy over convoying munitions shipments to England continued unabated.

They based their charge of deception upon the official reports of ship sinkings supplied yesterday by Rear Admiral Emory S. Land, chairman of the United States Maritime commission, who stood on his figures today despite efforts of interventionists to discredit them.

Admiral Land stated in a letter to Senator Arthur H. Vandenberg [R., Mich.] that only 8 out of 205 ships clearing from United States for United Kingdom ports between Dec. 30, 1940, and March 31, 1941, were reported sunk. Only four other ships sailing from United States to British ports were reported sunk up to April 30, he added. These figures exploded the argument that American naval convoying is imperative because a large proportion of the war equipment being manufactured here for England is going to the bottom of the ocean.

Figures Are Challenged.

At a closed session of the senate commerce committee, Senator Claude Pepper, the Florida flame thrower, challenged Admiral Land's figures. He left the room before the hearing was over and told reporters that Admiral Land had repudiated his figures, which were, in fact, nothing but newspaper reports. Anyway, Pepper added, Admiral Land admitted that total sinkings of British and allied shipping since March 1 had averaged 100,000 tons a week, a rate of 5,000,000 tons a year, while the combined British and American construction rate is only 2,500,000 tons a year.

Senator Vandenberg and Senator Bennett Champ Clark [D., Mo.] said Admiral Land stood upon his figures, insisting they were as complete and authentic as any information available to the government.

Senator Josiah W. Bailey [D., N. C.], an interventionist, said Admiral Land told the committee he would "stand on his report" but conceded that it covered only sinkings officially reported. Moreover, Bailey added, Admiral Land said the figure of 5,000,000 tons could not be taken as the annual rate of world sinkings since British losses during April were greatly accelerated by the "Dunkirk" withdrawal from Greece.

The commerce committee is considering a bill already passed by the house to permit the seizure and transfer to Great Britain of 83 immobilized foreign ships in American ports. Senator Charles W. Tobey [R., N. H.] will offer an amendment to this bill forbidding the use of air and naval forces for convoy service. In a speech in the senate today Tobey charged that claims that 40 per cent of shipping to Britain was being sunk was "deceit and hypocrisy."

Blasts Willkie's Appeal.

Senator Burton K. Wheeler [D., Mont.] issued a statement blasting Willkie's appeal for convoys in a New York speech last night. "The barefoot boy of Wall street," Wheeler said, "told a senate committee in February that his charge in November that President Roosevelt was on the road to war was 'just a bit of campaign oratory.' Perhaps we may thus excuse Mr. Willkie's passionate exhortation to war as further indulgence of his love for platform dive bombing.

"The record is clear, and here it is: Mr. Willkie says, 'All around us men shout peace—when there is no peace.'

"Is it wrong for 80 per cent of America to shout for peace today but right for Mr. Willkie to shout for peace just a few short months ago? Is the whole nation out of step but Willkie?"

BRITISH ESTIMATE APRIL SHIP LOSS AT 460,000 TONS

Admit Heavy Toll Taken in Mediterranean.

LONDON, May 8 (AP).—High British official sources, denying low shipping loss figures discussed yesterday in the United States senate, declared tonight that April losses were as severe "almost as in any preceding month"—thus indicating sinking of about 460,000 tons.

This interpretation was placed on the statement because previous admiralty figures have shown that the heaviest allied losses in any one month since the war began were slightly over 463,000 tons in June, 1940, which included the Dunkirk withdrawal sinkings.

Challenges Vandenberg Figures.

"The figures of sinkings of British ships given by Senator Vandenberg on the alleged authority of Admiral Emory S. Land are not as a matter of fact correct," it was stated.

The announcement said figures "shortly to be issued by the admiralty will show that, while the position in regard to the battle of the Atlantic has in the last month shown an improvement, nevertheless, because of the losses in the Mediterranean [in the withdrawal from Greece], the total tonnage at the command of the allies has suffered as severely almost as in any preceding month during the war."

Assails Information Ministry.

The ministry of information again was on the griddle in house debate when Laborite David Adams asked whether the ministry was not aware of "adverse opinion in America, from the government's refusal to publish data showing loss in the transit of war materials from America?"

Undersecretary Harold Nicholson reiterated the government's policy, of not publishing news which would "give the enemy precise facts on matters on which he can only guess."

DEBATE ON NAVY CONVOYS BY U. S. STIRS UP A ROW

New York, May 8 [Special].—Debate on the naval convoy question in Town Hall here tonight set off an audience demonstration so turbulent that for a time it appeared the "Town Meeting of the Air" program might be broken up by the bitterness of the dissension climaxed by the ejection of a woman protesting against United States war involvement.

The fireworks started shortly after John T. Flynn, economist and author, and leader of organizations combatting propaganda hysteria, began his speech opposing American naval convoys of ships to Britain.

Appearing in his capacity as chairman of the New York chapter of the America First committee, Mr. Flynn was opposed by Dr. Reinhold Niebuhr, chairman of an interventionist group known as the Union for Democratic Action and also a member of the Committee to Defend America by Aiding the Allies. Dr. Niebuhr made a fervent plea for convoys.

Flynn charged that President Roosevelt by his recently unfolded policies was moving toward abrogation of his solemn pledge that American troops never would be sent to fight abroad. He insisted America could exist, even if Hitler were victorious, rebutting Dr. Niebuhr's contention that life in a Hitler dominated world would be impossible.

PRETORIA, Union of South Africa, May 8 (AP).—Prime Minister Gen. Jan Christiaan Smuts declared in a speech today that the United States had been "roused as never before."

He predicted that before long "the United States will be 100 per cent in the war."

At another point the prime minister said:

"We are fighting to win and we are going to win"

Say U. S. Prolongs War.

BERLIN, May 9, Friday (AP).—United States interventionist policy is solely responsible for prolonging the European conflict, authorized sources asserted today on the eve of the first anniversary of Adolf Hitler's western blitz campaign which crushed France in six weeks. The foreign office mouthpiece, Deutsch Diplomatisch Politische Korrespondenz, said:

"Every one knows how the situation in England is today. Without foreign help England would be compelled to give up the fight for its imperialistic pretentions within a short time."

Call British Vote One for F. D. R.

ROME, May 8 (AP).—Italian political circles today asserted the British house of commons, counting on American intervention in the European war as the nation's last hope, had voted its confidence yesterday "not in Prime Minister Churchill but in President Roosevelt."

Stefani, official Italian news agency, said the British government had asked commons "not to say a word or make a move which could in any way make unfavorable impressions on the American people and divert them from that intervention which now is the last hope of London."

The agency declared "a wave of world imperialism is convulsing the American mind" and said President Roosevelt's enthusiasm was infecting thousands of American leaders.

No Vote from Lloyd George.

LONDON, May 8 (AP).—David Lloyd George, Britain's world war prime minister who was Winston Churchill's sharpest critic in the house of commons war debate yesterday, abstained from voting in the confidence test which Churchill won, 447 to 3, it was disclosed today.

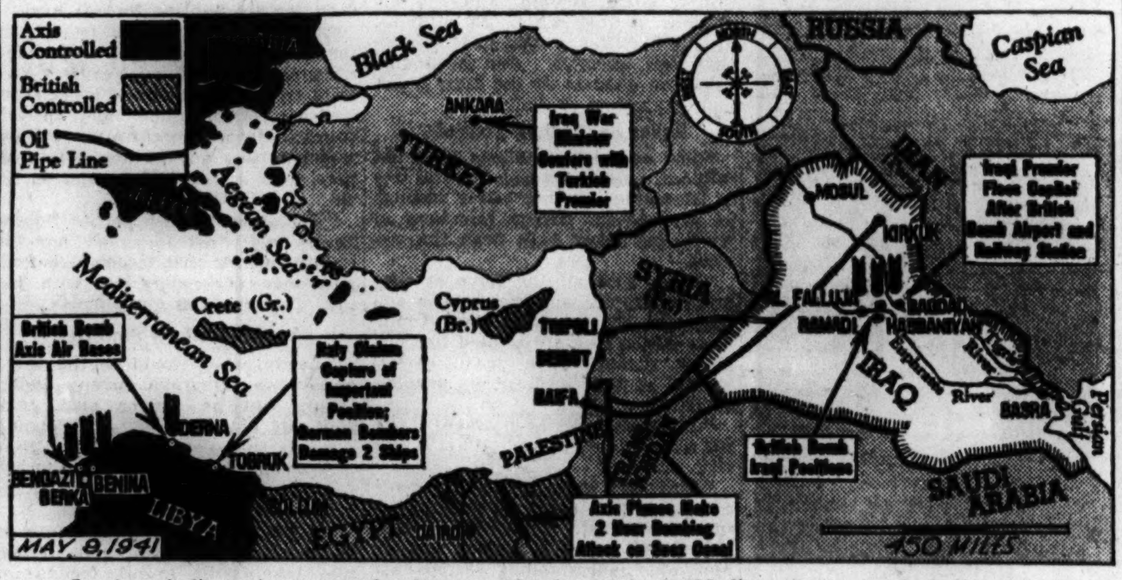
Developments in War in the Mediterranean Area

(Story on page 1.)



Captions indicate important developments in the war in the Mediterranean area, including an axis attack on the Suez canal, where railway property was damaged.

AXIS RAIDERS HIT RAIL PROPERTY IN ATTACK ON SUEZ

CAIRO, Egypt, May 8 (AP).—Axis warplanes made a two hour bombing attack on the Suez canal last night. Damage to Egyptian state railway property was acknowledged by the British.

British planes made "heavy and successful" raids on Bengazi, Barka, Benina, and Derna in Libya. In Ethiopia, the RAF bombed Gondar and Italian positions near Amba Alaji while ground forces reported "satisfactory" operations and capture of additional prisoners.

Italians Claim Gains.

ROME, May 8 (AP).—The Italian high command today announced axis forces had captured an important position before the British stronghold of Tobruk, in Libya.

Artillery Disperses British.

BERLIN, May 8 (AP).—German artillery dispersed strong British troop concentrations near Tobruk, the high command said today. German bombers damaged two British transports in the harbor at Tobruk.

ANTI-NAZI RIOT IN ROME OVER BREAD REPORTED

New York, May 8 [Special].—The University of Rome has been closed because of an anti-German demonstration by students last Tuesday over a shortage of bread, reports reaching here and Washington tonight said. A version that passed the Rome censor said 10 students were injured in clashes with police before the university was closed. This version said the students were demonstrating against a decision to advance examinations a month because those called to the colors must report June 1. The students were bitter because this might mean many would fail for lack of preparation, it was reported.

ARMY GETS NEW HAMMOND BUILT TRENCH MORTAR

(Picture on back page.)

The first 81 mm. trench mortar to come off the production line of the Pullman-Standard Car Manufacturing company plant at Hammond, Ind., was presented to the army at a brief ceremony in the plant yesterday. The mortar, designed to shoot a new type projectile shaped like an aerial bomb, is believed to be the first of its kind completed in the Chicago area.

The weapon was presented to Col. Donald Armstrong, executive officer of the Chicago ordnance district, by C. A. Liddle, president of the company. Brig. Gen. A. G. Gillespie, commander of the Watervliet arsenal at Troy, N. Y., witnessed the presentation.

Liddle said that the new mortars are now in full production. In addition, the Pullman-Standard company is manufacturing carriages for the army's new 105 mm. howitzers and tanks for the British.

CAPT. JIMMY SAYS NAZIS IN IRAQ FLY U. S. MADE PLANES

CAIRO, Egypt, May 8 (AP).—Capt. James Roosevelt tonight said that German airmen were reported flying American made planes as part of the Iraqi air force battling against Britain.

The President's son, a war observer for the United States marine corps, arrived this morning by way of Basra, Iraq, where he got his first glimpse of the war in the near east. Shots echoed in the streets of Basra during his overnight stay, but he said resistance was not serious there.

"While the British seem to have the situation well in hand, the trouble in Iraq is deep seated and is not likely to be cleaned up within the next few days," Roosevelt added.

Berlin Reports Japs Warn America Against Convoys

BERLIN, May 9, Friday (AP).—In heavy black type, the Berlin press today displayed on its front pages Japanese Foreign Minister Yosuke Matsuoka's interview with an American newspaper man in which Matsuoka was quoted as warning the United States that Japan would enter the war if American ships protecting transports of American material to England clashed with German forces. "Japan warns U. S. A." was among the headlines.

24 HOUR ARMED PATROLS GUARD KEY LAKE PORTS

Key industrial harbors of Lake Michigan are being patroled day and night by armed coast guard boats whose crews board and inspect all incoming and outgoing vessels as a precaution against subversive activities in the port areas. This was revealed yesterday by officers of the Chicago district of the coast guard.

Nine picket boats, ranging from 26 to 36 feet in length and carrying from six to eight men each, are guarding the ports of Chicago, East Chicago, the Calumet river, Gary, Milwaukee and Green Bay, it was disclosed. At a half dozen less important harbors, similar patrol duty is being performed by coast guardsmen assigned to the lifeboat stations of the respective harbors.

Serb Sailors Try to Hoist Italian Flag; 22 Seized

LISBON, Portugal, May 8 (AP).—Twenty-two crewmen of the Jugo-Slav freighter Ivan were arrested today and tentatively charged with mutiny after they attempted to hoist the Italian flag on the ship over the opposition of the captain. The arrests brought to 56 the number of Jugo-Slav seamen detained by maritime police.

HALIFAX TELLS BRITAIN'S PLAN TO BEAT HITLER

Chicago Speech Analyzes Foe's Weaknesses.

[Continued from first page.]

Envoy Speaks

Lord Halifax, British ambassador to the United States, speaking at Commercial club dinner in the Drake hotel last night.

tacles, spoke slowly, with great emphasis. He said that the smoke from Chicago's chimney stacks and the glare of the blast furnaces that he noticed from the airplane were welcome evidence of the part industry here is playing in the defense program. They reminded him of Britain's front line where his own people heroically are increasing production in the face of air bombardment.

He said that recently Britain had undergone reverses too serious to be underrated. The future causes anxiety, but the British people are more determined, resolute and confident than ever before, he asserted. But today's position is considerably brighter, he said, than that of 11 months ago when France collapsed and the British armies in Flanders lost all their equipment and barely escaped entrapment.

Recalls British Determination.

He recalled the painful wait of days and nights during that period of supreme peril to the nation. Defeat, decisive and immediate, seemed just ahead. But even then, the British people knew that tho they might die they would not surrender. The spirit was expressed in Prime Minister Churchill's words: "We shall seek no terms, we shall tolerate no parleys. We may show mercy—we shall ask none."

Those words, he said, typified British spirit today, a year later. Thanks to America's assistance, the British Isles are ready to repel invaders, and the output of war materials still rises, with the United States translating generosity and good will into sinews of war.

The balance sheet even in the Balkans is not one-sided, he vowed, altho British columns lost men and material in efforts there. Most of the men were saved and Hitler won only at greast cost where he had expected a bloodless victory.

As the war progresses Hitler finds on every front greater difficulties from lengthening communications, Lord Halifax said. He is now attacking and may go thru Spain to Portugal, for the western Mediterranean, or toward the troops of Gen. Wavell in Egypt. ' Hitler may even strike across Turkey and Syria, or perhaps with characteristic violation of promises against the rich fields of the Russian Ukraine and the oil fields of Baku.

"We cannot tell where Hitler will strike but this much is certain: Wherever he deploys his army and whatever his success—unless and until he can sap the might of Britain—he still be faced with sea power and industrial power. Ultimately they will have the last word," Lord Halifax asserted.

"Joint operation of these two forces means first of all a steady deprivation for Germany of many things vital to her war effort. She started with complete stocks, but these are now well depleted. We can prevent their replenishment, and the machine of economic life gradually must run down.

"Secondly, industrial power—yours and ours—steadily is righting the adverse balance in all types of military equipment with which we started the war. We gradually will achieve equality and finally superiority in the vital instruments, which are ships, tanks, and airplanes.

Relies on Free Principles.

"But besides industrial power, which will forge the tools, and sea power, which will carry them to the job, there is another element. That is the will power of all peoples accustomed and determined to be free.

"Germany has trampled on the bodies of many nations, but she has not killed their souls. Every day their loathing for Hitler grows. Look at the population figures and you see the problem he faces.

"The two Axis powers have 130 million people. One-third of these, the 45 million Italians, are the junior partner's share, and they have shown no particular stomach for the fight.

"Against this total the United States, Great Britain, and the dominions number nearly 200 millions. This is 70 millions, more or less, more than our enemies. And even this takes no account of the man power and production of India.

Relies on Victims' Hatreds.

"The occupied countries have 164 millions, sulkily waiting for the day of liberation, nursing bitter feelings of revenge for savage injustices of which too many have been the victims.

"Even with all the force at Germany's disposal, and the ruthless employment thereof with slave conditions where men are treated like machines, that situation clearly carries within it the seeds of its own destruction.

"At times it has been asked: 'Why not a negotiated peace? What is Hitler's purpose?'

"Time was when my country made every effort to reach an understanding with Hitler. These efforts continued so long as it seemed that an honorable understanding was possible. But Vienna encircled Czecho-Slovakia. Prague encircled Poland. Poland would have, as it did, made the position of Rumania impossible.

Fear World Domination.

"It became, in fact, clear that Hitler was out to dominate the world.

"This is no new ambition nor is it one that the world ever will allow. Gradually people who had been skeptical realized that. There is proof of his intentions now clear in his own writings and from his conversations with his associates, since published. The darkest passages of 'Mein Kampf' clearly represent the literal purposes of this new Napoleon.

"Consider, in this connection, Goebbels' recent pronouncement. He admits that the German general staff has examined the question of invading North America, but has found it at present impracticable.

"This is, no doubt, reassuring to some sections of United States opinion that have always maintained this to be the fact. But even more significant is the fact that the Germans have methodically explored ways and means for the invasion of this continent at all. And the only objection to this 'that they found is that it was not practicable.'

Future Perils Uncertain.

"Perhaps you will accept the verdict of the German general staff today. But what is not feasible at one time—who will limit the range of bombers in five years—becomes feasible at another. Moreover, the general staff is silent on the question of South America.

"The inevitable conclusion is that Hitler's purpose is to master the world—an evil thing both in material and spiritual considerations. If we cannot destroy it, it will certainly destroy us.

"Now for the consideration of the issues: We are fighting to preserve our own freedom; to right a long chapter of wrongs inflicted on small and almost defenseless states, and for us, since life without freedom is dead, we are fighting for our lives.

"Because these things mean just the same to you, we look to you for comprehension of our cause. You want to keep freedom of conscience, freedom of judgment and speech, freedom from concentration camps, freedom from all the bestiality that goes with secret police. And so do we.

"The great Scottish patriot Robert Bruce said: 'not for glory nor for wealth but for that freedom that no good man surrenders but with his life.' That explains our purpose.

Doubts Hitler's Sincerity.

"Lastly, what would be the value of Hitler's autograph on any undertaking that he might give? Ask Holland? Ask Norway? Ask Poland? Ask Marshal Petain whether Hitler is observing his own armistice terms. Ask any of those who have had experience of dealing with him.

"A man may be deceived once or twice without discredit and, indeed, may take credit to his feelings of generosity and trust. But no man can so disregard interests of which he is the trustee as to sign them away on the strength of a guarantee from a convicted liar.

"We know that no peace made with Hitler and his gang would be a real peace. It could only be an uncertain and precarious armistice while he made new preparations to destroy us.

"Just as in man's struggle against disease there can be no truce, so from this fight there can be no inconclusive issue, and therefore the British people have no use for proposals of this sort. They want to build something after this war that will endure.

First Aim Is Victory.

"What have we to offer? Frankly, we can offer no blueprint. We can make no promise of immediate reign of sweetness and light. Our task is harder than the enemy's since it is based on consent and not on dictation. When the hands of the enemy have been removed from our throats we shall have more time, but today our first aim is to win.

"Yet even in this moment of stress, we are looking forward; we are thinking today in terms of freedom rather than frontiers, of the restoration of the worth and welfare of the common man rather than of political agreements. We are seeking to insure the freedom of the individual against enslavement.

Defines New Order's Ends.

"These are the basic principles on which we are determined that any peace settlement must be founded. The new world comity of nations—the detailed form of which must await discussion in free council by those concerned—must achieve three ends if it is to have any chance of success.

"First, a system of security which will insure national stability; secondly, a system of economic collaboration in place of economic conflict between free peoples; thirdly, a system of ordered change in the relationship between states which will restore confidence in the integrity of the word of nations.

"We know that none of that is possible with the Nazis and that the world can never breathe securely until the Nazi system is done away with. To suppose that you or we could exist, continuing to enjoy our way of life alongside of Europe completely regimented and controled by Nazis, is like thinking that half a man's body can survive while the other half slowly is dying of paralysis.

"And just as it would not be possible to do this with the Nazis, so is it impossible to do it without the United States. If this new world order is to be built, the British commonwealth must join with the United States with all their youth, enthusiasm and strength to build.

Envisions New Community.

"Among the many differences which distinguish this war from the last, not the least is the state of mind of the British nation. No one today, I make bold to say, is expecting as many expected between 1914 and 1918 to get back to a prewar state of things once it is over.

"Today the British people realize by the terrific ordeal they have undergone that this war is their war. A new order is on the march in my country, a new order of which Hitler could not conceive. It is born of common peril, common suffering, common feeling and common friendliness.

"It is born in the air raid shelters and among the auxiliary services and in the fighting squadrons of the RAF. The flame of our common effort has burned away barriers and has left us a united people, living in a single equality of danger. We are united as never before, and we shall bring the same spirit of unity into the business of peace as we have done into that of war.

Confident of Victory.

"In the meantime, above and beyond all the suffering and tragedy, we count it a privilege to be the spearhead of defense in a war on which the future of the world depends.

"I have tried to give you a picture of what the British people feel and why they feel it. The way will be hard; maybe long. We shall have many disappointments and many sorrows. But completely convinced that the large and finally decisive factors are on our side and provided we hold firm as we shall, and provided you help us as you will, I am completely confident that we can bring our common cause to victory."

Lord and Lady Halifax with six aides left Chicago aboard a midnight Milwaukee road train for Minneapolis. They will return here Saturday.

LADY HALIFAX HAS A BUSY 10 HOURS IN CITY

Party Returns Tomorrow to Resume Visit.

BY INDIA MOFFETT.

The 10 hours that Lady Halifax spent in Chicago yesterday were filled with activity, and when at midnight she got into the sleeper that took her and her husband, the British ambassador, and their party to Minneapolis, Minn., she must have felt that she had had just as busy a day as the sort she described in a press conference as being the ordinary, normal day of every Englishwoman nowadays.

The climax of her first day in Chicago—she will return tomorrow for a two day visit—was listening to her husband address members of the Commercial club.

Arrive by Plane.

The airplane that brought the English visitors to Chicago did not arrive until 2 p. m., but it was almost 4 when they arrived at the Drake hotel for a late luncheon, or early tea, for an impromptu press conference was arrranged at the airport.

The conference with the press was resumed later in the afternoon at the hotel. Last night while her husband was at the Commercial club dinner in the Drake Lady Halifax was entertained at dinner by Mrs. Patrick A. Valentine in her apartment at 209 Lake Shore drive. Mrs. Valentine, who invited 14 well known Chicago women to meet the English guest, herself had never met Lady Halifax before.

The Chicago guests were Mrs. Potter Palmer, Mrs. William R. Odell, Mrs. Ralph H. James, Mrs. E. Harris Brewer, Mrs. John Alden Carpenter, Mrs. Philip D. Armour III., Mrs. Charles F. Glore, Mrs. Richardson Dunham, Mrs. James C. Cathcart, Mrs. James C. Hutchins, Mrs. Laurence Robbins, Mrs. Richard T. Crane, Mrs. C. Morse Ely, and Mrs. D. Mark Cummings. Miss Craig McGeachy of the British embassy in Washington, D. C., completed the party. After dinner the women went to the Drake, where they sat in the balcony and heard the ambassador's speech.

Party to Return Tomorrow.

Lord and Lady Halifax, Miss McGeachy, and Charles Peake of the British foreign office went on to Minneapolis last night, but they and Rene MacColl, Lord Halifax's aid, who preceded the party west, will return to Chicago tomorrow morning.

Lady Halifax, a slight and utterly feminine figure, with gray curls, gray eyes, and deeply dimpled cheeks, discussed Britain's war situation. When some one praised the English courage she replied:

"It's nothing. Every one is so busy doing what has to be done, living from day to day.

"After the war there will be more of a unity of classes. Already we are seeing it in England. Conditions of living, of housing, and of education are improving even now. There are more social service workers, more public welfare nurses, and every one is working together with wonderful spirit."

Lady Halifax, daughter of the earl of Onslow, has three sons in the army, a daughter in India, and three grandchildren in England.

She wore a simple traveling outfit. It consisted of a navy blue and white printed silk gown in a small leaf design, a small blue rough straw sailor with red poppies at the front, a blue envelope handbag, beige cotton gloves, and mended silk stockings of the same shade. Her gown was held at the neck by a small diamond pin, and a single strand of pearls circled her neck. Two tiny blue ribbon bows peeped from under her hat in front, and two blue ribbon streamers hung at the back. She wore dark blue pumps.

Before accompanying Lord Halifax to America Lady Halifax was president of the war emergency committee of the Young Women's Christian association, a post now held by Mrs. Winston Churchill.

Tomorrow morning Lady Halifax will visit the Chicago workrooms of the British War Relief Society and Bundles for Britain.

After attending a luncheon at the Chicago Woman's club given by seven women's organizations, Lady Halifax will visit Hull House while her husband is attending the baseball game between the White Sox and the Tigers. Tomorrow afternoon the English-Speaking union is giving a reception and tea for the visitors at the Casino. Tomorrow night they will dine quietly with the John Alden Carpenters.

Sunday morning Lord and Lady Halifax will attend the 11 o'clock service at St. James' Episcopal church, where Lewis Bernays, the British consul general, worships regularly. Mr. Bernays will give a small luncheon at the Tavern club after church. That afternoon after visiting the Chicago Historical society the party will motor to Lake Forest to have tea with the William McCormick Blairs. Sunday night the visitors will leave for Kansas City, Mo.

MOSCOW DENIES TROOPS MASS ON GERMAN BORDER

Call Such Reports 'Sick Imagination.'

MOSCOW, May 8 (AP).—Soviet Russia is not concentrating her armed strength on her German frontier and has no intention of doing so, it was announced officially tonight.

This denial of persistent foreign reports of a shifting of Russia's land-sea-air striking power from east to west was emphatic and detailed.

Made public thru Tass, the Soviet news agency, it denied specifically that the U. S. S. R. was massing Siberian troops and 2,700 planes in the Kiev military district, which includes the Ukraine, that naval forces were being shifted south from the Baltic to the Caspian and Black seas, and that the Kremlin was dickering with Iran [Persia] for the use of air bases in that country, which borders on Iraq.

Call Denials Important.

The Tass communique said that Navy Commissar Fedor Kuznetsov, who in foreign dispatches was reported to be conducting the negotiations in Teheran, actually was in Moscow.

One Division Transferred.

The only troop movements recently effected involved, it was emphasized, the transfer of one infantry division from Irkutsk to Novosibirsk—both in central Siberia—and this was only for the purpose of improving the housing of the troops.

Particular scorn was directed at reports to the effect that passenger traffic along the Siberian railway had been suspended to make room for vast troop movements westward.

Tass went on to say that "no submarines or destroyers from the Baltic fleet have been or are being transferred to the Caspian or Black sea, no 'concentration of large military forces' upon the western frontiers of the U. S. S. R. is taking place or is contemplated."

Foreign observers here attached particular importance to the categorical denial that any concentration of large forces in the west "is taking place or is contemplated."

Every man's a "General" in this Army...

Maybe you don't know a howitzer from a mess kit. But it's a cinch you can spot a Division Commander clear across the parade grounds—*by the cut and fit of his clothes!* "Buck" privates, at only ten paces, look like peas in pod—even to their best gals. *It's the same in every-day life!* Who wants to be a "buck"—when it's just as easy to look like a "General"? A few minutes at Bond's will show you the difference. For one thing, the difference between *Rochester tailoring* and the ordinary kind. Those smooth broad shoulders, that soft easy drape, and the smart flat-hipped fit of your *Bond* suit carry an air of importance. *And mighty flattering, too!* What's more, Bond's exclusive custom-styled fabrics quietly set you apart from the crowd—a compliment to your good taste. They tell us even our prices rate a 21 gun salute. *Do you wonder Bond's "army" of boosters is the largest in America?* March in, and see why, *today or tomorrow!*

SPRING ENTRUSTS HER LILAC GIFTS TO EAGER HANDS

And Faces That Long for Cheer Shine Joyously.

BY RITA FITZPATRICK.

There was no rest period in the children's wards at County hospital yesterday. There was too much excitement. Spring had come indoors in carloads of full-blown lilac blossoms that ranged from warm purple to pristine white. They were a part of the thousands of bouquets distributed in the 13th annual "Share Your Lilacs" campaign.

Young eyes, which had been lulled to drowsiness by the dreary drip of a cold May rain on the window sill, suddenly popped open in wonder.

"Gimme one, please," said a bright-eyed boy of 10. He buried his nose deep in the flower and looked up with importance. "You know I used to water these things at the Martha Washington Home for Crippled Children. We had lots of them there, but I haven't seen any for a long time."

"My mother's coming Sunday 'cause it's Mother's day," ventured a thin, black-haired girl of 11 who was propped up in bed, a broken arm in a sling. "Could I keep a flower to give her?"

Another little girl of 9 in the next bed suddenly said quietly, "My mother is dead. But these remind me of her. She used to wear some perfume that smelled just like them." As the nurse turned away, the little girl quickly took two flowers from the vase and placed them under her pillow.

Lilacs for the Blind.

BY MILDRED WILDS.

Spring came to the Chicago Lighthouse for the Blind in the perfume of a bundle of lilacs. In the brick factory building at 3323 Cermak road a row of men silently weaving baskets stopped their work, held out their hands, and tenderly touched the blossoms still damp with rain.

In one corner, all alone, sat a white haired man inspecting reeds with his fingers. A lilac bouquet was placed at his elbow. He buried his face in the blossoms and slowly began to smile.

Miss Elizabeth Mason, assistant director, explained, "He is our master weaver. You see, he used to have a shop of his own. One day there was a holdup, and an impatient burglar struck him in the face. Since that day he has been blind."

The weaver was eager to touch the flowers he remembered. He pressed the leaves between his fingers and murmured, "Thanks."

"Mother's Day Manna."

BY IRENE STEYSKAL.

For all the grayness outdoors, it was a grand day of blossoming smiles in St. Luke's hospital as the perfume of lilacs spread thru the long, cleanly gleaming corridors and down the aisles of white beds in the larger wards.

"My goodness me," exclaimed one wistful, blue eyed old lady, "we used to have a great bunch of lilacs like these and a white cherry tree in our front yard when I was a little girl back in Maine. I can just see us now, my brother and me, him sitting crosslegged under the lilac and me under the cherry boughs, both of us looking up to watch and smell, and smell, as the petals drifted down. We played they were manna falling down from heaven, like in the Bible story.

"I haven't my children any more, so I wasn't thinking much about Mother's day. But now these flowers seem sort of like Mother's day manna."

A Flower Fairyland.

BY MARTHA MURPHY.

"Can I really keep the flowers?" asked Donald Schrishuhn, a 4 year old patient in the Children's Memorial hospital, 707 Fullerton avenue, as a nurse carried in an armful of lilacs. Assured that he could, he filled a tiny Easter bunny wagon with the blooms and then pushed it up and down the bed.

Brown-eyed Donald is the son of Mr. and Mrs. Donald Schrishuhn of Chestnut, Ill. He has been a patient in the hospital for two years and is being treated for an infection of the vocal chords.

The flowers arrived during nap time at the hospital. When the tiny patients awoke they found their rooms transformed into fairylands—almost as if Santa Claus had made a spring visit while they were sleeping.

Flowers Become a Reality.

BY JUANITA DALY.

Sixty youngsters in the Shriners Hospital for Crippled Children, 2211 Oak Park avenue, some on crutches, others in wheel chairs, many with plaster casts on their arms or legs, can look out the windows and see bright flowers on the beautifully landscaped grounds. But not many of them are able to go out to touch them or smell them.

Yesterday they learned about the beauty of lilacs and the fragrance of their blooms first hand. They got to talk about them, to learn the name "lilac" instead of just "pretty flower," and to play with the delicate blooms placed in their wards thru the lilac day campaign.

What One Bouquet Did.

BY GLADYS PRIDDY.

A single cone of lilac blossoms is a small gift indeed compared with the scores of abundant bouquets that arrived yesterday morning on the lilac trains. Yet that one cone, given to a little Negro boy in the Women's and Children's hospital at 1606 Maypole avenue was the difference between tears and smiles, between restlessness and sudden contentment as the toddler fondled the flower and sniffed its fragrance.

And then there was Gloria, a 2 year old patient in the Women's and Children's ward for very little people. Standing against her crib rail, she held a lilac in each thin little hand. Her brown eyes sparkled as she turned to smile first at one flower and then at the other.

Just in Time for Party.

BY YVONNE CROWLEY.

A gala afternoon party at the University of Chicago Settlement, 4630 McDowell avenue, was given a special atmosphere yesterday when the huge bouquets of lilacs arrived. Several of the elderly guests who were just arriving expressed their pleasure with admiring eyes.

Miss Marguerite Sylla, in charge of the settlement, explained that the party was held to entertain residents of the neighborhood who are receiving old age assistance. Special care was taken in handling the blossoms to keep them fresh and beautiful for another party on Mother's day.

A Class Is Interrupted.

BY ANGELA PETESCH.

When the lilacs came to the Edmund Burke School for Colored Children, South Park way and 56th street, the little boys and girls in class 1B interrupted their practice reading in order to pose, their arms heavy with lilacs, for the Tribune photographer.

Two tiny pupils, Jessie Williams and Albert Hill, flanked by flowers, sat side by side on the playroom table with the alphabet chart as a background and grinned shyly as their pictures were taken. With the noisy encouragement of their classmates, the grins widened to bright smiles.

Scenes from a Record Day of Lilac Distribution to Shut-ins—Hospital Rooms Filled with Cheer

(Stories on page 1 and in adjoining column.)

Matron Mary Cremér of Aurora-Elgin railroad station holding lilacs brought in and left with her by donor on first 1941 "Share Your Lilacs" day, sponsored by Chicago Plant, Flower, and Fruit guild and The Chicago Tribune.

Stanley Jarolim, master weaver at Chicago Lighthouse for the Blind, 3323 Cermak road, enjoying fragrance of lilacs.

G. T. Bailey of Warrenville carried lilacs in one hand and his lunch pail in the other as he arrived at the station yesterday on way to work.

Billy Ann Pennington, 7520 Phillips avenue, with some of lilacs which arrived from southern suburbs at the Illinois Central station.

Blossom Blake, a patient in St. Luke's hospital, with blooms left with her on Lilac day.

Toni Magers handing lilacs to Collector Al Waters of the North Western railroad.

Gloria, 2½ years old, a patient in Women's and Children's hospital, who enjoyed lilacs.

Stanton wanted the lilacs in his bed at the Women's and Children's hospital.

Earl Hall, only 6 days old, poses with blossoms delivered by Tribune to Women's and Children's hospital at Ashland and Maypole avenues.

SENTENCE BRITISH 'TRAITOR' TO DIE AT 1 DAY TRIAL

LONDON, May 8 (AP).—A 38 year old engineer, George Johnson Armstrong, was sentenced to death today on a charge of treason after a one day secret trial. He was held for trial two months ago.

Sentence Rome Defeatist.

ROME, May 8 (AP).—A special tribunal today sentenced Luigi Ciollaro, convicted of political defeatism in writing a letter signed by "a high military authority," to nine years' imprisonment with a year of detention in an asylum. The court found Ciollaro was mentally deficient.

A co-defendant, Umberto Nencioni, was convicted of composing the letter from notes taken from "the enemy radio" and was sentenced to six and one half years imprisonment.

Lake Shore Drive Bandit Seizes Auto from Girl, 20

Miss Angie Jacobs, 20 years old, 1106 Lake Shore drive, last night was robbed of an automobile by a gunman who entered the car at Elm street and Lake Shore drive as she was parking. The bandit drove into Cedar street, forcing Miss Jacobs out in front of 70 East Cedar when he found she had no money. Then he drove away. The automobile is owned by Miss Jacobs' fiancé, John Wilkinson, 7216 South Shore drive.

ADMITS SETTING $50,000 FIRE TO GAIN REVENGE

James Frazier, 19 years old, of 1060 Maxwell street, colored, last night confessed setting a fire which on April 2 caused $50,000 damage at the Western Broom works, 1040 West 13th street. Frazier, a former handy man, who had been discharged, admitted that his motive was revenge.

Frazier was arrested in his home Wednesday after a business man told police Frazier, refused a job, had threatened: "I'll fix you like I did Bloom." [Phillip Bloom, 4356 Gladys avenue, is part owner of the broom concern.]

The confession was made to Lieut. Lou Capparelli of the Maxwell street police, Fire Attorney Earle Downes, and Assistant State's Attorney Irwin Clorfene.

NAZIS FORBID USE OF IRON OR STEEL IN 1,000 ARTICLES

BERLIN, May 8 (AP).—The use of iron or steel in the manufacture of frying pans, mouse traps, vacuum cleaners, electric razors, and more than 1,000 other articles has been forbidden by a decree effective May 12.

The sale or purchase of such articles if they contain iron or steel also was made punishable under the decree published today. The list included office furniture, cigar lighters, crucifixes, ash trays, mail boxes, coffee grinders and snuff boxes.

PHIL LA FOLLETTE ASKS RENEWAL OF 'NO WAR' PLEDGES

Calls on President to Give Nation a Statement.

Former Gov. Phil La Follette of Wisconsin last night called upon President Roosevelt to make a "forthright announcement to the American and British people" that his preelection public promises to keep the United States out of war will be kept. La Follette spoke before 1,000 persons in the Hinsdale High school at a meeting sponsored by the Hinsdale chapter of the America First committee.

In addition to asking the President to renew his "no war" pledge, La Follette urged Mr. Roosevelt to ask for the resignations of the "swivel chair colonels who are pressing him to break that pledge."

Cites Last War's Results.

"America can strike a blow for the four freedoms," the former governor said, "but not by fighting in Europe's wars. We did that before—at a cost of 50 billion dollars and the enmity of all of Europe's nations.

"I hate dictatorships. I've seen them in Italy, Russia, and Germany. But we can blast Hitler's philosophy to bits and give the four freedoms back to the world by setting an example in the United States.

"The fight between us [the America First committee] and the war party is a fight between tomorrow and yesterday. The war party wants to fight to save yesterday. But yesterday is gone. We must build for tomorrow—the kind of tomorrow we, as Americans, can make it."

Reviews Steps Toward War.

Reviewing the nation's progressive steps toward war taken in the last 18 months—neutrality, then aid short of war, aid regardless of the consequences, and finally the lease-lend act—La Follette asserted that each of these steps had been labeled by the "war party" as a move toward peace.

"Imagine what this argument, coupled with these acts, must have done to the confidence which young American men and women hold in our form of society," said La Follette.

"What we need most today is courage. The fight to keep this country out of war is not over, as some would have you believe. President Roosevelt has a keen ear for public opinion. If you want to keep America out of this war, send the President a telegram telling him so."

Dr. O'Brien Addresses Rally.

The Rev. Dr. John A. O'Brien, professor in the graduate school of Notre Dame university, spoke last night at a rally sponored by the America First committee in the high school building in Arlington Heights.

"President Roosevelt often has held up to the dictatorships of Germany and Italy the example of America, where the will of the people prevails," Dr. O'Brien said. "But how will we differ from those dictatorships if the President drags the nation, against the wishes of 83 per cent of its people, into a war which will be national suicide?

"The battle for peace is not yet lost. I ask the American people to send a hundred million telegrams and letters to the President and congress demanding that they abandon any thought of convoys, that they discontinue patrols, and that they halt the suicidal pull toward war. If the American people will act quickly and vigorously they can save the lives of millions of our boys and save America itself."

The audience at the Arlington Heights meeting voted unanimously to send telegrams to the house and senate urging immediate passage of the Tobey anticonvoy measure. They also agreed to write letters to President Roosevelt, asking that he avoid any provocative act which might lead to war. More than 1,000 persons were present.

O. K. LEGISLATION FOR 58 MORE U. S. AUXILIARY SHIPS

Washington, D. C., May 8 (AP).—The house naval committee recommended legislation today to authorize the navy to acquire 58 additional fleet auxiliary vessels at a cost of approximately 350 million dollars. The bill represented an increase of 33 ships beyond what the navy requested when the legislation was introduced early in March.

Rear Admiral Samuel M. Robinson, chief of the bureau of ships, testified he had been instructed by Admiral Harold R. Stark, chief of naval operations, to ask that the measure be amended to authorize acquisition of 550,000 tons of additional auxiliaries instead of the 200,000 tons originally requested. Robinson said rapid developments which could not be foreseen made necessary the increase.

WOLL PLEDGES AFL SUPPORT OF ENGLAND'S FIGHT

Unremitting support by the American Federation of Labor for England's fight against the totalitarian scourge, was pledged yesterday by Matthew Woll, vice president of the AFL, in a talk before the Workmen's Circle national convention in the Morrison hotel.

"All the liberties we Americans hold dear are in peril, and the defeatist talk by the Lindberghs of this country only serves to encourage Germany in its fight for world domination," Woll asserted.

Infectious Dandruff 76% IMPROVED in clinical test

Such a delightful, easy, stimulating treatment! Just douse Listerine Antiseptic on the scalp, morning and night, and follow with vigorous and persistent massage.

Listerine, the same germicide which has been famous for more than 50 years as an antiseptic gargle, kills millions of germs on scalp and hair, including Pityrosporum Ovale recognized by outstanding specialists as a causative agent of infectious-type dandruff.

7 out of every 10!

This germ-killing action, we believe, helps to explain why, in a clinical test, 76% of dandruff sufferers—7 out of every 10!—showed either complete disappearance of or marked improvement in the symptoms of dandruff within a month.

LISTERINE the delightful treatment

OCCUPIED FRANCE 'INDIFFERENT' TO GERMAN TROOPS

Dignity Marks Life Under Difficult Conditions.

BY DAVID DARRAH.
[Chicago Tribune Press Service.]

VICHY, France, May 8.—Relations between the French and German peoples, as distinct from the political negotiations between the governments, are considered highly significant at this stage of developments.

According to German sources here, the French in occupied France were almost pro-German after Dunkirk because of their animosity over the alleged mistreatment and abuse of the French by the British during that episode.

At the beginning of the occupation the Germans were mostly in contact with French peasants and lower classes and "collaboration" was frank and decisive. There were almost no incidents during the early days between the French and the German occupying forces.

Animosity Increases.

But by the end of July, 1940, when middle class people who had fled south to escape the occupation had returned to their homes, the situation changed and animosity against the Germans increased. Propaganda against the Germans developed and was inflamed by the De Gaullists [of Gen. Charles de Gaulle's "Free French" movement] and the English radio.

The lack of incidents between the populace and the German troops which characterized the first few months changed into clashes culminating in Armistice day conflicts between students and German soldiers. All this was attributed to repatriation of middle class refugees.

The Germans introduced the secret police organization into the occupied zone, and this served to make the French attitude more hostile, but on the whole the Germans have allowed the French to think what they like and have only acted with severity when animosity was considered a menace to the German soldiery. Only grave cases have been punished.

There's Little Sabotage.

Cases of sabotage have been rare. In general, conquered and conqueror have lived side by side with dignity and a certain amount of indifference. The way the country has picked itself up after the disastrous defeat is remarkable.

There is a general undercurrent of feeling that some new life or new way of living is going to come out of it all, but no one knows what it will be.

Say Armistice Must Be Changed.

VICHY, France, May 8 (AP).—The German-French armistice must be modified, the French said today, because of "the dragging out of the war."

The nature of the suggested modification was not disclosed. Various unconfirmed reports of German demands on the Vichy government have included passage for German troops thru the unoccupied zone, naval bases on the Mediterranean, and axis leeway in French North Africa.

Vice Premier Admiral Jean Darlan returned today from a Paris conference at which he reached an agreement with Germany easing restrictions between occupied and unoccupied zones and "envisaging" a 100 million franc reduction in the daily 400 million franc payment to the German army of occupation [from 8 million dollars to 6 million dollars].

Further Collaboration.

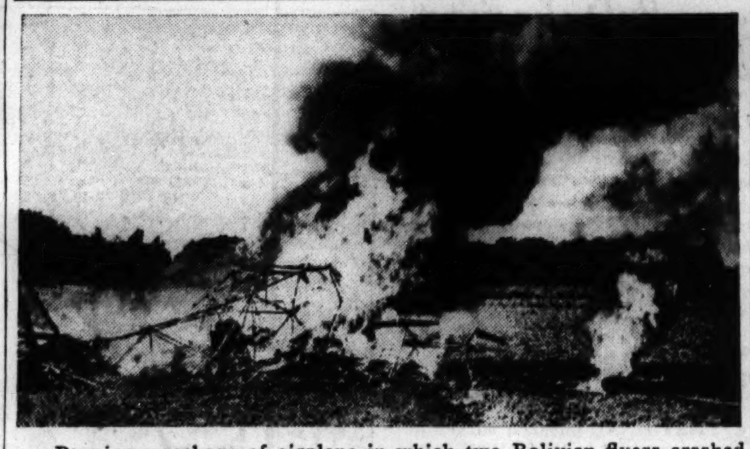
In return for these concessions France would collaborate further with Germany in an undisclosed manner.

Shortly after Darlan's return, a French spokesman gave to French newspaper men this outline for "possible articles" about the Darlan negotiations:

"Admiral Darlan returned to Vichy this morning. Negotiations which were undertaken constitute the first positive results since the armistice.

"Negotiations still are going on. The results obtained constitute the first lap, and it can be remarked that in view of the dragging out of the war, certain parts of the armistice convention must be modified in a spirit of mutual understanding."

Plane in Which Bolivians Crashed



Burning wreckage of airplane in which two Bolivian flyers crashed on takeoff from airport at Washington yesterday. [TRIBUNE Photo.]

Falls 100 Feet

Washington, D. C., May 8 (AP).—Capt. Rafael Suarez Rivas, crack Bolivian military pilot, was killed when a newly purchased cabin plane crashed and burned on a take-off here today. Capt. Alberto Taborga, co-pilot and military aide to President Enrique Penaranda of Bolivia, miraculously escaped with serious head injuries.

Taborga and Rivas, both about 30, were on a good will flight from New York to La Paz, the Bolivian capital. They took off from Floyd Bennett field in Brooklyn about noon and stopped here to refuel.

Dr. Luis Fernando Guachalla, the Bolivian minister, and two members of his staff who had greeted the aviators at the Washington airport, watched the shiny white biplane start down the runway, rise rather hesitantly to 100 feet, then falter and crash. A few seconds later the wreckage was enveloped in flames.

FAIL TO REVIVE HEART VICTIM.
Despite efforts of an inhalator squad, Aaron Rosenberg, 66 years old, of 1347 South Avers avenue, a retired business man, died in his home yesterday after a heart attack.

NAZI DOCUMENTS SHOW TYRANNY IN NORWAY: LONDON

Publish 'Secret' Papers Seized in Raid.

LONDON, May 8 (AP).—The British government published today what it called "secret German documents" seized in the March 4 raid on the Lofoten Islands off Norway and called them a "picture of calculated tyranny" and "evidence of frank recognition of the extent of active Norwegian opposition" to German rule.

The translation of a document described as a communication from the German military commander in Norway to all officers of the rank of local commander or above, said:

"With the exception of the Nasjonal Samling party [Norwegian Nazi party led by Vidkun Quisling] all other organizations and parties, and particularly the representatives of big business and industrials, remain now as before, pro-English and consequently anti-German."

Must Publish Nazi News.

It ordered military authorities to support civilian authorities [under the control of Quisling] and asserted, "the civilian forces available for the supervision and control of the country are not sufficient for the exercise of governmental authority."

Another purported order was that the Norwegian press must "publish only such news as is designed to further, or at least not hinder, the policy of the German reich" and that "German and Italian official communiques must be published daily," with German news given preferential treatment.

Lists German Measures.

Still another document contained purported instructions prohibiting individuals from possessing wireless transmitters, listening to broadcasts from "enemy countries," playing the Norwegian national anthem in public and trafficking in arms or anti-German literature.

Examples of offenses already prosecuted in Norway by the GSP, German secret police, with the backing of the German military, were listed as:

The boycott of Germans looking for lodgings with Norwegians.

The boycott of pro-German Norwegians.

Distribution of anti-German leaflets and sending of anti-German chain letters.

Indictment of Chicagoan Reported in Housing Fraud

James M. McKinnon, 35 years old, who maintained offices at 75 East Wacker drive, was reported named yesterday by the grand jury in two true bills charging embezzlement and operation of a confidence game. Assistant State's Attorneys Vernon Thompson and James Cherry said McKinnon took $11,000 from 26 persons as down payments for homes which he was to build for them but never did.

Save Our Republic

THE CONVOY FRAUD EXPOSED.

Mr. Roosevelt, Mr. Hull, Mr. Stimson, Mr. Knox, and Mr. Willkie will have some difficulty in renewing their demand for convoys with Admiral Land's report on merchant ship losses staring them in the face. They have been spreading the report that 40 per cent of the war material produced for Great Britain has found its resting place on the bottom of the ocean. They have said it was intolerable that we should make all these goods for the British—planes, tanks, and whatever their imaginations lead them to believe we are producing at the present time—and have them destroyed before they could be put to use.

They have presented a picture of the desperate emergency in which Great Britain was losing the fight on the seas and in which we were losing our liberties. They have cried to the people that we must send our warships into action or all would be lost within a short time.

Mr. Churchill says he has been promised a great deal more aid from America and expects to get it, but he doesn't say anything about going down to defeat on the sea this year or next. He said he expected ship construction to meet the needs of the empire and put it in position to strike back successfully in '43.

Mr. Roosevelt, Mr. Hull, Mr. Stimson, Mr. Knox, and Mr. Willkie are confronted with more damaging evidence against them in the letter of Admiral Land of the maritime commission to Senator Vandenberg. Admiral Land was not answering them. He was giving information to a senator who had inquired for it. From his records he reported that only eight ships clearing from American ports for British ports had been sunk in four months. That was the record up to April 30 this year. The loss in tonnage had been elsewhere.

The aggregate the world over was far below the estimates which the American alarmists have been using, and the destruction of American material bound to Great Britain from American factories out of American ports was simply negligible. At the ratio of destruction reported by Admiral Land it would seem that the British convoy system was working admirably and that the naval battle against the raiders was progressing to the entire satisfaction of the British and of the American government. The goods were not going to the bottom of the Atlantic; they were going safely across.

These figures disagree totally with everything Mr. Roosevelt and his cabinet officers have been pouring into the ears of a nation they intend to take into war with them. According to this review of facts the British navy needs no assistance from the American fleet; there is no reason to expose American warships to German submarines, cruisers, or bombers, there is no excuse for turning a war short of war into a war short of nothing. If the Roosevelt government proceeds to order the American fleet into action it will be upon false pretenses and with the obvious intention of getting a sea fight which in the expectations of the people who want that to happen will make war inevitable.

In all our history there is no precedent for this sort of thing. No American government ever before sought a war, the Mexican not excepted, by so imposing upon the credulities, fears, and intelligence of the nation it intended to stampede.

Mr. Roosevelt's intimations and innuendoes, which are rhetorically rounded out by his outspoken cabinet members, present to the people an impending catastrophe in which the British navy will be sunk or captured, Britain starved or bombed into abject surrender, and this country exposed to an onrushing tide of battleships and bombers which it will be powerless to resist.

The British themselves do not help Mr. Roosevelt out much. They speak of the war coming to its favorable decision for them two years from now. He has it coming to an unfavorable decision within the next month or so unless the American navy is engaged in warlike operations in all the seven seas.

He has just been successful in having southern and eastern congressmen in the house of representatives vote him authority to seize foreign owned ships without any restrictions as to what he will do with them. That is another act of war in any country's definition of it. Here, again, as in the case of the convoys, the facts show that no such action is required. It is merely provocative.

The intention is to get into the war and avoid the direct responsibility of answering to the American people for broken promises and unparalleled falsifications.

RUMORS MORE DAMAGING THAN THE TRUTH.

Chicagoans returning from the east and parents with sons in the navy are repeating stories about damaged British warships in eastern ports and navy yards, including in them alarming statements about the condition and morale of the crews.

Common sense indicates that the Germans have this information in exact and more or less detailed form. They have consuls in or near most of the ports where the damaged ships are said to have entered and, if information about the ships gets to citizens with no particular interest in obtaining it, it cannot be difficult for German agents to get it. It is obvious, then, that the only purpose served by the censorship in this country is to keep American people in ignorance of what is going on.

We venture to say that that objective is defeating itself. Rumors always tend to go far beyond the truth.

STALIN TAKES OVER.

Many interested people are trying to figure out just what Joseph Stalin had in mind when he stepped out as the apparent, as well as the real, despot of Russia, taking the place of Molotov at the head of the council of peoples commissars, an office which has come to be described as that of prime minister. Molotov remains commissar of foreign affairs. When he succeeded Max Litvinov in that post two years ago a complete switch in Russian foreign affairs was soon revealed. Stalin joined Hitler and set the clear track signal for the attack on Poland.

Red Josef and Herr Hitler can't have any illusions regarding each other. Each believes that perfidy is an instrumentality of government. Each recognizes that the chief purpose of the pledged word is to deceive. They can't have taken each other in altho what Hitler has granted Stalin in Poland, Rumania, and on the Baltic is small compensation for what Stalin has had done to him in the Balkans.

Ever since the exile of Trotsky and the execution of the old Bolos, Stalin as the general secretary of the party has been the ruler of soviet Russia. The fact that he did not hold a governmental office was of no importance. He got the same adulation which Hitler requires. His was the personality which was to be adored. All others were puppets. In every sense of the word they lived only as he permitted.

Nothing real has been changed by his assumption of position and title. The position was his. The use of dummies meant nothing. Events will show whether more than egotism is involved in the new move. Stalin may intend merely to be czar in his own name.

OCTOBER DAYLIGHT SAVING.

The city council followed the wishes of the majority of its constituents in voting to extend daylight saving time thru the month of October. This was demonstrated by the poll taken by Aldermen Duffy and Grealis, sponsors of the measure, showing that four-sevenths of those who responded to their query wanted the extra hours of daylight.

October is still nearly five months away. It is altogether probable that when it arrives sentiment for daylight saving during the month will be even stronger. In our more or less unpredictable Chicago climate October is normally the most enjoyable month of the year. Our spring is uncertain—not in a decade has Chicago seen one as lovely as the present one—but it is a rare year when October does not offer a spell of pleasant autumn sunshine.

Any increase of outdoor activities during that month comes at a time when it is most valuable to those who engage in them. It postpones retirement indoors for a month and during that month increases physical reserves against the illnesses of winter. In times when increasing demands are being made on the morale and physical exertion of the people this is no inconsiderable advantage.

But perhaps the most valuable effect of October daylight saving will be in the field of traffic safety. During that month the evening rush traffic will get home in daylight. When the people of Chicago come to appraise daylight saving at the end of October the statistical chances are that a dozen citizens will be alive and a hundred or so more walking the streets instead of being stretched on hospital beds because of the 28 extra hours of daylight.

Editorials of the Day

OTTO, THE WHOOPER.

[Providence Evening Bulletin.]

A little bright news occasionally seeps out of France these days. From Vichy comes word that Herr Otto Abetz, Der Fuehrer's right [and left] hand man, has caught a good case of whooping cough for himself. We can think of no one, except Goebbels, on whom we'd rather see this sudden, convulsive, distorting visitation light.

We speak with some authority on whooping cough, not only having acted in the capacity of first onlooker and second basin-bearer, but having had an uncle who once "got took" with a spasm on the apex of a very steep roof, so we've some idea about what a nice case [as the doctors say] might do to a diplomat—particularly a German diplomat who likes to have things go off smoothly.

Whooping cough never goes off smoothly. It is one of your best interrupters. You can't plan on it. You can't say: "Whooping from 3 to 5:30. No visitors." You just whoop when the spirit moves. Families in which there is a strong bond of affection drop everything at the first whoop and rush to the aid of the whooper. Of course, an old whooper like Abetz might, under ordinary circumstances, just grab hold of something and look out for himself.

But consider Otto's predicament: He's in Vichy "with portfolio." That's bad. He apparently has adenoids. He's none too sure, we understand, of his upper denture. And even under ordinary strains he is apt to become slightly cross-eyed. Under these circumstances measles, mumps, or the seven year itch would be preferable, for with these afflictions he could at least conduct himself with decorum.

But to cough, my lords, to strangulate, to shoot the upper denture, perchance to drop portfolio and whoop oneself cross-eyed! There's the respect which makes this particular calamity of such admirable proportions. Even the sycophant Laval—not to mention Darlan, old Marshal Petain, and other occupied Frenchmen—might dilute his allegiance with unseemly mirth and have difficulty signing decorously on the dotted line.

Lucky for Otto, the whooper, that he can summon the Gestapo and have amused visitors shot, tho, of course, that's no exceptional privilege of any of Hitler's emissaries.

MR. BICHLER'S "CLASSY PEOPLE."

[Milwaukee Journal.]

There is only one way for Wisconsin to draw in "classy people" for the summer vacation, according to Assemblyman Bichler of Belgium. That is to pass his race track gambling bill.

Mr. Bichler is not satisfied with the honest vacationist who comes in to spend his two weeks at a lake, to swim, fish, rest, and enjoy the northern summer. No, sir, that vacationist is just a hick, without flashy money.

Mr. Bichler wants 'em flashy—big cars, lots of money to spend, a yearning for the race track atmosphere. And to set the bait for the flashy ones he would let in the outside gamblers, to do to this state what they have done to Florida, Rhode Island, and other areas. He would let these leeches draw off the money of Wisconsin, take it elsewhere, so that, while Wisconsin people became poorer, there could be more "flashy ones" from elsewhere to come in and lord it over us.

That would please Mr. Bichler, it seems, but we do not believe it would please Wisconsin.

A LINE O' TYPE OR TWO

Hew to the Line, let the quips fall where they may. Reg. U. S. Pat. Office

IF OLD HOUSES COULD TALK.

One thing hasn't been said in favor of daylight saving and that is, it provides the Linemaster with a fine educational walk in the gloaming after dinner, studying the ruins of Chicago with the zeal of an archaeologist. The other night we undertook a survey of Dearborn street from the river to North avenue with Architect Rebori as companion, making note of no end of things:

The Richardson influence, and Victorian Gothic, and stylish ornament from the Beaux Arts school in Paris, and cast iron trimmings, and the flat where Percy Hammond used to live, and Dill Pickle alley, which used to emit more communist propaganda than any other area in town, and miscellaneous products of the building industry of 50, 60, and 70 years ago, plastered with "Rooms to Rent" signs.

The Chicago Historical society should assign motion picture camera men to such walks and thus obtain visual records of characteristic sections of the city. There is stuff worthy of artists, too, in the old, slowly decaying residence districts if the painters of the town would snap out of their eccentric modernisms.

Consider the narrow, three story and basement houses of the middle class that were tossed up after the great fire. There are thousands of them in Chicago, all looking much alike. Family life in such homes must have had a flavor of its own, yet we have never read an American novel that dealt with it. They are rooming houses now, but once upon a time there was a great scampering of children up and down the dark staircases.

Old houses have much to tell about the American way of life—much more than the politicians.

The History of Mother's Day.

May, 1907 [second Sunday]—Miss Anna Jarvis of Philadelphia mourned the first anniversary of her mother's death and prevailed upon a church to hold special services in honor of mothers everywhere.

May, 1908—The governor of Florida issued a Mother's day proclamation.

1914—The congress of the United States passed an act designating the second Sunday in May as Mother's day and requesting the display of the American flag on all government buildings on that day.

1941—The National Committee on the Observance of Mother's Day was incorporated.

A Painting You May Remember.

"Breaking Home Ties," the painting which was the sentimental hit of the art exhibition at the world's fair of 1893, is now owned by Mrs. E. McMichael of Philadelphia. It may be hanging in Memorial hall, Fairmount park, Philadelphia; at any rate, it was there two or three years ago. A lithograph made after the picture has been in circulation; it differs from the original in several details. Daniel Catton Rich.

THIRTY YEARS AFTER.

It did not seem like thirty years ago
Since he was capped and gowned that very way;
His seat had been the third, the thirteenth row,
Because his last name started with a K;
He still recalled how Prexy looked when he
Presented his diploma; how he said,
With that strange look of deep sincerity,
"My fellow, you have splendid years ahead!"

Who said that it was thirty years since then?
Why, he was just a senior with the rest,
Congratulating Bill and Mike and Ben,
And wishing them a future of the best!
Had it been thirty years? Perhaps it had,
For some one said, "Here's my diploma, Dad."

One of the Minor Prophets.

In John Buchan's "The Three Hostages" [1924] the duke of Burminster says [page 296]:

> The next war will be a dashed unpleasant affair. So far as I can see there will be very few soldiers killed, but an enormous number of civilians. The safest place will be the front. There will be such a rush to get into the army that we will have to have conscription to make people remain in civil life. The *embusqués* will be the regulars.

PHYSICALLY HANDICAPPED CHILDREN.

A NATIONAL physical survey of every child in the United States would reveal a sorry lot of figures. Our schools are doing a commendable job but not a complete one. They are failing to solve many a problem that should be met and answered in the elementary grades.

Even partial estimates indicate that nearly six million are undernourished and anemic. This is not due to lack of food but largely because parents have failed to plan meals suited for growth. There are said to be three million boys and girls with impaired hearing. Almost without exception, this condition has come about as a sequel of neglected colds, measles, or scarlet fever. Another million possess injured hearts—the result of rheumatism, chorea, or tonsilitis.

The catalog could go on listing sight, speech, and behavior disorders, but the point is that the greater part of all deficiencies could have been prevented. It is not too late to start with the coming generation while busying ourselves with corrective remedies.

How much have these defects to do with the child's progress in school? A year ago such a study was undertaken in an eastern city and the findings are of the greatest interest to parents and teachers alike.

All youngsters who could not hear a large watch ticking at a distance of one and one-half feet were classified as substandard. Nearly 50 per cent were handicapped in this respect—at least to some extent. It was discovered that those with faulty hearing belonged in the lowest scholastic group. Those with a moderate degree did practically normal work, while those who detected every spoken word topped the list. Intelligence ratings indicated that an inferior auditory level was responsible for pupils being labeled "dull"—when they were not so at all. The victims could not "catch" all that was said.

Eighty-nine per cent of all the subjects had a fractional loss of vision in one eye. All tests were made without glasses or correction of any kind. Class averages improved greatly when proper lenses were fitted. As we would expect, the greater the number of defects, the less likely was the child to advance regularly.

Those who suffered repeated attacks of tonsilitis, who exhibited enlarged glands in the neck, or who on examination disclosed numerous organisms in the mouth were rated as to their oral hygiene — poor, fair, good, or excellent. Curiously enough, among the best students, 7 per cent showed bad throats, while 32 per cent of the good ones gave evidence of lymph tissue trouble.

These statistics run about parallel with what has been observed in other investigations—namely, that the most common childhood infection lies within the mouth or throat. We are all aware that poisons absorbed into the circulation from diseased tonsils cannot fail to injure the blood cells and steal away energy, enthusiasm, and the habit of doing each task well.

No evidence would seem to be necessary to prove that a lad who cannot read directions on the blackboard, or who goes to bed hungry, cannot carry on his studies successfully. But few of the homes represented in this series lacked sufficient edibles. In some, a well balanced diet worked a veritable transformation. Finickiness and temper frequently influence the absorption of food.

The school system—whether it be public or private—that does not have a health program falls short of a clear understanding of what we mean by education. The time to correct physical ailments is before the child reaches his 10th or 12th birthday. Perhaps father and mother need as much help as their offspring.

BODY TEMPERATURE.

Mrs. H. writes: Do children register the same body temperature as adults?

REPLY.

They respond more quickly to exercise—that is, a higher reading will be observed following hard play. Furthermore, the nervous machinery which regulates heat does not operate quite so effectively as with adults.

SINUS AND SMOKING.

J. J. J. writes: Would you advise a man with sinus trouble to cut out smoking?

REPLY.

Yes, if the infection will promise to disappear.

THE FOOD IN DIXIELAND.

Chicago, May 6.—There are increasing complaints of the quality of the food served northern soldiers in southern camps. We hear of such unfamiliar items as "grits," "treacle," "side bacon," etc. Why should our men coming from the richest agricultural area in the world be subjected to substandard southern rations? It is all very well for the army to save money by drilling northern troops on southern soil, but our provisions should follow them.

In the world war serious impairment of morale was occasioned by American troops being fed British rations such as "marmalade," "crumpets" and "tea," and it appears that our general staff is repeating this mistake.

This matter should receive the immediate attention of the Washington authorities. L. D. De Woody.

MUST NOT BREAK THIS PLEDGE.

Daytona, Fla., April 29.—I note we are now extending the Monroe Doctrine to the Red sea, which is several miles from here and not at all handy. Those who seek trouble can always find it, and this is going far afield to do so. If it is what it looks like—the indication of a promise or premise to help defend possessions in the near east for the sole proprietorship of a foreign empire [where we do not own a square rod]—we may well fear pretensions of desires for peace.

We prate of broken treaties and broken pledges. There is one, which expresses the will of an overwhelming majority of the people and pledged more than once by the heads of state, which must not be betrayed. It is the most highly valued and holy pledge made to the citizens of this democracy—namely: that our American boys will not be sent again as expeditionary forces to foreign soil to fight or be mangled or "plowed under" in lands of another hemisphere.

Whatever acts of ours ensue, such an outrage against the overwhelming majority will of the people and this solemn pledge must not come to pass, such dangerous and covertly mentioned treachery must be stamped upon. A genuine plebiscite of the nation would utterly condemn it.

This is not the last of European wars. Are we, at our own expense in blood and treasure, every quarter century going to fight the battles of a foreign empire to aggrandize its holdings or protect its domination of subject peoples gained thru former aggressions and autocratically ruled? If so, it is good-by to prosperity and the "pursuit of happiness" in the United States. No Benedict Arnold could hope for anything worse than that. A national debt of 150 billions and disruption of America's life will mark the end of American prosperity. We will prove our government the greatest wastrel of its own blood and fortunes in the history of nations!

Let us build immense and adequate home defense—permit no battleship convoys nor send the ships of our flag into such war creating pockets as the Red sea. Let us never "lease-lend" our boys.

Geo. Swinnerton Parker.

FROM PASO ROBLES CAMP.

Chicago, May 5.—Thinking many people will be interested in hearing from boys who have been drafted and who are at camps, the following excerpt is taken from a letter I just received from my brother, who is now at camp at Paso Robles, Cal.:

"This is one of those days. I'm mad at everything. It's because I'm feeling so rotten. I've got a cold and sore throat and a touch of flu. If you go to the doctors and don't land in the hospital you come back and get extra work. If you're sick enough for the hospital, which is a fever well over 100 [just a 100 fever is no good], but if not, you're well enough to drill, dig trenches, and hike. It's really terrible the medical care you get.

"Don't believe the propaganda that you've read about draftees getting this, that, and another thing. It's bunk.

"The other night a few fellows went to town to talk on the radio, sing, etc. One fellow [I talked to him later] said he was forced to say 'I like the army because it helps me with my music career.' In reality, you're so tired after working all day that the short time you do have in the evening you spend cleaning your gun, shining shoes, and taking care of your pack sack, etc.

"Army life is almost as harmful as healthy, as I try to look at it honestly—why, this all of a sudden strenuous exercise for one year and then dropping it is going to be tough on every one.

"Well, I don't know one person who likes it at all. I'd do anything to get out if I could. However, my immediate officers want war right away. The sooner the better, they say [that's the captain and our lieutenant]" . . .

FOOD AT CAMP CUSTER.

Chicago, May 3.—The food situation at Fort Custer, where our son is in training, is deplorable.

Recently they had no meat for four days, and these boys are drilling 7½ hours a day. Their mess hall and kitchen were designed for 200 men and 357 are now eating there. The kitchen equipment is inadequate for that number.

The food is always cold when it reaches them and very greasy. They do not have the cafeteria system here with steam tables for keeping the food hot. These boys have had to give up good positions to go into training at $21 a month and it seems to us the least that can be done for them is to feed them properly and try to make them comfortable.

ABUSE OF U. S. CITIZENS.

Columbia, Mo., May 4.—The recent scurrilous attacks on such men as Charles Lindbergh and Burton Wheeler, delivered by men of the prominence of Roosevelt, Knox, and Ickes, for no reason other than that Lindbergh and Wheeler consider themselves citizens of the United States rather than subjects of Great Britain, have given me what I consider to be due cause for alarm.

Do you realize that if George Washington were to deliver his farewell address over the radio today, he would be denounced by his majesty's governor of the American colonies, Franklin Roosevelt, as being a "dirty copperhead"?

AMERICA FIRST AGAIN ASKS USE OF MIAMI PARK

City Commission to Pass on Request Today.

BY SEYMOUR KORMAN.
[Chicago Tribune Press Service.]

Miami, Fla., May 8.—America First leaders today served another formal request on city authorities to remove the freedom of speech ban which thus far has been directed against Philip F. La Follette, ex-governor of Wisconsin, who is scheduled to make an antiwar address here on May 17.

L. L. Lee.

The city commissioners, who last week clamped down censorship by withholding use of public Bayfront park for the La Follette talk pending their advance approval of his manuscript, are expected to consider the new plea at their meeting tomorrow afternoon. The request today was contained in letters sent by Page Hufty, Florida state director of America First, to Mayor Alexander Orr Jr., and City Manager L. L. Lee.

Used by Interventionists.

Hufty declared that La Follette, in the exercise of his constitutional rights, would not furnish an advance text, and repeated the former governor's statement that he would talk in a cow pasture if he had to.

"The park, we know, has been used in the past by speakers for the Committee to Defend America by Aiding the Allies," Hufty wrote, "and we believe that the same courtesy should be extended to America First. Ours is a patriotic organization with the aim of keeping this country out of Europe's slaughter and we are entitled to present our viewpoint on this mighty issue to the people of Miami.

"Constitutional guarantees of freedom of speech and assembly do not require Mr. La Follette to furnish an advance copy of his speech and I am certain you will realize that."

More Recruits Enrolled.

The America First movement continued to advance here today with new enrollees appearing at the headquarters. This followed an appeal earlier in the week by Hufty to the people of Miami to protest against the suppressive action of the city commissioners.

Yesterday leading Miamians came to the aid of the committee. They included the Rev. Joseph Barth, pastor of the First Unitarian church of Miami; Prof. Henry Gregor of the department of music at the University of Miami and John McKay Jr., a socially prominent young lawyer. McKay was named chairman of the Miami chapter.

SAVE OUR SONS! IT'S MOTHER DAY CARD FOR F. D. R.!

America First Women Cite Anti-War Vow.

Oversized Mother's day post cards reminding President Roosevelt of one of his campaign promises against involving this country in a foreign war were sent yesterday by the Chicago chapter of the America First committee to the President and eight members of his inner circle. Here is a photograph of the card:

> **MOTHER'S DAY**
> **1941**
>
> **"And while I am talking to you, fathers and mothers, I give you one more assurance. I have said this before, but I shall say it again, and again, and again, your boys are not going to be sent into any foreign wars."**
>
> **FRANKLIN DELANO ROOSEVELT**
> Boston, Oct. 30, 1940

The quotation is from a speech made by Mr. Roosevelt at the height of his drive for a third term. He had been forced to discard his pose of not campaigning actively for reëlection, America First officials recalled yesterday, to make the speaking tour designed to offset Republican gains made on an antiwar platform.

Stimson Among Recipients.

The cards, 18 by 24 inches, were sent to Secretary of State Cordell Hull, Secretary of Navy Frank Knox, Secretary of War Henry Stimson, Wendell L. Willkie, Senators Claude Pepper [D., Fla.] and Scott Lucas [D., Ill.]; Clarence A. Dykstra, national director of selective service, and James B. Conant, president of Harvard university.

The America First committee also announced yesterday that nearly 75,000 leaflets have been distributed by more than 700 chapters to mothers thruout the country urging them to register at the White House on Mother's day their protests against convoys and involvement of this country in Great Britain's war on Nazi Germany.

The committee's goal is to have a million protest letters and telegrams delivered to Mr. Roosevelt on Sunday, said R. Douglas Stuart Jr., national director, and Janet Ayer Fairbank, national vice chairman.

Appropriate Day to Save Sons.

"It is altogether fitting that Mother's day should be a day upon which the mothers of this country should appeal to the President to avoid sacrificing the lives of their sons on foreign battlefields," Stuart declared.

Sunday also has been designated by the America First committee as S.O.S.—Save Our Sons—day, it was announced. The leaflets urging the protests state:

"This Mother's day, May 11, make it a real Mother's day—do something for your son—our sons. Send this S.O.S. to President Roosevelt. Demand pledges be kept. Demand no foreign wars. Demand no convoys. Demand no war. Ask three other mothers to write the President. Let's make this Mother's day mean something."

1000 EXTRA MILES OF TRAVEL PER TIRE

Too good to be true? Not at all. In the famous 5-million mile Florida Road Test, first-line Lee DeLuxe Tires, pitted against other leading brands, showed 6 per cent slower tread-wear than the average.

Think of it . . . 106 miles for Lee, for every 100 miles averaged by the other tires. This means you ought to get at least 1000 extra miles out of top quality, guaranteed Lee Tires . . . even though they cost no more than other leading makes. Actually, they cost less than you guess!

Besides, the test proved Lee's extra cord-strength, and greater resistance to bruises and to ply-separation.

GOVERNOR URGES PRESS TO FIGHT DICTATOR TREND

Two Party System Must Stay, He Insists.

[Chicago Tribune Press Service.]

Springfield, Ill., May 8.—Gov. Green tonight urged the organized press of downstate Illinois to fight vigorously against the centralization of government, against the overriding of the constitution, and for the maintenance of a sturdy two party system in the United States.

The governor was principal speaker at the annual dinner of the Daily Newspaper League of Illinois at the Leland hotel and devoted an important part of his talk to the importance of the freedom of the press during the present period of international crisis.

"It is imperative," he continued, "that state and local administrations be placed and kept on the highest plane of sincerity and honesty lest their rights and duties be absorbed by centralized government.

A Dangerous Road.

"So that this government shall not die, let no elected official raise himself above the constitutional law. That road is dangerous because the placing of all power within the reach of the executive could bring dictatorship.

"When we hold to enlightened legislative, judicial, and executive branches of government, with their well defined powers, and to fully representative national and state governments, we shall have a safeguard of checks and balances which guarantees men's liberties and their rights as free men.

"There is no conviction that a free press can bring home so forcefully to the American people as the conviction that no one, anywhere or at any time, shall have unlimited power. It is upon that conviction the public rests."

Gov. Green explained that he did not intend to speak along partisan lines before a nonpartisan organization, but he went on to say that even in great crises the party system is essential to good government in the United States.

He Discusses "Unity."

"Our nation is engaged in a mighty program of preparedness and defense," he said, "and we all desire political unity when the preservation of America and the security of our people are genuinely involved. No one wants political unity, however, when it is not for the best interests of the nation and when it might threaten destruction of the party system of government.

"Preservation of America's way of life largely depends upon the check rein created by the opposition of party against party. Time and experience have demonstrated this, and we must maintain a strong opposition party if we are to remain a constitutional republic. It is our guarantee against total centralization of governmental power."

RELIEVE GEN. BREES, SOON TO RETIRE, OF 3D ARMY COMMAND

Washington, D. C., May 8 (AP).—Lieut. Gen. Herbert J. Brees was ordered today relieved of command of the 3d army, effective May 15, because of his forthcoming retirement, and Maj. Gen. Walter Krueger was named his successor.

Lieut. Gen. H. J. Brees.

Gen. Krueger, now commanding the 8th army corps at Brownwood, Tex., will be advanced to lieutenant general when he takes command of the 3d army, the war department said.

At the same time Maj. Gen. George V. Strong, former chief of army war plans, was named to succeed Gen. Krueger. Brig. Gen. Frederick E. Uhl, now commander of the 6th division at Fort Snelling, Minn., was designated to succeed Gen. Strong as commander of the 7th corps area, with headquarters at Omaha, Neb.

assembly, and it is my opinion he should be asked to prove his assertion before he is again permitted to speak before a house committee."

Soderstrom Letter Read.

Representative Maud N. Peffers [R., Aurora] then brought Soderstrom into the discussion by reading a letter he had sent to every AFL local union in her district, charging that she raised the question of a quorum in house committees which considered labor bills, and was "not a very capable legislator."

She also read her reply, in which she branded as an "absolute falsehood" the assertion that she consistently raised the question of a quorum on labor bills. She raised it only once, she said.

"Mr. Soderstrom," Mrs. Peffers continued, "apparently has to do something to earn his nearly $8,000 salary and his nearly $5,000 expense account. As for his remark that I'm not a very capable legislator, perhaps if he had been a capable legislator, his own people would have reëlected him to the house from the 39th district.

[Soderstrom served several terms as a Republican from the La Salle-Peru district.]

"Since I'm a member of the industrial affairs committee, I want also to resent the assertion that I am a 'paid stooge.' I borrowed money from a building and loan association for my campaign, and I am paying it back. I also borrowed from a bank, and I am paying that back. I borrowed from my hairdresser, and I have paid that back. I am not a paid stooge."

FEDERAL GRAND JURY TO PROBE PEONAGE CHARGE

Charges that a wealthy Georgia plantation owner is attempting to return 12 Chicago Negroes to peonage on his plantation in Oglethorpe county will be investigated by a federal grand jury, it was learned yesterday.

The inquiry, which was requested by the Abolish Peonage committee, 231 South Wells street, will begin Monday. William Henry Huff, colored, counsel for the committee, said it was the practice of some land owners to trump up charges of debt or petty crime against Negroes and force them to work on the plantations in virtual slavery. The only alternative, he said, was confinement in a chain gang whose labors are rented to plantation owners.

In 1939, Huff said, the late Gov. Henry Horner refused to extradite three Negroes whom Georgia authorities were attempting to return to peonage. They were later released. Twenty subpenas to appear before the grand jury have been served on Negroes here.

DRUNKEN BICYCLIST SENTENCED.

Stanley Szatowski, 56 years old, 1306 North Bell avenue, who said he peddles tobacco to taverns, yesterday was fined $1 by Municipal Judge Thomas A. Green for riding his bicycle while drunk.

VOTE RESOLUTION TO EXEMPT FOOD FROM SALES TAX

Legislators Blast County Collection Muddle.

BY PARKE BROWN.

[Chicago Tribune Press Service.]

Springfield, Ill., May 8.—By the overwhelming vote of 129 to 1 the Illinois house of representatives today approved a resolution to submit to the voters of the state a constitutional amendment permitting the exemption of human food from the sales tax.

The proposed amendment, passed on the recommendation of the executive committee upon motion of Chairman Reed F. Cutler, would authorize merely that human food be made an exception to the constitutional rule of uniformity in taxation.

Voters May Read It.

If adopted by the senate the language of the amendment will appear on the ballot in the state-wide election next year. It would be an addition to the revenue article after the requirement that every tax law must be "uniform as to the class upon which it operates," and would read as follows:

"Notwithstanding the foregoing requirements that a tax shall be uniform as to the class upon which it operates, the general assembly shall have power to exempt from the provisions of any act imposing an occupational or privilege tax [sales tax] the business of selling food for human consumption, and in providing for such exemption the general assembly shall have the power to define the word 'food.'"

Doesn't Permit Classification.

The language used does not open the way to the classification of property for tax purposes—which now is not permitted under the constitution. This situation is held largely responsible for the tax collection muddle, including the huge delinquency in Cook county.

Various attempts have been made to permit the classification of such intangibles as bank accounts, mortgages, stocks, and bonds under rates different from those for real estate, but these proposals have been beaten time and again because they would permit a state income tax.

Several Democrats made political attacks on the proposed amendment — but voted for it later — and in their arguments were seen the first inkling that a future Democratic campaign slogan may demand repeal of the sales tax in toto on grounds that it no longer is necessary.

Delinquent Taxation Report.

The Swanson committee on delinquent taxation, after three months of study of the situation in Cook county, submitted its final report. Its principal finding was that what the problem requires it not more laws but better use of existing laws. The report was toned down so far as personalities were concerned, but even then the three Democratic members refused to sign the draft prepared by the Republican majority.

The four Republicans who signed the Swanson report were Chairman David I. Swanson of Chicago, Arthur W. Sprague of La Grange, Victor A. McBroom of Kankakee, and Allen A. Ashcraft of Evanston. The Democrats, whose typewritten names were scratched off, were John J. Gorman and Edward J. McCabe of Chicago and Thomas A. Bolger of McHenry.

Excerpts from Report.

Extracts from the "general observations" of the report read like this:

"The situation . . . has been allowed to grow to its present proportions and continues that way principally because of poor administration of the local [Cook county] revenue system."

"The present deplorable situation in Cook county has come about by a complete lack of leadership and direction on the part of local authorities. There are ample powers in the governments to collect taxes, and the problem has been grossly neglected.

"Unless a decidedly definite desire is shown by local officials to clean up the present tax delinquency mess which engulfs the community and has such far-reaching effects upon the economical well-being of its citizenry, it may be necessary for the legislature to set up some state agency to take over and clean up the situation."

Enactment of the one mill tax on cigarets was completed except for the governor's signature when the house concurred in senate amendments to the bill by a vote of 112 to 0.

PLANS REVEALED FOR RECORD U. S. WAR MANEUVERS

Million and Half Men Will Participate.

[Chicago Tribune Press Service.]

Washington, D. C., May 8.—The war department today announced plans for the most extensive war maneuvers ever held in the nation's history. Almost one and a half million regulars, guardsmen, and draftees will participate in war games designed to give them training in mechanized warfare.

Maj. Gen. R. C. Richardson Jr.

After the war games get under way the army plans to register one million young men, who have come of age since the first draft enrollment last October. Officials have picked July 1 as the date for 6,500 local draft boards to open their doors for the second registration, which is to be a simple job in comparison to last October's task of registering 16,500,000 men between the ages of 21 and 35.

The army war games are to begin May 24 and work up to a climax in the fall which will bring Gen. George C. Marshall, army chief of staff, into the field to direct a simulated attack in the field involving 550,000 men in the deep south.

Larger Than Europe's.

"These maneuvers are certainly the largest in our history and, I believe, the largest ever held anywhere in time of peace," said Maj. Gen. Robert C. Richardson Jr., chief of the army bureau of public relations. European peacetime maneuvers usually involve between 100,000 and 200,000 men.

"Hardened by months of basic mobilization training, the troops will participate in simulated battles in which the most advanced techniques of modern warfare will be employed."

The army still lacks most of the equipment essential for complete mechanized and motorized maneuvers. Many of the weapons and much of the material will be as "mock" as the war games. Logs may have to serve as cannon and trucks as tanks.

All Elements to Participate.

However what modern equipment the army has will be used. The combined elements of the four field armies, the four new armored divisions, the GHQ air force, parachute troops and civilian air observers, being enlisted in the new aircraft warning organization, will participate.

The climax of the maneuvers will be reached from Sept. 1 to Sept. 30 when 550,000 troops of the 2d and 3d armies will meet in simulated battle around Beauregard, La. General Marshall will direct this operation in the field. He also will command another exercise from Nov. 3 to Nov. 30 when elements of the 1st and 3d armies maneuver in the Fort Bragg-Fort Jackson area in North and South Carolina.

The 4th army will hold separate maneuvers around Fort Lewis, Wash., from Aug. 15 to Aug. 30. The 7th and 40th divisions of the 3d corps will oppose the 3d and 41st divisions of the 9th corps.

800,000 Others in Training.

While 550,000 men are participating in the single maneuver at Beauregard, more than 800,000 other troops will be undergoing regular mobilization training or will be manning the services and the temporary and permanent establishments of the army.

It is expected that President Roosevelt will accept July 1—the date picked by army officers—when he issues a formal proclamation for the second registration. The date was selected in order to give young men attending college an opportunity to complete the school year.

Milk Mixture for Stomach Ulcer Pains
A recent medical discovery now being used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcer pains caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of Lurin from their druggist. Lurin contains this new discovery in its purest form. Easy to take. Just mix two teaspoonfuls in a half glass of milk. Costs but little and sold under an absolute guarantee that it must satisfy or money refunded. Lurin for sale by Walgreen, Stineway, Service, Fay and drug stores everywhere.

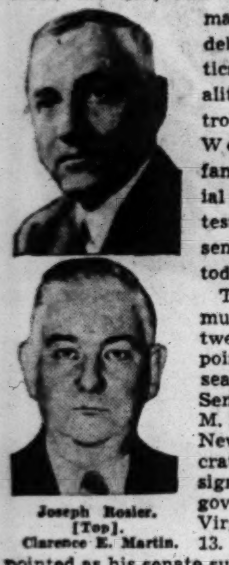
WEST VIRGINIA'S SENATE CONTEST NEAR SHOWDOWN

Neely and Holt Choices Vie for Seat.

BY CHESLY MANLY.
[Chicago Tribune Press Service.]

Washington, D. C., May 8.—The facts, the law, and the precedents may control the debate, but politics and personalities will control the votes in West Virginia's fantastic senatorial seating contest, which the senate took up today.



Joseph Rosier. [Top]. Clarence E. Martin.

The senate must choose between two appointees to the seat vacated by Senator Matthew M. Neely, a pious New Deal Democrat, when he resigned to become governor of West Virginia on Jan. 13. Neely appointed as his senate successor Joseph Rosier, president of the West Virginia State Teachers' college, and Homer A. Holt, the outgoing governor, appointed Clarence E. Martin, former president of the American Bar association. Rosier is a 100 per cent New Dealer, Martin a conservative Democrat.

Exert Pressure for Rosier.

The Roosevelt administration is exerting all possible pressure to seat Neely's man, while the Republicans and conservative Democrats are solid for Martin. The committee on privileges and elections voted 9 to 8 for Rosier. Chairman Tom Connally [D., Tex.] was quoted as saying that "the precedents are all for Martin, but when it comes to voting the President is for Rosier."

Other factors in the controversy are working in Martin's favor, to such an extent that his backers claim 48 certain votes, a majority of the senate. As chairman of the rules committee, Neely wrote uncomplimentary letters about many of his colleagues to the superintendent of the senate office building.

Another factor operating against the New Dealers is the recently discovered shortage in the accounts of the senate restaurant, which led to the discharge and arrest of the manager, W. W. Arbuckle, a Neely appointee.

Neely ran for governor in order to break up the West Virginia Democratic state machine, which aspired to unseat him in 1942. It is understood that Rosier, if seated, would step aside and permit Neely to return to the senate in 1942.

Takes Oath Three Times.

Senator Neely was required by the constitution of West Virginia to divest himself of the senatorship before he could qualify as governor. He submitted his resignation to Gov. Holt, to take effect "at precisely 12 o'clock midnight, on Sunday," Jan. 12, and took the oath of office for the governorship three times, twice before and once after midnight.

Senator Connally and other New Dealers argued that Gov. Holt's term expired simultaneously with the occurrence of the vacancy and that he had no right to appoint a senator.

Senator A. B. [Happy] Chandler [D., Ky.], leader of the Martin forces, contends that the senate vacancy occurred while Holt still was governor and, therefore, Martin was legally appointed before Neely qualified.

Gov. Holt, however, apparently was just as uncertain as Neely about his rights in the matter. He appointed Martin three times, twice before and once immediately after the stroke of midnight.

NEW YORK FIRE COMMISSIONER IS FORCED TO QUIT

New York, May 8 [Special].—In explosive mood after a long time feud Mayor Fiorello La Guardia late today removed Fire Commissioner John J. McElligott and his first deputy, George L. McKenna, for allegedly whitewashing an investigation of graft in the division of combustibles.

"Put it any way you want!" the mayor exclaimed when asked whether McElligott and McKenna had resigned or been dismissed. Later it was established that McElligott had resigned and McKenna had been forced out.

Dr. Harry M. Archer, second deputy commissioner, was put in temporary command at once, and on Saturday Fire Chief Patrick Walsh will be sworn in as fire commissioner at $11,250 a year.

La Guardia accused McKenna of "dilatory tactics" in handling departmental trial and punishment of seven inspectors in the division of combustibles and said McElligott approved of the action.

FIERY WORDS FLY IN BRIDGES TRIAL; FORCE A RECESS

Opposing Sides Nearly Come to Blows.

San Francisco, Cal., May 8 [Special].—Arguments between government and defense counsel became so heated at the Harry Bridges deportation hearing today that Examiner Charles Sears had to call a recess to let the attorneys cool off.

The courtroom battle, waged over the whereabouts of a missing witness, came so close to fist throwing that guards moved forward to prevent violence. The examiner repeatedly broke up the hot dispute, but it was resumed almost immediately.

Each side accused the other of terrorizing the missing witness, Maurice Cannalonga, Seattle ship electrician who testified for the government several weeks ago in the proceedings designed to deport Bridges, alien CIO director, to his native Australia.

Seek Return to Stand.

Cannalonga's return to the stand is sought so he may be questioned about his alleged repudiation, in a deposition given defense attorneys, of statements to government agents in which he linked Bridges with communists.

"We asked Cannalonga to come here, but he was in terror of the FBI," Richard Gladstein, assistant counsel for Bridges, told the examiner.

"He is not half as much in terror of the FBI as he is of your own people," shouted Clarence Goodwin, former Illinois Appellate court judge serving as assistant government counsel.

"Cannalonga told us," retorted Gladstein, "that he had been threatened by FBI agents with a 20 year prison sentence on Mann act charges. They got him to give them a statement by telling him about a certain girl in Reno. It is no wonder that a man confronted with those circumstances should be reluctant to come down here!"

Gladstein said he had been advised that an effort had been made yesterday by the immigration department to serve a subpena on Cannalonga on a ship docked at Portland, Ore., and that the missing witness was on the ship "at the same time that two FBI men were patroling the dock."

Ship Disappearance Told.

"We have information that Cannalonga disappeared from the ship about noon yesterday," the attorney continued, "and that two FBI agents disappeared about the same time."

"Cannalonga was seen on the ship Tuesday night drinking liquor with Jack Lowery, a known communist," interposed Prosecutor Albert Del Guercio. "Gladstein knows those two men on the pier were not FBI men but immigration officers seeking to serve a subpena on Cannalonga. It is apparent that defense counsel is concealing the facts."

"That is a scurrilous lie," screamed Gladstein.

A courtroom guard leaped from his seat and moved as tho to step between the two angry attorneys, but Examiner Sears motioned him back and said to Gladstein:

"That isn't helping your case. Each conflict between counsel leaves me cold. All these charges are unnecessary. We'll recess for a while."

CIO SUSPENDS ALLIS STRIKERS WHO WENT BACK

Milwaukee, Wis., May 8 [Special].—The Allis Chalmers local of the United Automobile Workers union [CIO] has suspended for six months the members who went back to work at the request of federal officials in advance of the settlement of the recent strike, it was announced today.

The suspensions, it was said, will keep offenders from voting at a forthcoming election of officers of the local. Company officials claimed 4,500 of the 7,800 production workers returned to work before the formal settlement. The union announcement said that after the suspension period the offending members probably would be fined.

A petition opposing reëlection of Harold Christoffel, president of the local, was circulated today by the Allis Chalmers All-American women, a group of women employés and wives of employés.

DIES ON VISIT TO CHICAGO.

Paul Zientarski, 67 years old, a retired railroad worker, of New Buffalo, Mich., died yesterday of a heart ailment while visiting at 2100 North Mason avenue.

OBITUARIES

Robert W. Dunn.

The funeral of Robert W. Dunn, an attorney and Republican committeeman of the 44th ward, will be held at 1:30 p. m. tomorrow from the chapel at 2701 North Clark street. Mr. Dunn died early yesterday in St. Luke's hospital after an illness of two weeks. He was 68 years old. Mr. Dunn was born in Chicago in 1873, the son of Winfield P. Dunn, a pioneer Chicagoan and civic leader. He was graduated from the University of Michigan in 1895 and was admitted to the bar in Illinois the same year. He was a member of the University and Hamilton clubs, and was president of the latter in 1919 and 1920. He is survived by his widow, Helen, and a daughter, Gloria Dunn. The family lives at 426 Roslyn place.

Former Queen Natalia.

VICHY, May 8.—It was reported from Paris today that former Queen Natalia of Serbia had died at the age of 82. She was the widow of King Milan Obrenovich, whose son, King Alexander, and his wife, Queen Draga, were murdered in their Belgrade palace early in the century during a military coup d'état. The crown then went to the Karageorgevich family, which still rules—nominally, as King Peter II. has sought haven in Palestine.

Dr. James J. Walsh.

Dr. James J. Walsh, clinical director of the United States Veterans' hospital at Danville, died yesterday in the Hines hospital. He was 54 years old. Dr. Walsh was formerly assistant superintendent at the state hospitals in Alton and Peoria. He was a member of the American Legion. Services will be held at 9:30 a. m. tomorrow from the chapel at 2346 Madison street to St. Patrick's church.

Walter R. Rogers.

The funeral of Walter R. Rogers, who was credit manager for the Union Carbide and Carbon corporation for 20 years, will be held at 9 a. m. tomorrow from the chapel at 5438 South Halsted street to St. Anselm's church, 61st street and Michigan avenue. Mr. Rogers, who was 63 years old, died Wednesday. He lived at 515 East 60th street. His widow, Nellie, survives.

Albert J. Deniston.

Albert J. Deniston, retired manager of the Raymond Lead Works in Chicago, died late Wednesday in St. Petersburg, Fla., where he had resided since 1935, according to word received here yesterday. He was 83 years old.

BAR ASSOCIATION BOARD GIVES O. K. TO WIRE TAPPING

The board of managers of the Chicago Bar association yesterday approved a committee report recommending passage of a bill authorizing telephone wire tapping by government investigators in certain instances. The bill, introduced by Representative Sam Hobbs [D., Ala.], is pending in congress.

The bill provides for such procedure only when the attorney general certifies that a felony under federal law relating to espionage, sabotage, kidnaping, and extortion thru use of the mails has been or may be committed. Violations would carry a maximum punishment of $10,000 fine and two years' imprisonment.

The bar association report noted that while unrestricted wire tapping by government agents could be dangerous to "liberties of a free people," its proper use may be effective in national defense.

Milwaukee Woman Admits Beating Landlady to Death

Milwaukee, Wis., May 8 (AP).—Detective Capt. Adolph Kraemer said today Mrs. George Dornblasser, 51 years old, mother of four children, had confessed she bludgeoned and strangled to death her landlady, Miss Carrie N. Seymer, a wealthy retired school teacher, in the latter's apartment, Tuesday. She admitted that she hit Miss Seymer on the head with an iron pipe several times after they quarreled about rent and redecoration of the Dornblasser living quarters owned by Miss Seymer.

FORT SHERIDAN TO PLAY W-G-N'S NEW QUIZ GAME

W-G-N's Play Ask-It-Ball quiz program will be broadcast from the gymnasium at Fort Sheridan before 1,500 soldiers from 7 to 7:30 p. m. tomorrow. This will be the second in this series. The league competition opened last Saturday at the Great Lakes Naval Training station.

Brig. Gen. John L. Homer, commandant at Fort Sheridan, will speak after the quiz competition in which picked soldiers have a chance to win cash awards.

Ask-It-Ball follows the baseball pattern with nine men selected to represent the training center visited. They have a choice of 15 subjects. Jack Brickhouse, master of ceremonies, then pitches the questions, which have a value ranging from one to four bases. "Runners" are advanced around the bases on a diagram of a diamond as players reply to the questions. A miss counts as an out, and three outs an inning. Announcer Jess Kirkpatrick is umpire in chief. Contestants get $1 for answering a one base question; $2 for a two bagger and so on.

At Great Lakes the sailors scored four runs during the broadcast. On May 17 the Naval Reserve Aviation Training base at Glenview will compete.

KILLS WOMAN, 20; PLACES BABY IN HER ARMS; FLEES

San Bernardino, Cal., May 8 [Special.]—Alfred Wells, 30 years old, a twice-paroled convict, was being hunted all over California tonight after the slaying of his sister-in-law, Mrs. Jean Wells, 20, and the shooting of Miss Rose Destree, 17, her house guest.

Miss Destree said Wells was angry because his half-sister, Violet, who had been his housekeeper, had left his home. He went to Mrs. Jean Wells' house and demanded that she and Miss Destree help him find Violet. He drove the two young women and Mrs. Wells' 13 month old daughter to a lonely spot in the desert, shot the two women, placed the baby in its dead mother's arms, and vanished.

Mrs. Wells' husband, Ray, also is missing, and investigators feared he, too, might have been harmed. Miss Destree's condition is serious.

MOTORIST IS ORDERED HELD TO GRAND JURY IN TRAFFIC FATALITY

A coroner's jury yesterday recommended that Charles Billups, 31 years old, colored, 3240 Indiana avenue, be held to the grand jury for manslaughter at an inquest into the death of Dr. George Butt, 64, of 658 East 84th street. Dr. Butt was struck by Billups' automobile last Oct. 8 at 69th street and South Chicago avenue. Billups was pursued for four blocks by another motorist before he stopped. Dr. Butt's death was at first attributed to natural causes, but a coronor's physician later reported that the accident was a contributing factor.

Luther Wilkerson, 55, of 5707 South Homan avenue, an agent for the Railway Express company, was killed last night when his automobile crashed into the rear of a street car in front of 4141 South Kedzie avenue. None of the street car passengers was injured. The motorman was John McCarthy, 36, of 5527 South Wolcott avenue.

Benjamin Zarek, 53, was injured critically last night when he was struck by the automobile of a hit-run driver in front of his home at 3224 South Morgan street. A license number noted by a witness was traced to Louis Schreader, 31, of 4940 South Hermitage avenue. Arrested in his home, Schreader admitted to Deering police that he was the motorist and said he left the scene of the accident because he was "frightened." The front of his car was damaged. Zarek was taken to Evangelical hospital.

John J. O'Connell, 69, of 819 North Springfield avenue, a retired post-office clerk, died in St. Anne's hospital after being struck by an automobile Wednesday night at Hamlin avenue and Iowa street. The driver was Eugene Zito, 200 South Hamlin street.

Up to 4 p. m. yesterday 299 persons had been killed by automobiles in Cook county since Jan. 1. Of these, 226 were killed in Chicago, where 7,685 were injured in the same period.

Two Reckless Drivers Sent to Jail by Safety Judge

Two motorists were sentenced to jail yesterday by Judge Oscar S. Caplan in Safety court on charges of reckless driving. They were Ludvik Kesl, 41, of Stickney, a laborer, 30 days in the Bridewell, and Frank Miller, 53, of 3500 Cullom avenue, 5 days in jail.

U.S. TAKES BACK OLD BREAKWATER FROM PARK BOARD

A 2,250 foot breakwater which has been on its own for several years will soon be returned to its owner—the federal government.

The wooden crib breakwater was built in 1917 to protect Navy pier and the basin north of it. It extends diagonally into the lake north of Navy pier. The old Lincoln park commission took over the breakwater when it was thought the Outer drive might curve across the end of Navy pier. That would have made necessary a fill in the lake inside the breakwater.

When the Lincoln park commission was replaced by the Chicago park district every one forgot who owned the breakwater. Two years ago park records disclosed its ownership. The park district decided it didn't want to be responsible for maintaining the breakwater. Yesterday in Washington, D. C., the omnibus rivers and harbors bill was reported favorably out of committee. One section provides for transfer of the breakwater back to federal ownership.

AAA FARM LAND IN STATE GAINS; TOTAL NOW 74.5%

The Illinois Agricultural Conservation commission reported yesterday in Decatur that 74.5 per cent of the cropland in Illinois has been signed up under the 1941 agricultural conservation program. Last year 72.6 per cent was signed. Only 28 counties failed to increase the number of acres placed under the program for 1941.

Lake county coöperation jumped from 69 per cent last year to 75 per cent for 1941. Cook county gained a fraction over its 36 per cent total of last year. Kane county decreased its acreage under the program from 68 to 62 per cent. The heaviest drop in acreage occurred in Clinton county where only 65 per cent of the land was signed up against 73 per cent last year.

2 Mistakes Wives So Often Make

Because of inward shyness or ignorance, many married women make needless mistakes—risk health, happiness. Why? Generally because feminine hygiene is considered too personal to be discussed. And so many women use over-strong solutions of acids which can burn or scar delicate tissues. Today risks are needless. For science has given womankind Zonite. Non-poisonous, non-caustic, yet kills germs, bacteria on contact. Destroys undesirable odors. Protects personal daintiness. Most important, safe for delicate tissues. Over 20,000,000 bottles already bought. ***Free Booklet Tells Intimate Facts.*** Get this frankly written booklet, "Feminine Hygiene Today"—FREE, sent postpaid in plain wrapper. 28 CENTS OF TAX DOLLAR GOES FOR STATE HIGHWAYS

$66,712,808 Outlay This Year Sets Record.

BY WILLIAM STRAND.

The yearly cost of constructing and maintaining highways thruout Illinois is second only to the annual social welfare expenses borne by state taxpayers, reports on current spending disclosed yesterday. Highways were the costliest of the state's governmental activities until the payment of old age pensions in 1936 boosted welfare expenses beyond all others.

In the fiscal year ending June 30, 1941, total expenditures for highway purposes are expected to reach $66,712,808, or 28.05 cents out of every state tax dollar. This will be the largest annual expenditure for highways in Illinois history, exceeding by $5,553,289 the previous record of $61,159,519 in the 1936-'37 fiscal period.

Half Spent on State System.

Half the sum is being spent on the state's own highway system of more than 13,000 miles of paved road, while approximately one-third is being parceled out to counties and local communities for use on thorofares in their respective jurisdictions.

The following table shows the divisions of the highway expenditures together with the total amount for each and the ratio of their shares of the state tax dollar:

Purpose—	Cents per tax dollar.	Total sum.
State highways	15.68	$37,291,400
Distributed locally	9.77	23,238,966
Tax refunds and collection costs	2.60	6,182,442
Totals	28.05	$66,712,808

Of the $37,291,400 now being expended by the state, $12,366,024 covers current operation, including $8,403,001 in salaries and wages for nearly 25,000 full time and part time pay rollers in the state department of public works and buildings and its highway division. Of the remainder, $24,897,884 is being spent for permanent improvements in the state highway system, including repair of existing highways and new road construction.

All of the money spent on highways is collected from motorists in license fees and gasoline taxes, supplemented by federal funds made available for work on national highways. With few exceptions, these funds cannot be used legally for any other purposes of government.

Cities Share in Fuel Taxes.

Funds allocated for distribution to local communities are taken from motor fuel tax collections and go directly to the various civil governments. All expenditures, however, must be approved by the department of public works and buildings.

Tax refunds, which have climbed above $4,000,000 this year for the first time, are carried on the books as a government expense altho financial experts long have contended that they should be considered merely as an offset to the revenues.

They arise out of the requirement that the motor fuel tax of 3 cents per gallon must be paid by all retail purchasers at the time of sale. The dollar purchasers, however, are permitted to claim a refund if the fuel is not used on the public highways. Commonest nonhighway uses include operation of tractors, other farm machinery, boats and airplanes, and for cleaning or other industrial purposes.

Handling of Funds Costly.

Lumped with the tax refunds is approximately $2,000,000 to cover the cost of collecting and distributing highway taxes, as well as the expense of auditing and supervising the municipal allotments. Bringing the taxes into the state treasury costs more than $250,000 while distributing them to the counties and municipalities costs in excess of $450,000 more. Added to these sums is the cost of operating the automobile department of the secretary of state's office which collects and administers the vehicle license tax and the recently enacted drivers' license law.

The highway expenditures have risen to their present peak from a modern low of $18,087,831 in 1927. Following are yearly totals since 1925:

Year.	Total.	Year.	Total.
1926	25,489,138	1934	$47,819,280
1927	18,087,831	1935	47,151,531
1928	30,874,049	1936	53,869,570
1929	47,248,560	1937	61,159,519
1930	29,580,342	1938	55,096,122
1931	49,644,290	1939	60,882,970
1932	49,488,403	1940	59,907,449
1933	44,412,979	1941	*66,712,808

*Estimated.

From 1925 thru 1936, the state's welfare expenditures ranged from $11,528,303 to $52,616,855, records show. Since then they have jumped to a record high of $106,855,735 in the last fiscal period or from $10,000,000 to $40,000,000 higher than the highway expenditures each year.

LOCKHEED-VEGA NOW EMPLOYING 29,000 WORKERS

(Picture on back page.)

Burbank, Cal., May 8 (AP).—Nearly 11,000 men working on two night shifts now are employed in addition to more than 18,000 day shift workers at plants of Lockheed Aircraft corporation and its affiliate, Vega Airplane company, Robert E. Gross, president of Lockheed, said today.

The plants have been on a 24 hour production schedule several months, producing war planes for the United States army and England. The present day shift numbers 10,000 more workers than were employed on all shifts a year ago.

Gross said "we are training men and hiring trained men just as fast as we can. We have more than 8,000 employés attending trade extension classes in city schools of Burbank and nearby communities and are hiring at the rate of more than 2,500 a month. In fact, in April we hired 3,540 men."

ELENA LUPESCU (MAGDA TO YOU) IS QUITE HAPPY

ABOARD S. S. EXCAMBION, May 8 (AP).—Slim, trim Elena Lupescu [that's really her name], the companion of King Carol when he lived in a palace, is delighted with the prospect of making a real home in Cuba, the place of exile for which they are heading.

Mme. Lupescu thinks she is a good housekeeper and she talks as tho she knew. Her comments on board this American Export liner indicate she understands cookery.

Her skin is untanned, her manner gentle, tho she is a golfer and tennis player, a good rider, skier, hunter, and walker.

There is no "Magda Lupescu"; she never has had any other name but Elena. Neither she nor the former king knows how she was tagged "Magda."

Mme. Lupescu is 5 feet 8 inches tall and weighs 123 pounds in her street clothes. Her hair is a soft reddish blonde. She has never had a permanent wave in her life. She has never needed it.

THAILAND SIGNS NEW PEACE PACT WITH INDO-CHINA

TOKIO, Japan, May 9, Friday (AP).—French Indo-China and Thailand [Siam] signed a peace treaty and three protocols today in a ceremony during which French Ambassador Charles Arsene Henry described Foreign Minister Yosuke Matsuoka as a "peacemaker."

The treaty included an article stating that if any further dispute arises Japan shall mediate. Thailand is to pay Indo-China 6,000,000 piastres for ceded territory.

[*The piastre is not quoted in the foreign exchange market.*]

The new treaty provides Indo-China may keep the Island of Khong, in the Mekong river, but Khone goes over to Thailand.

MOTHER, A GIVER OF GIFTS, TO GET HERS ON SUNDAY

It's Mom's Day—by Law and by Right!

The annual tribute to America's mothers will be paid Sunday—Mother's day. Hundreds of thousands of sons and daughters will return home for the event and hundreds of thousands more will write, telephone, or wire greetings or send some gift expressive of their love.

Credit for originating Mother's day is generally accorded to Miss Anna Jarvis of Philadelphia, who, in 1908, selected the second Sunday in May as a memorial for her mother. A congressional resolution making the observance a national one was adopted in 1914, and a Presidential proclamation was issued to this effect.

It's Day for Remembrance.

Since that date flowers, candy, books, and countless other gifts have been sent to mothers each year by sons and daughters eager to show in some fashion the depth of their regard. Chicago merchants in the loop and in outlying and suburban districts are prepared to meet the annual demand for gifts that makes the day memorable in this city and its environs.

Mrs. Dena Shelby Diehl of Danville, Ky., mother of four children, has been chosen as "the American Mother of 1941" by the American Mothers' committee of the Golden Rule Foundation. Mrs. Diehl was selected because she is "representative of the best there is in motherhood and has been the spokesman of American mothers in the interests of homeless mothers and fatherless children in war-torn Europe and Asia."

Pay Tribute to Motherhood.

Many gracious compliments have been paid motherhood in years gone by. In 1938 Max Factor, Hollywood makeup artist, said "mothers make the best actresses because motherhood adds depth and understanding to a woman's face." Special church services and Mother's day college observances are held annually and the postoffice has issued a special postage stamp showing Whistler's famous portrait of his mother.

A slight rebellion occurred in the Philippines three years ago when President Manuel Quezon abolished Mother's day, substituting Parents' day in an effort to obtain equal rights for fathers.

All of the mothers, in typical mother fashion, think that's a fine idea.

Inquest Into Goon Killing Is Continued Until May 22

An inquest into the fatal clubbing of Anton Gorczak on April 23 was continued to May 22 yesterday. Capt. Frank Demski of Chicago Lawn station asked that the police be given until that date to hunt for the killers. Gorczak, a driver for the Republic Cleaners of Cicero, was slain by goons in a tailor shop at 1745 West 63d street.

URGE FOUR LANE ROAD ON U. S. 20 PAST ROCKFORD

Cost of Project Is Put at Eight Millions.

BY HAL FOUST.

[Chicago Tribune Press Service.]

Springfield, Ill., May 8.—A four lane, divided pavement for U. S. 20 from Chicago to west of Rockford, is recommended in a preliminary engineering survey just completed at the direction of Gov. Dwight Green. The cost is estimated at 8 million dollars.

"The study," Walter A. Rosenfield, director of public works, said this afternoon, "found that traffic, accident records, and present pavement conditions warrant reconstruction on a design of superhighway character. The one big question remaining is when finances will permit us to undertake this improvement.

"Similar surveys are being made on other cross state arterial routes, such as U. S. 66, 30, 40, and 50. The relative urgency of their modernization requirements will be measured so that priority of construction can be based upon indisputable data."

Difference in Policy.

This research is in furtherance of Gov. Green's announced intent to concentrate a large part of available construction funds upon long neglected main highways. This will reverse a policy of the last eight years which has strained the road treasury and swollen the accident toll.

An 8 million dollar project is not a one year job. It probably would take from three to five years. The state highway department total construction has approximated 17 million dollars a year, but this might be boosted substantially by federal subsidies to relieve unemployment anticipated when the armament program is ended by peace.

Rockford, 90 miles from the Chicago loop, is not a remote terminal for a Chicago metropolitan area superhighway. U. S. highway 41 is now four lanes wide to Milwaukee, 93 miles from the loop. U. S. 12 is four lanes to St. Joseph and Benton Harbor, Mich., 95 miles, and the Michigan highway department has drawn plans to carry the wide pavement 87 miles north to Muskegon.

Gov. Green's engineers inspected Indiana's current work on U. S. 20, a contrast with the dabbling on this highway in Illinois. From the broad Dunes relief bypass around Michigan City, U. S. 20 was widened to four divided lanes last year to Rolling Prairie and the reconstruction will be continued this year to South Bend, 92 miles from the loop.

In Illinois U. S. 20 west to Elgin is a 40 foot slab widened between 1930 and 1933 without any physical separation of opposing traffic streams. Last year, for every rural mile of this dangerous design, there were two accidents involving deaths or personal injuries.

West of Elgin on U. S. 20 the engineers traveled a meandering, narrow slab laid in 1925 and '26 on approximately the same alignment traveled by stage coaches thru Kane, McHenry, Boone, and Winnebago counties. In places the concrete was so badly cracked that it can be maintained only at an excessive cost.

70 MEN, 21 WOMEN SEIZED BY POLICE IN 2 BOOKIE RAIDS

Raiding squads under Capt. Martin McCormick, head of the morals division, arrested 21 women and 70 men yesterday in two alleged handbooks on the north side. Thirteen women and 51 men were seized at 3911 North Damen avenue, a block from the Damen avenue police station, and the others were arrested at 5120 Broadway.

Sergt. Thomas Lyons of Police Commissioner Allman's office also arrested four men in an alleged handbook at 5948 Madison street and seized another man for taking bets on the street at 161 North Wabash avenue. Those taken into custody were held until after 6 p. m. when they were allowed to give bond for appearance in court today.

Arthur Peterson, 36 years old, arrested Wednesday with 44 other men and 15 women in a raid at 2106 Lawrence avenue, pleaded guilty before Judge George B. Weiss in the South State Street court to a charge of operating a handbook and was fined $25. The others were discharged.

Dismissal of Policeman Ordered for Gun Threat

Policeman Aloysius McCarthy of the Jefferson Park station was ordered discharged from the police force yesterday by the civil service commission on a charge of intoxication and conduct unbecoming a police officer. He was accused of threatening two patrons with his revolver in a tavern at 3952 North Cicero avenue on April 3. McCarthy, a member of the force since 1926, previously had been suspended five times for various offenses.

BOMB PLOT LAYS AN EGG AT CITY COUNCIL SESSION

Aldermen Count Terrors Before They Hatch.

A cardboard package brought to the city council chambers by Railway Express aroused immediate suspicion yesterday.

In the first place it had two return addresses, one to George Awe, Bexley, O., the other to the Randall Chicken Products company, Tekonsha, Mich.

In the second place it was about 14 by 18 inches, sealed tightly with tape, and resembled nothing so much as an alderman's conception of a bomb.

They Hadn't Ordered Chickens.

The assistant sergeant at arms who signed for the package tiptoed to the phone and called Stillman Franklin, secretary to City Clerk Ludwig Schreiber. Franklin told him the council certainly hadn't ordered any chickens, and said he would call the bomb squad.

The package was tenderly carried to the press room nearby and placed in a refrigerator. Reporters remembered urgent business elsewhere.

Came Sergt. Marshall Pidgeon and William Higgins of the bomb squad. Pidgeon lifted the package to a table, produced a stethoscope and listened gravely in his best bombside manner.

"We'll have to take it to the station," he said. And did!

A Letter Sheds Some Light.

Then some one in the clerk's office found a letter from George Awe, factory representative of the Randall Chicken Products company. He had been refused permission to sell his chicken products in Chicago, the letter said, and was sending for council examination a number of cans of similar chicken products bought in Chicago stores. Why, the letter continued, was he discriminated against?

Dr. Herman Bundesen, commissioner of health, said the city wants to know whether Mr. Awe's product is federally inspected before canning. That's the law!

Sergt. Pidgeon said he would give the board of health the bird . . feed!

POLICE OFFICER'S WIFE ACCUSED IN ABORTION DEATH

Samuel E. Papanek, assistant state's attorney in charge of investigating the abortion racket in Chicago, yesterday ordered Mrs. Magdalene Motzny, 60 years old, a midwife who is the wife of Police Lieutenant William Stegemann, booked on a charge of murder by abortion. She will be arraigned today in Felony court.

Mrs. Motzny is accused of performing an illegal operation May 1 on Mrs. Rose Smith, 23, of 1956 Sheffield avenue, wife of Beve Smith, a die maker. Mrs. Smith died Monday in St. Mary's of Nazareth hospital, where Smith said Mrs. Motzny told him to take his wife when she became ill after the operation. The operation is said to have been performed in Mrs. Motzny's office at 1041 Noble street. Mrs. Motzny denied having performed it.

In addition, George E. Fosberg, 75, an ex-convict, was reported named by the grand jury in a true bill charging him with performing an abortion March 16, 1940, in his basement flat and office at 5460 Blackstone avenue. He was also charged with practicing medicine without a license. He served 3½ years in prison for conspiracy to defraud.

ROB L STATION AGENTS.

Two robbers obtained $32 and 861 telephone slugs early yesterday when they held up agents at elevated stations at 21st street and Western avenue and at 18th and Paulina streets.

INSTALMENT XXIII.

HIDEOUT.

"It's a friend of dad's who's doing it, or somebody that knows him well. And my guess is that man sent that last five thousand reward money, too," Carol said bitterly.

Maitland shook his head. "That's an awful thought, my girl, a terrible thought."

"Terrible or not, it's true!"

Maitland was silent a moment, and then he said, "You have a logical right to suspect me."

"O, Uncle Dan!" Carol cried. "How can you say that?"

Senator Maitland smiled. "I didn't say you did, my dear. I said you have a right to. There's Doc Mosher and Josh Bitterman, your dad's best and oldest friends. And the governor. Would you say Doc would do it?"

"No," Carol said quickly. "He's been loyal to dad for years! He's understood his hardness and forgiven him and tried to soften him. No."

"Josh Bitterman?"

Carol smiled. "No, certainly not. He's as cantankerous and hard-headed as dad. He's independent, and he doesn't envy any man alive. Besides, he hasn't the brains."

"That leaves me and the governor. He'd hardly do it."

"Don't be ridiculous, Uncle Dan," Carol said shortly. She looked at him. "I've hurt you."

"Nonsense," Maitland said, and smiled faintly. "But I insist I get either a clean slate or that I'm suspected." He frowned. "If it's a friend of Bruce's that's doing it, he would have to have several things. First, brains."

"You've got the brains," Carol said, laughing.

"Second, ambition."

"Well, a man doesn't get to be a senator without having ambition," Carol teased him.

"Third, he'd have to have money to buy the Three Rivers outfit."

Carol sighed mockingly, "And you haven't any money, have you, Uncle Dan?"

Maitland laughed gently. "Hardly. If I'd stick to my law business I might have made some. But I'm too fiddle-footed. I'm a politician."

"That lets you out."

Maitland said dryly, "At least, it lets me out as far as mailing $5,000 in banknotes to Sheriff Beal. Whoever this man is, he must have money. Lots of it.

Maitland shook his head. "I think you're wrong, Carol. Three Rivers could be backed by a syndicate of gamblers, bent on crooked work. Wallace could have been put in there to run for them, being one of their kind. and as for getting information about your dad, you've forgotten Sam, your old foreman."

"What about him?"

"If he could be bribed to disappear, certainly he could have been bribed to give Wallace all the information about your dad that was needed. Isn't that right?"

"Yes," Carol said slowly. "That's right."

"So your case has been picked to pieces by a jacklay lawyer," Maitland drawled, and laughed at her.

"But I still think I'm right," Carol said stubbornly.

They were silent a long time, each thinking of the matter. Finally, Maitland said, "This is an interesting suspicion, Carol. Does your dad share it?"

"I've told him. But he was too worried."

"And young Dave Coyle?"

"I don't think he does," Carol murmured, and added bitterly, "I hope not, anyway, or he'd interfere again."

Maitland shook his head. "A dangerous and disagreeable young man, your Dave Coyle. But his crimes will catch up with him, and soon, I believe."

The ride was a long and dreary one. They paused in Wagon Mound, a straggling frontier town of a dozen falsefront stores and a tangle of stockpens squatting along the railroad. After supper, they headed on out to the Bib M, McFee's spread. It was six miles from town, and middle evening before they reached it.

McFee had sent their housekeeper back to her people when they had left for Santa Fe, and Carol wondered what she would do alone in the big silent house.

But as they rounded the butte that headed the valley where the home ranch lay, they saw lights ahead. Carol said swiftly, "Could it be dad?"

"I hope not," Maitland said, concern in his voice. "He'd be a fool to hide out here."

"Hurry, Uncle Dan!"

The road sloped down into a pleasant sheltered valley. Against the north slope, where a stand of cottonwoods pointed down to the grassy valley floor, the house stood. It was a two story affair of the stone of the country, with a gallery running along its front. Considering the country, it was an old place, mellowed by a decade of living. The outbuildings were dark, the stone bunkhouse deserted, for Tate Wallace's land steal had left Bruce McFee a piddling thousand acres of desert range without water or grass. The Bib M riders had been paid off, with the right to return if the court fight against Wallace was won.

Maitland drove into the yard, dismounted, and tied the team to the small tie-rail in front of the house. Carol, however, did not wait for him. She ran up the walk under the gallery and tried the front door. It was locked, and she yanked the bell pull impatiently.

Maitland was standing beside her when Lily Sholto, in the dark dress and white apron of a servant, opened the door.

Carol stood there, surprise making her speechless, when Lily said, "Miss Carol, I'm the new housekeeper."

Carol walked in, unable to take her eyes off this pretty girl.

"But—who hired you?"

"Your father." Lily said.

"Dad! Has he been here!"

Lily nodded. "With Dave Coyle. They've left." She closed the door behind her and took an envelope out of her apron pocket. "This is for you."

Carol took the envelope and ripped it open, and was ready to draw out the letter when a thundering knock sounded on the door.

The three of them stood there staring at each other, and then Carol said faintly, "Answer it, please."

When Carol and Senator Maitland had left the sheriff's office, the corridor opened and Lacey Thornton stepped out. He'd been hiding in the corridor, where he could hear every word that was said. He looked a little less red-faced than he looked that day at Sabinal, but not much. A lifetime of hard drinking had flushed his tight little monkey's face until it was a uniform brick red and held the stamp of perpetual anger.

He scratched his fringe of copper hair and looked at Beal. "Well, it didn't work. Maitland gummed it up."

"She's scared, I think," Ernie See said. He shook his head. "But I shouldn't have brought Maitland over. If he hadn't been here, we'd have made her believe that reward was 'dead or alive' right now. She'd have led us to McFee, all right."

"Maybe she will now," Thornton said.

"She ain't scared enough," Beal said. "She's just mad."

"You know what I think," Lacey Thornton said. "I think he's at the Bib M."

"At his spread? Hell, he'd be a fool to do that," Beal said.

"Why?"

"It's the first place we'd look for him.

"Have you looked?" Thornton asked drily.

Beal looked at Ernie and grinned sheepishly.

"There you are," Thornton said. "McFee's travelin' with Dave Coyle, and I keep remembering that time Coyle ate in the commissioner's kitchen when that reward was put on him. Coyle's that way. He does what you don't figure he'll do and hasn't got the nerve to do it. It's like him to convince McFee the safest place for them to hide is right at the Bib M, the last place you'd think of lookin'."

Beal said bluntly, "You're right."

SMART SHOPPER SCANS LABELS ON CANNED GOODS

Here Are Several Tips on What to Look For.

It's the smart shopper who scans the label on the canned goods she buys. For greater economy, for best use of the product, read the label.

These are some of the informative items you should look for on canned goods labels.

1. Variety of fruit or vegetable: Are you buying Italian tomatoes or the standard variety? Are they early June peas? Personal preference and the use to which you wish to put the product determine your choice.

2. Can size is important in disclosing the volume you are getting for your money. Common sizes and their average contents are:

8Z: 1 cup, 8 ounces.
No. 1 Tall: 2 cups, 16 ounces.
No. 300: 1¾ cups, 15 ounces.
No. 2: 2½ cups, 20 ounces.
No. 2½: 3½ cups, 28 ounces.
No. 3: 4 cups, 33 ounces.
No. 10: 13 cups, 6 pounds, 10 ounces.

3. Net weight of contents should be checked if you want to compare prices. This is more important in bottled goods, where there is no standardization of sizes, than in canned goods.

Aids Menu Planning.

4. Number of servings per can are now listed on the label by many packers. This is a great help in menu planning.

5. Description of the fruit or vegetable, including color, size of pieces, whether whole, sliced or diced, and in case of large pieces the number of them. Not all labels give this information but the buyer should look for it to determine just which product best suits her particular use. Mushroom caps are best for garnishing, for instance, but the less expensive sliced stems and caps are suitable in mixed dishes where flavor counts most.

6. Density of sirup on fruits makes a difference in the price of fruits. The less dense [less sweet and less thick] are usually suitable for salads and puddings. When the fruit is to be served just as it comes from the can for dessert, the thicker sirup is best.

7. Consistency should be checked in soups and pureed vegetables.

Seasonings Sometimes Listed.

8. Seasonings, if any, are sometimes listed on the label. But since the amount and type of seasoning are a matter of personal taste, it is a good idea to keep your own record on this after trying the particular product.

9. Grade labelings are now being used by some packers. The higher grades are best suited for service. The budget keeper will find use for medium and lower grades in dishes where less perfect size, shape and a somewhat inferior flavor are not of prime importance. Some manufacturers make use of detailed descriptive labeling to take the place of grade labels.

10. The brand name is perhaps the most important thing on the label. It serves as a means of identifying the product which you have found by experience to be best suited to your purse and needs.

Whisk Broom Sprinkler.

A round whisk broom serves as an excellent clothes sprinkler. It gives a fine spray, sprinkles evenly, and saves time.

A COFFEE CAKE FOR BREAKFAST IS IDEAL TREAT

This is the kind of coffee cake that makes Sunday breakfast a very special meal. It's the quick kind that won't get the cook up too early in the morning.

CHANTILLY COFFEE RING

2 cups flour
3 teaspoons baking powder
¼ teaspoon salt
½ cup granulated sugar
⅓ teaspoon cinnamon
1 teaspoon vanilla
1 egg
1 cup milk
4 tablespoons fat, melted

Mix and sift flour, baking powder, salt, sugar, and cinnamon together. Combine vanilla with slightly beaten egg, milk, and fat, and add all at once to the dry ingredients. Stir only until well mixed and pour into greased ring pan. Sprinkle with topping and bake 30 minutes in a moderate [350 degrees] oven. Serve fresh with butter.

TOPPING.

4 tablespoons butter
1 cup dark brown sugar
½ teaspoon cinnamon
2 teaspoons grated orange rind
⅛ teaspoon salt
½ cup raisins or currants

Cut butter into mixed sugar, cinnamon, rind, and salt. Mix in fruit and sprinkle over unbaked coffee cake.

SCRAMBLED EGGS THAT EVERYBODY SCRAMBLED FOR!

Of course you like scrambled eggs—plain, with bacon, with cheese and chives, and in many other combinations. But here are scrambled eggs to unscramble all others.

EGGS SCRAMBLED WITH HERBS.

4 eggs
4 tablespoons milk, tomato juice, light cream or water.
¾ teaspoon salt
Few shakes of pepper
1 tablespoon butter
4 teaspoons mixed chopped fresh herbs

Beat eggs, salt and pepper, and liquid until yolks and whites are blended and lightly frothy on top. Chop herbs [sweet marjoram, summer savory, chives, and parsley might be used, or basil, chervil, dill, and finely minced celery]. Add the raw chopped herbs to the eggs. Melt butter in heavy skillet or in double boiler, add egg mixture, and cook over low heat. Stir from sides and bottom of pan as mixture cooks and hardens. Avoid overcooking and too much mixing. Serve immediately.

If you haven't fresh herbs, try the dried ones, using only a third teaspoon of mixed dry herbs, together with a little fresh chopped parsley. Soak the dry herbs in the liquid for a few minutes to bring out flavors.

WINS WITH CHICAGO WOMEN FOR GETTING CLOTHES WHITE
IN INDEPENDENT CITY-WIDE POLL

IF you want a soap that can get your clothes sparkling white—safely—take the opinion of practical housewives. In a recent independent survey among hundreds of Chicago women—American Family was chosen over all other bar soaps for getting clothes really *white*. What's more—they gave this rich, golden soap more votes than any other bar for washing *safely* too!

Our laboratory tests prove that American Family gives up to ⅓ more suds than 8 other bar laundry soaps tested. Thicker, richer suds that soak dirt loose. Even grimiest spots come out without back-breaking rubbing—or boiling and bleaching. Moreover, this richer soap that's especially made for the hard water of this area is amazingly economical for dishwashing! And easy on your hands! Why be content with anything but "tops" in whiteness and safety for your clothes? Switch to American Family today!

A-MAIZING NEWS! NEW GREEN CORN NOW ON MARKET

Cantaloupes Herald Good Old Summer Time.

BY MARY MEADE.

No watermelons have come to market yet, but the first green corn of the season is in town, sweet-meated cantaloupes are here from California, strawberries are getting cheap and it's the height of the asparagus season. Summer is coming, so there!

Additional evidence along that line is to be seen at your grocery store. Tomatoes are getting a wee bit cheaper. Most of them still come either from hothouses or Mexico, but quite a few hail from California and supplies of Florida tomatoes are increasing. Cucumbers are down to a moderate price level and salad bowl greens are bargain-starred.

Green Grow the Bargains.

Green peas are also on the bargain counter and are much improved in quality. Green beans are cheaper this week, altho the best quality beans still bring good prices. Cabbage is cheaper again, and lettuce, which was quite expensive a week ago, is more reasonable.

You'll like the deep red beets that come in bunches with green tops attached. Beets are another bargain table item and if you're clever about turning a tasty dish of greens out of the tops, they're a double bargain.

Other attractive fresh vegetable buys include celery, old and new potatoes, radishes, green onions, carrots, and spinach. Spinach is a bit higher this week, especially top quality spinach, but it's still in the inexpensive class.

You'll be interested in the new cellophane wrapped spinach which comes to you in one pound packages all washed, trimmed and ready to drop in the cooking kettle. It's more expensive than other fresh spinach on the wholesale market. Berries the job of removing grit and sand. It's available in only one of the chains this week, but will be sold generally in another week or two.

Over at the fruit counter pineapple and strawberries are vying for your attention. The berries are much cheaper—about 3 cents less per pint on the wholesale market. Berries are coming to market in excellent shape. Most of them still are from Louisiana, altho other states are shipping them northward and the first Tennessee berries arrived late last week.

The pineapple season is really in full swing and the tart fruit is now quite reasonable. Rhubarb is also an excellent buy. You can get home-grown, California or hothouse rhubarb, whichever best suits your taste and pocketbook.

Grapefruit Getting Scarce.

It's getting harder to find grapefruit, but those still on the market are selling at reasonable prices. Oranges, usually available later in the spring than grapefruit, still are bargain priced. There are a few Arizona Valencias and the first California Valencias are now in the stores. Apple prices remain unchanged.

It's a sadder story at the meat counter. Everything in meats is up. The fore quarter beef cuts—including chucks, rib roasts, arm cuts, and various boiling cuts—are among the better buys. Chuck roasts are widely featured at attractive prices. Steaks are substantially higher.

Smoked pork, fryers and roasting chickens, while not widely featured, are a pretty good choice for bargain hunters. Veal is rather high, altho some stores are listing it in their sales. Lamb is scarce and expensive.

U. S. Runs Pork Price Up.

This is pork week. But fresh pork prices are much higher than they have been. Rib ends of the loin are selling around 17 cents a pound and center cuts bring 5 or 6 cents more. The higher prices are due to extensive government buying. The five reasons given this reporter for government purchases of pork are: [1] to stimulate pork production on the farms, thereby increasing corn consumption, [2] for England and the aid-to-allies program, [3] for relief consumption, [4] for army consumption, and [5] to build up federal surplus which can be fed back on the market in the event of higher pork prices later.

In spite of the rise in pork prices, tender pork cuts are reasonable when compared with the same tender cuts from other animals. Huge pork surpluses made pork an extremely cheap meat all last winter.

SPANISH CREAM PIE DOES DOUBLE DUTY AS SPRING DESSERT

This Spanish cream pie is a spring and summer favorite. And it will do a double dessert making job for you. Here's the secret: Double the amount of filling given in this recipe—then, put half in the baked pie shell and serve, put the other half in a pudding mold and keep it in the refrigerator to serve a day or two later, with a sauce.

SPANISH CREAM PIE.

[Serves 6.]

1 tablespoon unflavored gelatin
⅓ cup cold milk
1½ cups scalded milk
2 egg yolks
⅓ cup sugar
¼ teaspoon salt
1 teaspoon vanilla
2 egg whites
1 baked pastry shell

Soften gelatin in the cold milk for 5 to 10 minutes. Dissolve over hot water, stir constantly. Meanwhile prepare a soft custard of the scalded milk, yolks, sugar, and salt. Combine hot custard and hot dissolved gelatin. Add vanilla. Chill until sirupy, then fold in stiffly beaten whites. Turn into baked pastry shell and let set before serving.

Here's a Tasty Apple Sauce Concoction—Apple Freeze

You like apple sauce. You'll like it especially well in this apple freeze, made in your refrigerator freezing compartment.

APPLE FREEZE.

[1 quart]

1 cup irradiated evaporated milk
2 tablespoons lemon juice
2 cups sweetened apple sauce, chilled
Dash of nutmeg

Chill milk thoroly. Whip until very stiff. Fold in lemon juice, apple sauce, and nutmeg. Pour at once into cold freezing trays and freeze in automatic refrigerator for 1½ to 2 hours.

Using Washing Machine.

In a washing machine, wash the correct amount of clothes specified by the manufacturer. Overloading is hard on the clothes and on the washer.

If your husband Hoots at the Coffee...

WH-O-O-O

Better change to McLaughlin's MANOR HOUSE COFFEE

→ Just give your coffee this "third degree"—and you'll see why thousands of wise wives are changing to Manor House every month:

1. Does your coffee fit your pot?
It's 3 to 1 it doesn't—if you use ordinary coffee! McLaughlin's Manor House is the *only* coffee that comes in *three* scientifically correct grinds... for regular pot or percolator, drip or glass coffee-maker.

2. Is it roasted to SAVE FLAVOR or to SAVE TIME?
Today, most coffees are rushed through huge dry-heat roasters. They do save time, but they actually dry up the delicate flavor oils. So McLaughlin's still roast Manor House the old-fashioned way... over a slow, open flame that seals *all* the glorious flavor in every choice bean!

3. Does the flavor fly away when you open your coffee?
Most coffee is fresh when you buy it—but Manor House is fresh when you *drink* it! For, unlike other coffees, Manor House is protected even after you open it. The seal-tight cap and rubber ring thoroughly re-seal the fragrant goodness every time you close the special "flavor-preserver" jar... keep Manor House fresh and full-bodied through the very last cup!

FRESH when you buy it! STAYS FRESH as you use it! STILL FRESH through the last cup!

Ask your grocer for McLaughlin's Manor House Coffee today... and see how easy it is to change your husband's hoots into hoorays!

GOVERNMENTS:
Many government nutritional bulletins this year emphasize the importance of B vitamins, particularly vitamin B_1 (thiamine). This is part of a long-range effort to improve national vigor and well-being.

PROFESSIONAL MEN:
Physicians and research scientists now recognize B vitamins as necessary to healthy, normal growth, good appetite and the prevention of many disorders arising from their deficiency.

YOU, YOURSELF:
have undoubtedly seen the B vitamins headlined in the daily press.

Remember, whenever you eat a piece of meat you are getting a valuable supply of these B vitamins, which your body does not store to any extent and which must be supplied daily by the food you eat.

Your meat-man will be glad to show you how thriftily you can put meat on the table by use of the thrifty cuts, which are fully as nutritious and as delicious as the more demanded ones.

KABOBS BANISH SKILLETS FROM THE PICNIC SCENE

Toasting Skewer Turns Out Tasty Outdoor Eats.

If you're the kind of person who likes picnics this early in the season you also like to prepare at least a part of the meal on the spot.

You needn't even take a skillet with you. Nor need you cook weiners for lack of one. Ever try kabobs? Kabobs is a picnicker term for skewered foods that would be labeled "en brochette" if served at a dining table.

All sorts of good things go onto the toasting skewer to make kabobs. Even biscuits can be baked on a stick. What you put on yours depends on your appetite. It's best to prepare the pieces of meat, and if you care for it, the barbecue sauce into which meat kabobs are dipped. The only equipment needed is a supply of long handled toasting irons, or better yet, long handled toast forks which have extra long tines.

Ham and Tomato Kabobs.

Cut smoked ham into 1 inch squares about ¼ inch thick. [This should be done at home.] Two pounds will make 12 kabobs. Take along 4 whole tomatoes. When fire is right for toasting put the ham squares on toasting forks, alternating with small chunks of tomatoes. Dip into barbecue sauce and cook over the campfire about 10 minutes. Turn frequently to prevent burning and dip into sauce again before serving.

This sauce is an excellent one for outdoor cooking. Put it in a quart jar for easy carrying.

BARBECUE SAUCE.

2 cups water
1 cup tomato juice
½ cup vinegar
¼ cup chopped onions
¼ cup chopped celery
¼ cup catsup
2 crushed bay leaves
1 tablespoon chopped parsley
1 clove garlic [optional]
1 teaspoon salt
1 teaspoon sugar
⅛ teaspoon paprika
2 tablespoons lemon juice
2 tablespoons Worcestershire sauce

Combine all ingredients except lemon juice and Worcestershire sauce and simmer 20 minutes in a covered pan. Add lemon juice and Worcestershire sauce.

Lamb and Beef Kabobs.

Buy 1 pound each of tender lamb [thin slices cut from the leg or thin strips of shoulder chops would be right] and beef [top round or any tender steak cut thinly should be used]. Cut meat in pieces and take along 3 or 4 mild onions and a dozen washed mushroom caps. Arrange slices of lamb and beef on skewers, placing thin slices of onion between slices of meat and place a mushroom cap on the end of each skewer. Cook for 15 minutes over open fire. These, too, may be dipped in barbecue sauce before they are cooked.

Other combinations for kabobs include liver and bacon; beefsteak and onions, and bacon, tomatoes, and mushrooms. The only meat to avoid in making kabobs is fresh pork, which always needs to be well done. It is almost impossible for the amateur to regulate cooking time over an open fire. Economy meat cuts, which require long cooking, also should be avoided.

Biscuit kabobs are made with regular biscuit dough with the same proportion of liquid as in drop biscuits. The dough is not kneaded. You can wrap the dough around the stick or, if you find it easier, shape the dough into patties and punch the skewer thru the center of each. Keep the little balls of dough at least an inch apart and don't attempt to cook them over an open fire unless you can get a hot fire. The dry ingredients and the shortening may be combined at home, but it is best to add the liquid just before placing the biscuits on skewers.

Not Much Else Needed.

You needn't take much else with you when kabobs are the picnic fare—but take plenty of kabob making materials along. They disappear quickly. Pickles and relishes, celery or carrot sticks, potato salad or potato chips, and a packable dessert complete the menu.

Fruit is about the best picnic dessert yet devised. Oranges, apples, sweet cherries, bananas, and other fruits in season are easy to carry and require little or no home preparation. Now that fresh pineapple is in season you might try filling a fruit jar with large, unsugared wedges of it. Then carry along confectioners' sugar in individual packets, so the picnic guests can dip their own.

For additional picnic menus and recipes get "Let's Have a Picnic," on sale for 3 cents at the Tribune Public Service offices, 1 South Dearborn street and in the Tribune Tower lobby, or send 5 cents in stamps to Mary Meade for the booklet.

Pork Is "Food of the Week"

Pork loin roast, brown crusted and richly juicy, is company fare, and this is the week to serve it. Pork is the "food of the week." Pork loin roast is easy to prepare—even for the brand new cook. Ask the butcher to loosen the backbone from the ribs. Wipe the meat with a damp cloth, season with salt and pepper, and a little garlic or onion salt if you like the flavors. Place it fat side up (with bones down) on the rack in an open roasting pan. Bake in a moderate (350 degrees) oven until well done, allowing about 30 minutes per pound. The meat thermometer, if you have one, should register 185 degrees when the roast is finished.

TEMPTING TURNOVERS MADE WITH PEACHES AND DOUGH OF BRAN

A rich bran biscuit dough is used to make these tempting little peach turnovers. Serve hot with plenty of cream.

BRAN PEACH TURNOVERS.
[Serves six.]

¼ cup bran
1⅓ cups flour
¼ teaspoon salt
½ cup shortening
5 tablespoons cold water [about]
1 cup sweetened, sliced peaches

Roll bran until fine and combine with flour and salt. Cut in shortening. Add water, a little at a time, until dough is moist enough to hold together. Roll out on lightly floured board to about ⅛ inch thickness. Cut into rounds, 5 inches in diameter. On one-half place a mound of sliced peaches. Moisten edges of dough and fold over. Press down edges with tines of fork. Put dot of butter on top of each and place on greased baking sheet. Bake in a hot [425 degrees] oven for 12 to 15 minutes. Serve hot or cold.

SOMETHING NEW AND SHINY! IT'S HONEY HAM LOAF

There is nothing prosaic about a ham loaf—at least not one that's all decked out with fruit and shining under its glaze of honey. This loaf is fine for buffet suppers, picnics, and porch suppers.

HONEY GLAZED HAM LOAF.

12 strips pineapple
¼ cup strained honey
1 pound smoked ham, chopped
½ pound beef, fresh chopped
½ pound pork, fresh chopped
1 cup bread crumbs
2 tablespoons minced onions
2 tablespoons minced green peppers
2 tablespoons minced celery
1 egg or 2 yolks
½ teaspoon salt
¼ teaspoon paprika
¾ cup pineapple juice

Arrange pineapple, spoke fashion, in the bottom of a greased pan. Cover with honey. Combine remaining ingredients and shape into loaf. Place in pan over pineapple and bake in a moderate [350 degrees] oven for 1¼ hours. Let stand five minutes in a warm place and then turn out, pineapple side up. Serve hot or cold. Baste ham twice during baking with 2 tablespoons each of pineapple and orange juice.

Cooked Veal and Orange Sections Make a Salad

For a hearty supper salad that's really different, mix cubes of cooked veal with orange sections, chopped celery, and a few chopped nutmeats. Serve on lettuce with French dressing.

EASY-TO-MAKE COOKIE USES TWO POPULAR FLAVORS

Here's a cookie that combines two favorite flavors—chocolate and butterscotch. They're easy to make drop cookies.

CHOCOLATE SCOTCH COOKIES.

½ cup shortening
1 cup dark brown sugar
2 squares chocolate, melted
3 tablespoons cream
1 teaspoon vanilla
¼ teaspoon salt
2⅓ cups flour
⅝ teaspoon soda
½ teaspoon baking powder

Cream shortening and sugar together until light and fluffy. Stir in melted chocolate, cream, and vanilla. Sift dry ingredients together and stir in until smooth and well blended. Drop from teaspoon onto greased baking sheet. Bake about 8 minutes in a moderate [350 degrees] oven. Top with butterscotch frosting.

BUTTERSCOTCH FROSTING.

⅝ cup dark brown sugar
½ cup granulated sugar
½ cup milk
1 tablespoon butter
⅛ teaspoon salt
½ teaspoon vanilla
½ cup nutmeats

Combine sugars and milk and cook slowly until mixture forms soft ball in cold water [234 to 240 degrees]. Remove from heat, led stand 10 minutes, and then add butter, salt, and vanilla. Beat until creamy. Frost cookies and sprinkle with nutmeats.

American Girl's Vitality Is Charming to Mexican Singer

BY ANTOINETTE DONNELLY.

[Copyright: 1941: By News Syndicate Co. Inc.]

We talked with Tito Guizar, charming Mexican tenor whose voice you have been hearing on the air and whom you have seen in the movies.

Tall and handsome, this grandson of a Mexican president wins you over very quickly to the Latin way of thinking with his charm and sensible comments on things [American] "gringo."

We asked him the usual question, "What do you think about American women as compared with your south of the border señoritas?" But we didn't get the usual answer.

"There are good points to both groups," said Tito Guizar, who should know. "American women have much more vitality and vivacity than do the Latin women. They are more active in both their sports and their social life. That is good. On the other hand, our Mexican and South American women know how to relax. They move slowly and gracefully; they never hurry. Therefore, they are not so nervous and high strung. Their voices never are shrill, but always soft and modulated. They are restful to be with. But then, again, American women are more fun. They are better informed on what is going on around them, and most of you have particular jobs or hobbies that keep you from being bored and make you alive and interesting.

"American women are not as subtle as their southern neighbors. For instance, the way you use perfume. In the warmer climates, women find a scent that compliments their personality, usually a light perfume, and they use that particular one exclusively. You get to associate a certain scent with one woman. But you Americans delight in having as many different perfumes as you can afford. You have many different ones for evening wear, light ones and heavy ones, and several others for sports, business, and social events. Why? Can you really be that many different personalities?"

As to his comments on our choice of perfumes, perhaps, as Tito Guizar suggests, it must be nice to have your beau walk into a room just after you've left and know that you've been there because he recognizes the lingering scent of your particular perfume.

Lecture on Norway to Aid Park Ridge Girls' School

The board of the Park Ridge School for Girls will sponsor a benefit lecture on Tuesday evening, May 27, in the home of Mrs. Burt J. Denman of Wilmette. Mrs. Clarence Englund, a Norwegian-American who attended Smith college, will speak on "The Tragedy of Norway," including in her talk pictures of Norway both before and after the German invasion. Tickets are being handled by Mrs. Griswold A. Price of Winnetka and Mrs. William C. Gilbert of Evanston.

Shantung First in Summer Suit, Dress Fabrics

BY REA SEEGER.

Shantung is the smoothest, most sophisticated city suit material ever cut and fashioned into snappy two piece outfits, single unit dresses or the stunning dress suits. This summer to come the colors will be emerald green, copper, brown, tobacco brown, caramel beige, oyster white, scarlet and several beautiful shades of blue.

Because the texture is dull and interestingly uneven, because it launders and stays fresh after weeks of wear, shantung is a summer classic.

You can wear a dress, ensemble or suit of shantung everywhere. Superfinds are the impeccably tailored white and off white models popular among the brides dashing off to a city hall wedding rendezvous. Coal black duets make ideal town and office suits for the fastidious career girl with a summer to spend not on a vacation. Navy blue and copper brown shantung suits are alternate choices for the same purpose.

Travel suits of shantung answer all the questions of what to wear to look smart, smooth and tailored thruout a long or short trip or visit.

Stunning one piece dresses come in coat models and in simply fashioned daytime affairs with deft shirring and interesting details of stitched applique bands and bows for trim. Knockout beige dresses have beautiful large tortoise shell buttons for the only accent—what could be better for a coppertop — and the white dresses have decorative stitching as trim.

Most of the sleeves are short and the necklines deep vees. Skirts have pleats fore and aft, the jackets with and without zipper closing devices. Dazzling white buttons and braid and collars and cuffs highlight the brilliant colored shantungs.

ENGAGEMENTS

The engagement of Miss Elaine Jennings to Theodore Q. Hoffman of Chicago was announced at a supper party on May 4 in the home of her brother-in-law and sister, Mr. and Mrs. Edwin G. Rose of Evanston. Miss Jennings is the daughter of Mrs. Ora Jennings of Chicago and A. R. Jennings of Madison, Wis.

Mr. and Mrs. John J. Murphy of Yates avenue announce the engagement of their daughter, Helen Marie, to Edward R. Youngs, son of Mr. and Mrs. Roy E. Youngs of Luella avenue. Miss Murphy will be graduated from De Paul university in June. Her fiancé is a graduate of Loyola university.

GIRL'S SUMMER CLOTHES.

Here are two summer styles certain to appeal to fashion-conscious youngsters. They are practical ensembles, too, and therefore will meet with the approval of mothers who must, in the first place, make them, and then keep them trim at all times. All the sewing is simple and the fabrics used may be those tubbable cottons. The absence of fussy trimmings enables one to press these costumes easily.

Style No. 2890 is designed for sizes 6, 8, 10, 12, and 14.
Style No. 3411 is designed for sizes 8, 10, 12, and 14.
Emblem pattern is No. 11210.
Each pattern costs 10 cents.

Address orders for Clotilde patterns to Chicago Tribune, P. O. Box 537, Grand Central annex, NEW YORK CITY, including 10 cents in stamps or coin (coin preferred — wrap it carefully) for each pattern ordered. IMPORTANT! Be sure to state clearly the number of the pattern and the size desired, and write your name and address plainly.

According to CULBERTSON

[Copyright: 1941: By Ely Culbertson.]

"Dear Mr. Culbertson: I send you a vote of approval for the change in your system which authorizes an immediate response in a long suit to an opening two-bid. My regular partner and I played the new system last night in our weekly duplicate game and came out with top score. One of the boards that figured in this victory was the following:

South, dealer.
North-South vulnerable.
Match-point duplicate.

NORTH
♠ A K Q 8 4
♥ A Q J 6 2
♦ K Q J
♣ None

WEST
♠ J 5
♥ K 10 9 5
♦ A 7
♣ K 9 6 3 2

EAST
♠ 10 9 7 3 2
♥ 7 4
♦ 8 3
♣ A 10 8 5

SOUTH
♠ 6
♥ 8 3
♦ 10 9 6 5 4 2
♣ Q J 7 4

"The bidding at our table, where I was North, proceeded:

South	West	North	East
Pass	Pass	2 spades	Pass
3 diamonds	Pass	3 hearts	Pass
3 no trump	Pass	4 no trump*	Pass
5 clubs	Pass	5 diamonds	Pass
Pass	Pass		

*Blackwood convention.

"Usually, I would be tempted to bid six diamonds after a positive response from partner, but I recalled your advice to allow plenty of leeway, in case partner has a very bad hand. Actually, after West opened the ace and another diamond, my partner made 12 tricks, but he was lucky in finding a 2-2 trump break and the heart king on side.

"At every other table the North-South pairs were playing the old system, and in most cases the bidding went:

South	West	North	East
Pass	Pass	2 spades	Pass
2 no trump	Pass	3 hearts	Pass
3 no trump	Pass	4 hearts	Pass
Pass	Pass		

"Logically enough, all these Souths were afraid to bid four diamonds over three hearts, feeling that it might be fatal to go beyond the game level in no trump. In no case was a four heart contract fulfilled, so it wasn't necessary for us to bid the slam. All we had to do was get into the right suit. Thanks!—L. L. P., Philadelphia."

Comments are scarcely needed. The new rule, which provides that the responder to an opening suit bid of two should mention his own suit, regardless of the general strength of the hand, if said suit is as good as Kxxxx, QJxxx, or any six cards, seems to be working out very well. Under the old rule, one precious round of bidding usually was wasted on the negative "two no trump," and very often the responder found it impossible to announce his suit at a *safe* level. Needless to say, the new rule is *not* foolproof—no rule can be—but, under judicious and logical handling, it can be put to excellent account in reducing the number of game and slam contracts played in the wrong trump suit.

Betty McArthur Added to List of Debutantes

BY JUDITH CASS.

ADD to the list of autumn debutantes the name of Miss Betty McArthur. The younger daughter of Dr. and Mrs. Selim W. McArthur is to have a Thanksgiving day debut, according to tentative plans. The party will be a tea at the Fortnightly on Nov. 20.

Miss McArthur will be graduated from the Shipley school on June 6 and plans to study at the Career institute here next winter. Dr. and Mrs. McArthur will go east for the graduation, and then the bud and her mother will be at their Mackinac Island home for the summer. Mrs. McArthur is leaving next week for the island.

Miss McArthur's elder sister, Mrs. John Whiting, the former Joan McArthur, is with her parents now and has resumed her work in photography at St. Luke's hospital. She came here from the east when Mr. Whiting enlisted in the army. If he has leave from Camp Forrest this summer she will be with him; otherwise she will join her family at Mackinac.

Miss Modrea Mullen to Make Debut This Season.

The James Bernard Mullens' daughter, Miss Modrea Mullen, is to be presented to society this season also. No plans have been made for a party for her just yet as her busy mother arrived just Wednesday from Washington. Mrs. Mullen, who paints as Buell Mullen, has been in and out of town all spring. She is executing some murals in steel for Bancroft hall at Annapolis. The steel for her work is expected in Lake Forest shortly.

Miss Mullen has been studying at the Art institute this year. Her tastes in art differ from Mrs. Mullen's, however. Mrs. Mullen is interested chiefly in texture, while her daughter is more taken up with abstract forms.

According to present plans — and they are purely tentative — Miss Nancy Scribner will have a tea early in August at the Fox Point, Wis., summer home of her parents, the Gilbert H. Scribners of Winnetka. That party will be mostly for the Milwaukee friends of the family. At Christmas time Mr. and Mrs. Scribner expect to give a tea for their daughter at the Indian Hill club. Miss Scribner attends Bryn Mawr college. The Scribners will go to Fox Point at the end of June.

The Junior N. Landon Hoyts haven't yet made any definite party plans for their debutante daughter, Blanche. Miss Hoyt, a student at Pine Manor, is among this season's group of buds. however.

Winnetka Garden Walk Is Scheduled for May 24.

Eight north shore gardens will be opened to the public on Saturday,

Weddings Announced

Miss Jean Patricia O'Brien, daughter of the Wilbur James O'Briens of Wilmette, and Joseph M. Hay, son of the Lawrence Hays of Rock Springs, Wyo., will be married at 5:30 o'clock this afternoon in the Church of the Holy Comforter, the Rev. Leland H. Danforth officiating. A small reception will follow at the O'Brien home. Mrs. Donald W. Kurtz, the former Peggy Ketcham, will attend the bride. Roderick MacRae will be best man. After a wedding trip to Estes Park and Wyoming, Mr. Hay and his bride will be at home in Evanston.

The marriage of Miss Harriet Tuxbury Qua to Dr. Henry Martyn Lemon took place on May 3 in Lowell, Mass., in the home of the bride's father, Judge Stanley E. Qua, associate justice of the Supreme Judicial court of Massachusetts. Dr. Lemon is the son of Prof. and Mrs. Harvey Brace Lemon of Dorchester avenue, who went east for the wedding with the bridegroom's sister, Mrs. Douglas S. Moir of Chicago.

The former Miss Qua attended Wellesley college.

Edward B. Shapker of Evanston announces the marriage on April 18 in Fort Lauderdale, Fla., of his daughter, Betsy Norwood Shapker, to Spaulding F. Glass of Centralia, Ill. Mrs. Glass, former director of Camp Shorewood in Wilmette, attended Kendall Hall in Pride's Crossing, Mass., and Gulf Park college. They will reside in Centralia.

The marriage of Miss Andrea Louise Stephenson to Dr. John Calvin Bletzinger of Eau Claire, Wis., took place on May 3 in the chapel of the First Presbyterian church, Evanston. Later the bride's parents, Mr. and Mrs. John W. Stephenson of Evanston, gave a reception in the church parlors.

Dances, Songs of Music Fete Thrill Audience

BY EDWARD BARRY.

Dignified Orchestra hall last night heard the clump-clump of country square dancers on its stage and the pounding of audience palms in time to the music. It heard songs of work and rebellion, songs of religion and hope, and even the passionate, vehement singing of strikers fresh from the picket line.

The occasion was an American music festival sponsored by the United Spanish American Aid committee and featuring Earl Robinson, composer of "Ballad for Americans," in his first Chicago appearance.

The square dancing was done by a group of shirt sleeved men and gingham gowned girls from George Williams college. So exhilarating was the music, so infectious the cheer and glow of the dancers, and so intoxicating the pound of the steady, monotonous rhythms that the audience all but leaped upon the stage in its eagerness to join in.

With Mr. Robinson acting as commentator and with various soloists and groups doing the singing and playing, the program progressed thru songs of the American revolution to songs of the opening up of the west.

The songs were in the main cheery, self-reliant, full of a salty if often rueful humor. Win Stracke, the principal soloist, did a wonderful job of conjuring up a sturdy American milieu where the principal characters were neither nymphs nor dryads, but such homely creatures as fleas.

Two of the principal choral groups were from the ILGWU and the Chicago Urban league. Seldom does one hear such shouts and screams of excitement from an audience as followed their singing. The first named group sang without leadership, the second was conducted by William McGehee.

TENOR IN RECITAL

BY CECIL SMITH.

William Miller, Chicago lyric tenor, whose past accomplishments have included participation with the Chicago Symphony orchestra in such diverse works as Bach's "Mass in B Minor" and Liszt's "A Faust Symphony," took over the Goodman theater for a solo recital last evening. Among the more valuable items in his program were Bassani's "Posate, dormite," Handel's "O Sleep, who dost thou leave me," Beethoven's "Adelaide," an aria from Mozart's "The Abduction from the Harem," and two Brahms songs.

Perhaps because of his radio engagements, Mr. Miller has restricted the range and vitality of his singing to a point at which it no longer possesses much force. He seems to find some difficulty in producing a full voiced tone, and he has decided to make a rather characterless falsetto his chief mainstay.

Such a vocal device naturally robs his singing of point and pungency, and causes him to evade, by means of pale pianissimos, many legitimate demands of vocalization. In the end each song seemed twisted to meet his special purpose, and in most cases his singing could not achieve stylistic or interpretative appropriateness.

Franz Pfau played the piano accompaniments visibly as well as audibly.

★ THRU THE LOOKING GLASS ★

"Complexion veil" is the inspired name for a new and superior foundation we've been giving a workout lately. It's lovely stuff, not only because it veils light blemishes and shadows but because it endows the skin with a softness and unity of tint that insures a better makeup.

It's gossamer light, this cream. It's applied, as every powder base should be, to an immaculately clean skin. Dot a bit of it on the center of the forehead, the tip of the nose, both cheeks and the chin. And don't forget that your neck shows, too. Blend these little islands of cream in widening circles until the skin is completely "dressed" with it. But don't think that you have to use a lot of the cream. Make each dot quite tiny—a little spreads over a lot of territory in just the right consistency. Then apply your cream rouge and your powder. You'll have a superb makeup, flattering and soft over this just-sufficiently-moist base, and one that will last.

There's nothing heavy or mask-like about this base; you won't be conscious of its presence on your skin, but your mirror will tell you that your makeup is much better than it would otherwise be. It's in three beautiful shades, a light tint, a medium tone with a hint of rosy beige in its pearly depths, and a dark suntan that is warm and flattering.

W-G-N's New Comedy Starts on Wacky Way

"THE GREAT GUNNS."

Comedy by Forrest Barnes. [Instalment 1.]
Directed by William A. Bacher.
Music by Harold Stokes.
Produced in the W-G-N studio theater and broadcast over W-G-N and the coast to coast Mutual network Thursday evening, May 8, 1941.

THE CAST.

Chris Gunn	Bret Morrison
Veronica Gunn	Barbara Luddy
Pop Gunn	Phil Lord
Buster	Bob Jellison
Gordon Van Gordon	Willard Waterman
Gloomy	John Goldsworthy
Joan	Rita Ascot
Patty	Herb Butterfield

BY LARRY WOLTERS.

The Great Gunns, in their premier broadcast last night, set off salvos of riotous laughter and applause in W-G-N's main studio that must have reëchoed in homes thruout the nation by way of the Mutual network.

The Great Gunns depicts the offstage antics of "America's First Family of the Theater": Christopher, Veronica, Buster, and Pop together with plenty of extra uproar contributed by their equally wacky associates.

Altogether they suggest the legend of Lunt and Fontanne, and the Barrymores, with a dash of several of the Marx brothers and just a hint of W. C. Fields all turned loose in a "Royal Family" plus "You Can't Take It with You" atmosphere. The opening instalment of this hilarious comedy finds this quartet, all bursting with grandeur complexes, plunged into the middle of the tumult and commotion that fill the Gunn household any morning from two until dawn.

A half hour later it all ends with such a scene as has never before been witnessed in a W-G-N studio; Bret Morrison lying flat on the floor reading the lines of Romeo into a mike barely a foot high, while Barbara Luddy as Juliet has for her balcony an ordinary height mike of five feet.

Between these two scenes the Great Gunns never cease play acting, fighting always for the spotlight; struggling ever to steal the scene. While Chris and Veronica, his wife, quarrel over Van Gordon, a rival, Buster struggles to master a new rôle, and Pop intrudes with references to his successes as Macbeth which he has played for 50 years. Meanwhile Gloomy, the butler, almost drowns in a welter of calls for whisky and soda, coffee, hot milk, cold milk, warm milk, oatmeal, chicken sandwiches, and cointreau.

It's the kind of ludicrous comedy that listeners enjoy hearing and actors enjoy doing. If you missed the opening show it's worth a listen at 9:30 p. m. next Thursday.

The studio guests were Lilac day workers and officers and members of the Chicago Plant, Fruit, and Flower guild who sponsor the day in association with THE TRIBUNE. Betty Browning, THE TRIBUNE's club editor, thanked the lilac workers.

Career Girl of the 1920's.

[By Helen Murray Vance.]

"Nancy Shores, former Line poet, is back in town" . . . it was just about 20 years ago right now that Nancy Shores first invited me into the dream world that was HER Chicago . . . the buzzing excitement of the old Dill Pickle club . . . the vastness of the Greek café where one ate spaghetti with butter sauce and asked Mike to bring a 'cup' and got a china cup full of lush red wine . . . the wind-swept spaciousness of the Tip Top . . . the candle-lit romance of the Amber Pie [does any one else remember the slanting floors, the dark, oil paintings, the wonderful butterscotch pie of that little house on the corner?] . . .

• • •

It was Nancy who took me to the Russian place and bought me long, black Russian cigarets . . . who showed me "Bug House square" and made me listen with respect to the soap box orators . . . who walked with me down Michigan avenue and turned it from a frightening big-city street into a fairy path of dancing lights and beckoning adventure . . . Nancy who taught me to love words . . . the fragile, delicate ones in "Messer Marco Polo" . . . the dark, exciting ones of Ben Hecht and Arthur Machen. . . .

Nancy it was who first introduced me to "Deirdre," poetess of the Line and copy writer for a time with Nancy and me in that ninth floor, north State street office where Ray Schaeffer made honest advertising people out of brash young things. An amazing kindergarten class that, of 20 years ago. There was Emily, who talked French, noisily . . . and Frances who used the shock technique . . . and the art directoress who wore red shoes . . . and "Hertz," the office boy who was the son of a famous book binder . . . and "Deirdre," fey and tantalizing, who is buried, they say, on a mountain top in far away Algiers. . . .

Cuff Notes.

Edward Collins, Chicago concert pianist, is to play his own concerto next season with the Chicago Symphony orchestra. . . . Mrs. Albert D. Lasker has a favorite pink, pale and delicate, which she often wears. One of the features of the Mill Road Farm spring flower festival on the Lasker estate opening May 17 will be the row on row of Fair Lady petunias in the east green house, of that same delicate pink, named for Mrs. Lasker. . . . Carl Robinson, composer of *Ballad for Americans*, who sang with his guitar at the American music festival last night in Orchestra hall, will be the guest of Mr. and Mrs. Arnold Gingerich at their home at 1515 North State parkway. Proceeds of the party are for Spanish exiles and refugees now in South and Central America. . . . And speaking of Spanish refugees, the news service that reported the detention of Pablo Picasso in a French concentration camp corrects the statement, and says he is in Paris.

Muchos thanks, Miss Mullady. A nice idea. However, any such contributions should go straight to the Poetry office at 232 East Erie street, to which Miss Mullady's dollar is being sent.

Here's Advice to Parents of 'In-Betweens'

By GLADYS HUNTINGTON BEVANS.

[Copyright: 1941: By News Syndicate Co., Inc.]

Does your 9 year old daughter giggle at everything and nothing until you wonder if she's "quite right?"

Does your 10 year old son look disreputable most of the time, his shoelaces untied, his collar unbuttoned, or his pullover on inside out with an utter disregard for his looks or his pride?

Do either or both of them talk utter nonsense, then burst into peals of laughter?

Do they neglect to pick things up that they have dropped, even if they have to *fall over them* to cross the room?

Do they dawdle over one thing and race thru the next?

Do they forget practically everything they should remember, apparently, and then surprise you by repeating something verbatim that you thought they hadn't ever heard?

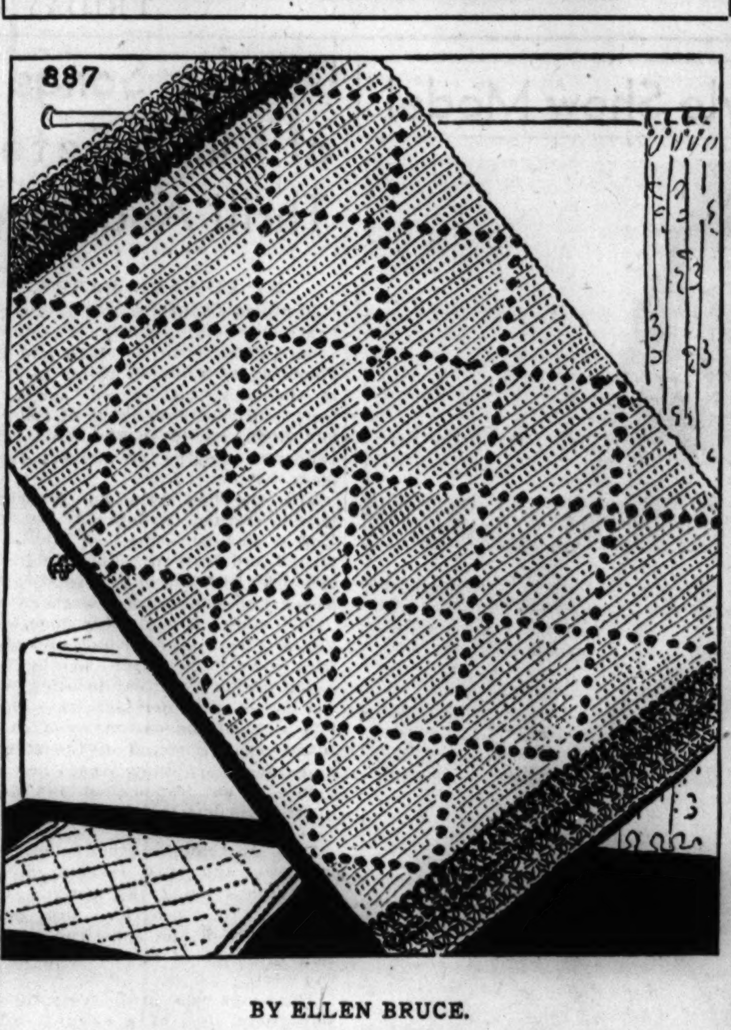
Do they make more noise than you thought humanly possible, and do they let off steam by standing on their heads or attempting to do somersaults in the middle of the living room at unexpected moments?

Don't worry too much if they do. It's all a part of the in-between years, and if you have a sense of humor you can laugh at most of their nonsense and bring order out of what seems to be chaos by being very firm and decisive when necessary.

Just remember that your children in these middle years are neither very little nor very big human beings. They are in a little understood part of the process of growing up, and it's a part of childhood out of which I find that some parents extract a great deal of pleasure, while others look upon it as quite a heavy burden.

If you take these years in the latter way you are losing a lot that is important and enjoyable, and your children are, too.

Crocheted Cotton Bath Mat



BY ELLEN BRUCE.

Crocheted cotton bath mats, done in a heavy four ply, boilproof and sunfast cotton, are an ideal choice for gifts. They require little time to create, and the diamond pattern included in the mat fashions an interesting design. This cotton is soft and easy to work with, and is available in about 25 different colors, so that any possible color combination is available to match the bathroom decoration or to contrast.

For instructions in crocheting this cotton bath mat, No. 887, send 10 cents in stamps or coin to the Needlework Bureau, Chicago Tribune, 220 5th avenue, New York City.

Only $17,000 Is Needed Now for Symphony

BY ELEANOR PAGE.

A report meeting held at a luncheon yesterday at the Palmer House by the men who are raising funds for the coming Chicago Symphony orchestra season was enlivened by the presence of some of the women's committee of the orchestra. Arthur Cable, who presided in the absence of Edward L. Ryerson, chairman, and Mrs. Telfer MacArthur, head of the women's committee, were surprised to find the women outnumbering the men.

The result was a pleasant party, and a worth while one, for after the reports had been given it was discovered the committee has come $3,000 nearer its goal of $47,700 since the last meeting. A total of $30,265 has been raised so far. Mr. Cable urged his fellow workers: "Let's tie into this right now before people get spring fever. Let's get that $17,000 quick."

Mrs. E. V. L. Brown, chairman of the Winnetka women's committee, had the largest sum to report. One of her prospects, she said, had offered a donation if Mrs. Brown could promise that there would be no war.

Mrs. George A. Kelly of the north side committee also had a considerable sum in subscriptions and pledges to report. Mrs. Thomas A. Connors, stunning in a hat that was a mass of white blossoms and a silver fox cape, dropped in long enough to report for Lake Forest.

Mrs. Werner Wieboldt, Mrs. Frederic W. Upham, who will be off next week for Tryon, N. C.; Mrs. Thomas I. Underwood, Mrs. Herbert Kennedy, Mrs. John C. Murphy, Charles H. Swift, whose wife was there briefly; Durand Smith, Cyrus H. Adams and his son, Cyrus III.; Mrs. Frank D. Mayer, Mrs. Solomon B. Smith, Sanford Otis, and Mrs. Robert McDougal were among those giving reports.

Looking at Hollywood
By John Chapman

Hollywood, Cal., May 8.—Preparation of the script for the Warners' movie about the life and works of George M. Cohan is running into a bit of family trouble. Various heirs and relatives want a piece, and ironing out the releases is a delicate job. . . . Eugene O'Neill is a pretty sick man. . . . Tip to Hollywood columnists: There's a Beverly Hills dealer in baby clothes who makes it his business to know what's coming, and he's 'way ahead of the professional gossip crowd. . . . Lucille Ball, who once was just one of the girls in Eddie Cantor's "Roman Scandals," has come quite a way as an actress, and her next assignment is her best to date. She'll play opposite Charles Laughton in "Through the Thin Wall," which is the new title RKO has dreamed up for Molnar's "The Play's the Thing." . . . If proper releases can be obtained Edmund Lowe and Victor McLaglen will once again be playing Sergt. Quirt and Capt. Flagg. It won't be a remake of "What Price Glory," but a new film RKO has projected titled "The Marines Are Ready." The actors are signed and the studio is working on Laurence Stallings and Maxwell Anderson for permission to use the Quirt-Flagg characters. . . . Columbia has signed Isobel Elsom to play the rôle she had on Broadway in the film version of "Ladies in Retirement." The studio is still hopeful of springing Lillian Gish out of the Chicago company of "Life with Father" for another of the three leads in the picture.

For the first time in a dark and creepy life your reporter has been taken as an emblem, token, or harbinger of good luck. It is a little too early to tell if he really is such, but if it is proved next month that he is, he will be on his way to riches. For he is going to demand and get a piece of Abbott and Costello. Only for a king's ransom—well make it a deuce's—will he visit the boys again.

I went yesterday to see what was shooting at Universal and they said they had the Abbott and Costello navy picture and I said I'd like to have a look. It was the second day of a heat wave, with the temperature up in the 90s, and the boys were working outdoors on the back lot. So I switched to my dark glasses and set forth. The scene being made was of Bud and Lou, in sailor uniforms, being slid out of a moving dump truck in the middle of street traffic.

As I arrived the truck had just finished depositing the boys on the pavement. Lou picked himself up, picked up his cigar and waddled over with a loud and affectionate greeting. "The picture," he chortled, "is in!" I looked dumb, which was no great feat, so he explained:

"Remember when you came to see us on 'Buck Privates'?" I remembered. They were doing a necktie pitch and a cop chased them into an enlistment headquarters. "Well," said Lou, "that was the only outside shot we had on that picture, and the only time you visited us. Now here's the next time and we're in the navy—and this is the only outside shot we got in this picture. I ain't worried any more. This one is in the bag." Bud Abbott, standing alongside, said nothing. He just looked worried.

May 24 in the interest of the Bethlehem settlement, 235 West 53d street. The Winnetka Garden Walk, as the tour is called, will extend from 2 to 6 o'clock and will include the homes of Mrs. Abel Davis, Mrs. Hugh Foresman, Mrs. Everett D. Graff, Mrs. Kingsley B. Colton, Mrs. A. Ballard Bradley, Mrs. William S. Warfield, Mrs. Langdon Pearse, and Mrs. George D. Smith. Mrs. Charles C. Shedd and members of the Bethlehem Settlement board, which she heads, have arranged for lunchon by reservation at the Indian Hill club to precede the tour.

Mr. and Mrs. De Forest Paine Davis [Lucile Swift] of Lake Forest are being congratulated on the birth of a daughter, Lucile, on Tuesday in the Presbyterian hospital. Mrs. George H. Swift came from Boston to welcome her granddaughter, and Mr. Swift is expected in Chicago the first of next week. Mrs. Percy B. Davis of Winnetka is the baby's paternal grandmother.

Mrs. Howard Linn arrived at home on Wednesday from the south. She and Mr. Linn are celebrating their 27th wedding anniversary today.

College Assembly Giving Luncheon-Dance June 21.

To welcome home college students this summer the College assembly is to give its third party since its organization about a year ago. It will be a luncheon-dance at the Racquet club on June 21. Mrs. Edward Bagley, Mrs. Walter Howell, Countess Bolognesi, Mrs. Howard, and Mrs. Thomas Condon are some of the women arranging the party. Miss Margaret Howell, who attends Mount Holyoke; Miss Betty Bremner and Miss Barbara McVoy, Manhattanville students; Miss Beverly Roach of Northwestern, and Miss Mary Beth Lawlor, who goes to Pine Manor, are some of the students active in the assembly.

Mrs. Ernest S. Ballard is giving an "interpretation" luncheon at her home in Winnetka today for the Winnetka, Glencoe, and Kenilworth women who are active as volunteers in the YWCA and their friends who are interested in knowing more about the organization's program, nationally and internationally.

Memories of the famed Mackinac races will be exchanged tonight at the Chicago Yacht club by skippers who have taken part in them. The event is a winners' dinner to be held at 6:30 o'clock in the Monroe street clubhouse.

SKEEZIX AND NINA!
COINCIDENCES ARE DOUBLING! THIS IS MISS TRIXIE TRAYMORE, SALLY. MISS TRAYMORE, MISS SNIPE.
YES, I'VE HEARD NICE THINGS ABOUT YOU TOO, MISS SNIPE.
WE'VE GOT A MAN WHERE WE WANT HIM, GIRLS. SHALL WE GIVE HIM THE THIRD DEGREE?
YES, AND WHATEVER HE SAYS WILL BE USED AGAINST HIM!
ALL I'VE GOT TO SAY IS THAT I COLLECT BLONDES LIKE A JUKE BOX COLLECTS NICKELS!

Numerology By Evelyn Holmes

May 9, 1941.

Universal day—Anxious thoughts and feelings. Keep in the background.

This week—It might be interesting to consider the symbols which the ancients gave to those special numbers, 11 and 22, which are going to be so potent this month, and especially around May 11. The symbols used to represent 11 are A CLENCHED HAND; this represents force, of course. The other two symbols are of a lion muzzled and of a young girl closing the jaws of a lion which crouches in rage by her side. This number 11 is called a number of violence, of power, fearlessness and genius. If the forces are not used constructively, it brings down violence on the cowardly but if, like the young girl in the symbolical picture, we have courage and bravely muzzle the lion, success is assured. We can only guess how the potentialities of this number will be used by those leading the people.

BY EDWARD BURNS.
[Chicago Tribune Press Service.]

Philadelphia, Pa., May 8.—When Pitcher Bill Lee knocked two homers for the Cubs here yesterday he really started a noble enterprise. Today Vern Olsen knocked a three run homer, thus assuring himself delightful relaxation in his pitching chore, a 5 to 1 victory over the Phillies.

It was Olsen's first success. The Chicagoans have won seven games, tho no pitcher has won more than once. Winners to date are Claude Passeau, Charley Root, Tot Pressnell, Vance Page, Larry French, Lee, and Olsen.

Olsen was a candidate for the honor of pitching the first Cub shutout until two were out in the eighth when Dan Litwhiler busted a homer. He had narrowly missed being scored upon in the seventh tho. Ben Warren walked with one out and should have scored easily on Bob Bragan's double to right. However, Ben fell on his face after rounding third and had to return to the bag, there to remain until Pinch Batter Tom Livingston struck out.

Pearson Becomes a Pal.

The Cubs made their first run with two out in the third inning and the other four in the fourth. All the runs were off Ike Pearson who has won three games in his major league career, two of them from the Cubs last season.

In the third, after Bill Myers and Olsen had supplied infield outs, Stan Hack singled and scored on Lou Stringer's triple. After Bill Nicholson and Hank Leiber had been disposed of in the fourth, Phil Cavarretta beat out a roller to Nick Etten and Clyde McCullough scratched a single off Merrill May's glove. Myers singled to center, scoring Cavarretta. Then Lefty Olsen, a right handed hitter, drove the ball into the left field pavilion, scoring behind McCullough and Myers.

Boom Boom Beck, who replaced Pearson in the fifth, had no difficulties in three innings and the Cubs didn't make a hit off Walter Bruner in the last two. Three of the Cubs' six whiffs were credited to Bruner, if one is to be credited for striking out a Cub these days.

Only Sluggers Fail to Slug.

Everybody in the Cub cast excepting the two muscle boys, Nicholson and Leiber, managed to make at least one hit. Hack had two singles, Stringer had that triple, Dom Dallessandro singled once, Cavarretta had three singles in four times at bat, McCullough had one single, Myers had two, and you remember Olsen's homer.

The Phillies made nine hits besides the homer that gave them their only run.

ORDER MINIMUM NEW YORK RACE PURSE OF $1,500

New York, May 8 (AP).—The New York state racing commission today instructed all New York race tracks, except Saratoga, to establish a minimum purse distribution of $1,500 and suggested that Jamaica make it retroactive for its spring meeting, which closes Saturday.

Increased attendance and pari-mutual handle was given as the reason for the order by Chairman Herbert Bayard Swope. The commission also ruled that the winning groom's fee of $10 be deducted from each purse except at Saratoga where the purse may remain at $1,200 minimum with the groom's fee added.

The state's tax revenue from pari-mutuel betting at Jamaica for the first 19 days of racing totaled $804,833, a 35 per cent increase over the corresponding 1940 period, the tax department reported in Albany today.

Pari-mutuel betting at Jamaica for the 19 days amounted to $14,950,030,

Taken for Granted.

Looking back now, down the trail of the years
'And those days so swiftly decanted,
I can clearly see and I think you'll agree,
That our mothers are taken for granted.
Like the sun and the moon, and the trees and the flowers,
So all firmly rooted and planted
Our mothers belong to those changeless things,
Yes—we just take mothers for granted.
But the sun can go down and the stars can grow dim
And an end come to days enchanted;
So, resolve today ere she goes away
Not to take mother too much for granted.

GOLFING DOCTORS CONCOCT A CURE FOR FIRST-TEEITIS

They'll Dish It Out Free, Starting Tuesday.

BY CHARLES BARTLETT.

Yes, sure, the dentist extracted that aching tooth. And when you had a pain in your right side you found that you had appendicitis. Then, seeing a few gals and boys hit golf balls, you came down with an ailment which no doctor of your acquaintance ever had diagnosed. That would be first-teeitis.

This malady, first-teeitis, is very evident upon one point. The sufferer shows symptoms which no other golfer evinces. He shudders, he goes into tizzies that no other prospective participant in any sport gives vent to. He is terrified at the prospect of standing up and swinging at a golf ball. This horror derives from the idea of appearing in front of folks and attempting to hit that insignificant dimpled onion before you.

After eight years, in which they have cured the majority of the 257,000 lesson takers they have administered to, the members of the Illinois section of the Professional Golfers' association feel that they will be able to apply the panacea to those fearful ones. They will use as their clinic the opening of the ninth annual free golf school conducted by THE TRIBUNE on the four courses of the Chicago park district next Tuesday night and for three evenings following that one.

It's Fear of Embarrassment.

This first-teeitis is the ailment which probably has prevented more golf-minded Americans from taking up the game of golf than any other encountered since the school, largest system of group instruction in any sport, was founded in 1933.

The patient is an obvious subject. He wants to swing a golf club, but has the human fear that he will embarrass himself in front of the known first tee scoffers [and a passel of them, incidentally, should get out and swing themselves]. Or he feels that he is going to slice. Or, yet again, he is going to hook. Still, once more, he just ain't going to hit that thing at all.

Dr. Thomas Walsh of Westgate Valley, national president of the PGA and one of the original founders of this institution, was also the discoverer of the germ which leads to this hindrance of a golf career by the people who should play it for fun, sunshine and exercise. He found that if the patients were given confidence, they could easily, thru the medium of group instruction, overcome this peculiar dread of ridicule.

'Here's Your Prescription.

If you happen to be suffering from this odd affliction, the chance to lick it is presented with the opening of The Tribune's ninth school next Tuesday night. It's easy enough. Here is the prescription:

Be at the park district course nearest your home or work 15 minutes before the official starting time—7 p. m.

Bring a club, preferably a driver for the first lesson. The professionals in charge at each of the courses will advise you whether you need a new club for the succeeding three lessons.

The four regular lessons will be given [all of them free of charge] on next Tuesday night, May 13; on Thursday night, May 15; on Tuesday night, May 20, and on Thursday night, May 22. Thirty-two pupils will be chosen at this last lesson of the regular series and will be assembled on Sunday afternoon, May 25, for the graduating exercises of the school.

The lessons will be given simultaneously on four courses: Columbus park, Jackson boulevard and Central avenue; Marquette park, Marquette road and Kedzie avenue; Jackson park, 63d street and Stony Island avenue, and Diversey, located in Lincoln park, at the foot of Diversey boulevard and Lake Michigan.

Buck Newsom Will Address Hyde Park Students Today

Manager Del Baker and Pitchers Buck Newsom and Schoolboy Rowe will address students of Hyde Park High school this morning in the school assembly hall, 6220 Stony Island avenue.

Private Henry Greenberg Meets His Buddies

Private Henry Greenberg (center), late of the Detroit Tigers and home run fame, gets acquainted with other recruits after completing the transformation from baseball player to soldier at Fort Custer, Mich. Greenberg then engaged in a series of classification tests which will help today to determine his assignment during his year's military training.

[Associated Press Wirephoto.]

Army Manual Is Greenberg's Rule Book Now

Fort Custer, Mich., May 8 (AP).—Private Hank Greenberg swapped his baseball rule book for a soldier's field manual today while completing his first day in an army uniform.

"I've got to learn the rules of this game," said the Detroit Tiger outfielder after receiving khaki uniform and military equipment. "You wouldn't play baseball without knowing what hits and runs are, would you?"

Army officers drew from Hank's attitude that he would be a good soldier. His top sergeant, Vernon Farrell, an army man for 13 years, said that he thought Greenberg to be "a good egg."

Classify Hank Today.

When Hank met Lieut. Col. Hammond K. Birks, commanding officer of the recruit reception center, he saluted stiffly, then shook the officer's extended hand.

"I didn't know whether to shake hands first and then salute, but I guess I followed the right procedure," Greenberg said later.

Tomorrow Greenberg will be classified as to his professional abilities, and the army then will try to apply his talents where they are most needed. The army at the moment doesn't need home runs, but Greenberg probably will be given an assistant athletic directorship. Top athletic jobs are held by officers.

Hours of Marching Ahead.

He will first complete a 13-week basic training program, however, in which there will be hours of marching each day for the raw rookies. Whether he remains here also will be determined later, altho Greenberg privately has said that if given preference he wished to stay in Michigan.

Thru Lieutenant M. J. Leslie of Detroit, Greenberg today was extended an invitation from the Michigan divisions at Camp Livingston, La., to choose the southern reservation. Lieutenant Leslie will leave here tomorrow for the camp with 300 men, but Greenberg will not be in that delegation.

Soose Is 5 to 9 Choice Against Overlin Tonight

New York, May 8 (AP).—Billy Soose gets a chance to settle an argument tomorrow night, and if he settles it in favor of Billy Soose he will leave Madison Square Garden with the title of world middleweight champion, New York sub-division.

The Farrell, Pa., lad with the college background meets champion Ken Overlin at 15 rounds, and the boys who back their opinions with cash have made the challenger a 5-9 favorite to take the crown.

This favorite position is due largely to Soose's superior punching power, and to the fact that in a non-title bout last summer he was awarded the decision over Overlin. Many ringsiders thought Overlin was entitled to no worse than a draw.

It also gives rise to a sort of proxy grudge against Soose on the part of the carefree ex-sailor. Overlin is convinced he was robbed in that previous meeting, and he blames Soose's manager, Paul Moss. He plots to get revenge on Moss by handing Moss' fighter a lacing. Overlin has nothing against Soose personally, except that Soose is a college man. He believes education is all right in its place, but its place isn't in the ring.

It was reported Soose has posted a $5,000 forfeit for a return match before Aug. 11 in event he wins, with promoter Mike Jacobs reserving the right to substitute Overlin's stablemate, Georgie Abrams, for Overlin. Abrams twice has defeated Soose.

The show, scaled from $7.50 down, is expected to draw a near-capacity house.

PICK BOB FOXX AS TENNESSEE FOOTBALL AID

Knoxville, Tenn., May 8 (AP).—Bob Foxx, baseball professional who starred in Tennessee's back field the last three years, today became an assistant football coach for the Volunteers.

Head Coach and Athletic Director John Barnhill said Foxx, 22 year old Knoxville native, would continue his baseball career in addition to the coaching duties.

Foxx is the property of the New York Giants of the National league. He was farmed to the Clinton, Ia., club of the Three-Eye league at the start of the season, where he has played outstanding ball.

Sox to Call on Dietrich Today Against Tigers

BY IRVING VAUGHAN.

Ted Lyons finally is going back on his Sunday schedule and the weather man has been credited with an assist by James Dykes, the White Sox boss.

Lyons, because of circumstances beyond the control of his boss, had become a Ladies' day pitcher, a role he would have assumed today against the champion Detroit Tigers if yesterday's final with the Boston Red Stockings hadn't been blotted out by showers.

With that game delayed, Dykes immediately rearranged his pitching plans in order to have his 40 year old youngster resume his old schedule when the Sox close their present at home stay Sunday, and this ritual will be observed, if possible, to the finish.

Dietrich's Aim Has Been Good.

Under the revised pitching arrangement Bill Dietrich will shoot at the Tigers this afternoon. If his aim is anything like that showed when he last faced them he'll not have much trouble shattering the Sox's present losing streak of four games. Dietrich blazed away at the Tigers in their own lair April 22 and had the second no-hit achievement of his career in hand until one was out in the ninth. Hank Greenberg broke the spell with a single, but he's in the army now. Rudy York broke it some more with a homer. He's still with the Tigers.

The day following Dietrich's two hit job the Tigers beat the Sox by employing Hal Newhouser, the kid southpaw. The same lad will see action this afternoon. However, he didn't win the April 23 decision by skill. The Sox pounded him for five runs which didn't amount to much because the Tigers gave him 13.

Send Dobernic to Brewers.

The Sox yesterday released Pitcher Jess Dobernic outright to the Milwaukee club, bringing the active list down to 27 or two above the limit which becomes effective midnight of May 15. Dykes will take care of half of this excess by removing himself as a playing eligible. The other to go probably will be a pitcher, either Orval Grove or Joe Haynes. These two alterations would leave ten pitchers, three catchers, seven infielders and five fly chasers.

The Sox will leave early Sunday evening for their first eastern jaunt of the year, opening Tuesday in Boston, after which they'll visit New York, Washington, Philadelphia, and Detroit.

BEAT ST. LOUIS IN 12TH, 5 TO 4, BEFORE 32,039

Pete Reiser Injured Making Catch.

(Picture on page 33.)

Brooklyn, N. Y., May 8 (AP).—The Dodgers snatched a 5 to 4 victory out of the shadows of dusk today with two singles in the 12th inning against the St. Louis Cardinals and moved into first place in the National league before a shrieking ladies' day crowd of 32,039.

The payoff came after two were out. Joe Medwick rammed a grounder at third baseman Jimmy Brown and went all the way to second when Brown overthrew first. The play was scored as a hit and an error. Then Cookie Lavagetto slashed the first pitch back at Brown, who deflected the ball past Shortstop Martin Marion for another single and the winning run.

The Park Is Jammed.

The game had started 3 hours and 21 minutes earlier with plenty of action for the standing room only mob, of which 21,418 were paying customers.

Brooklyn batted out a four run lead in the first two innings, then lost it and also the services of Pete Reiser, sterling young center fielder who crashed into the wall while catching Enos Slaughter's 400 foot liner in the second inning.

Reiser, who has been plagued by physical hard luck for three years, held on to the ball long enough to throw it to Medwick, then collapsed. A cut in the small of his back required two stitches and he probably will be out of the lineup till the Dodgers open in the west next week.

Cooper Has Some Trouble.

Mort Cooper made a faltering start for St. Louis. With two out in the first he walked Reiser, Medwick singled and Lavagetto doubled both home.

In the second Mort hit Mickey Owen, then advanced him to second on a wild pitch. Pitcher Luke Hamlin raised a fly into left field which went for a double when Terry Moore and Don Padgett collided, and Owen, who had been held at third, scored on an infield out. Then Billy Herman singled Hamlin in.

The Cardinals came right back with a run in the third on two walks and a double by Johnny Mize and tied the score by knocking out Hamlin in the fourth. With two out, Hamlin walked M. Cooper and Right Fielder Jim Wasdell misplayed three consecutive flies, all of which went for doubles and counted three runs.

Wicker Battles for Job.

Kemp Wicker, fighting to keep from being farmed to Montreal, took charge and yielded only five scattered hits in the next 8⅓ innings to get credit for the victory.

Cooper, after loading the bases with one out in the fourth, also settled down, pitching hitless ball for five innings. It was his first defeat.

Herman, the ex-Cub who got four hits in four times up in his first game with the Dodgers and two for three yesterday, was held to that lone single in the second inning in six times at bat today. This made his batting average for Brooklyn competition .538. Score:

Northwestern at Purdue.
Minnesota at Wisconsin.
Ohio State at Indiana.
Iowa at Chicago.

BY WILFRID SMITH.

While Illinois' baseball team is defending its share of the 1940 Western conference title in the critical games today and tomorrow at Michigan, Northwestern will defend the other portion of last year's championship at Purdue. Michigan is undefeated in the Big Ten and has won 12 of its 16 games this spring.

Illinois, altho defeated twice, has won five victories and by sweeping the series with the Wolverines would be very much in the title race. Northwestern has won three games and lost one. Coach Stan Klores of the Wildcats has selected Steve Meschuk, East Chicago, Ind., sophomore, to pitch the opening game this afternoon at Purdue. Another sophomore, Bob Motl, who had no pitching experience until he received instruction last spring as a freshman from Maurie Kent, will start tomorrow's game.

Michigan Is Favorite.

Michigan is easily the championship favorite at this stage of the race altho the Wolverines' four triumphs were registered against the inept Chicago Maroons and Ohio State. Subsequent games with Indiana and Northwestern, as well as this series with Illinois, will furnish a better test for Michigan.

As result of Michigan's easy games so far in the conference the Wolverines have a batting average of .329, one point ahead of Wisconsin, and are fielding .968. This latter mark is far ahead of the Hawkeyes who are second in this department with .937. George Harms, Michigan catcher, leads in batting with 11 hits in 18 times at bat and a mark of .611. Jack McLain of Ohio State is second with .588.

Meet Minnesota in Track.

While the baseball team is out of town, Northwestern's track team will be host to Minnesota and Chicago in Dyche stadium tomorrow afternoon. The Gophers should have no difficulty winning the triangular meet altho George Franck, Minnesota sprinter, will not compete against Myron Piker because of a leg injury received in the Drake relays. He will test his leg by running in the quarter mile.

Hugh Rendleman of Chicago, who took fifth in the Big Ten shot put a year ago with a toss of 47 feet 7⅝ inches, heads the Maroons.

MONARCHS WIN BY 7 GAMES IN CLASSIC LEAGUE

The Monarch Beers, winners of the Sunday division of the Classic Bowling league, added three more games to their lead by taking all three from the Ruppert Knickerbocker Beers as the league schedule ended last night at the White City recreation. They finished seven games ahead of the second place Pabst Blue Ribbon Bers.

The Pabsts won the title in the Wednesday division and finished seven games in front of the Monarch Beers, who finished second.

In losing two to the Pabsts last night, the Koenig Braus dropped to a tie for fourth with the Michelobs, and the Blatz, who defeated Schlitz twice, finished third. Scores:

RAND TO REQUEST MAY 28 SANCTION FOR ZALE-HOSTAK

Promoter Bill Rand will appear before Chairman Sheldon Clark and Commissioners Harry Scranton and Maj. Gen. Roy D. Keehn of the Illinois Athletic commission at Monday's meeting of the board seeking approval of May 28 as the date for a 15 round middleweight championship bout between Tony Zale and Challenger Al Hostak in Chicago Stadium, he said yesterday.

The chairman already has sanctioned prices for tickets to the event—$1.20, $2.40, $3.60, and $6, including tax. Mail orders are being accepted while the tickets are being printed. The tickets will go on sale Monday.

The promoter admitted Hostak has not yet returned his signed contract, but he is not worried.

"I've got Eddie's [Eddie Marino, manager of Hostak] wire of acceptance," he explained. "He'll sign necessary papers when he arrives with Al May 18."

Sammy Conn, New York middleweight, will meet Bishop Edwards of Morgan park in a five round contest heading an amateur boxing show tonight in Madison Athletic club, 4711 Madison street. Kenny Maloney, Gary lightweight, is paired with Julian Ford of Union park, and John Bouquet, Trafton's gymnasium heavyweight, with Pete Blouir of Savoy Athletic club.

Billy Bartush, Roseland heavyweight wrestler, and Jack Reeder of Boston will be opponents in a wrestling headliner this evening in Venetian hall, 139 East Kensington street.

Wabash Avenue Police Win City Bowling Title

The team representing the Wabash avenue station won the city-wide championship in the annual Chicago Patrolman's club's sweepstakes last night on the CYO alleys with a score of 2,893. Charley Moore paced the team with 678. The individual sweepstakes went to Ed Berger of the Wabash avenue station with 658.

Cubs Get Day of Rest; Reds Next on List

[Chicago Tribune Press Service.]

Philadelphia, Pa., May 8.—The Cubs left for Cincinnati early this evening. They have no game scheduled tomorrow. Larry French will pitch in Saturday's opener.

The Cubs will be home Tuesday morning, and will open with the newly rechristened Boston Braves that afternoon.

First inquiries by the Cubs on reaching Cincinnati will be in regard to Charley Root, who is there nursing a sore toe. No alarming bulletins about Charley's injury were received here today.

Failure of a new knee brace to arrive kept Augie Galan from playing center field today. Augie's oft-injured left knee was twisted again yesterday as he speared a liner from Nick Etten's bat, but he could have played with the new brace.

PLATAK SEEKS NEW HONORS IN CODEBALL MEET

Some 30 athletes, including Joe Platak, seven times national handball champion, tonight will open the ninth annual National AAU Codeball championship tournament on the Lawson YMCA courts. First matches are scheduled for 7:30 o'clock, with play continuing tomorrow afternoon and evening.

Codeball, a court game played much like handball except that the feet are the hitting medium instead of the hands, is especially popular in Texas, Iowa, and Illinois, and each state will have five or more representatives in tonight's openers.

Dr. W. D. Code, 64 year old inventor of the game, will be competing in his ninth tournament tonight. Dr. Code, a Chicago physician who credits his robust health to the fact that he eats only one meal a day, invented the game in the early 1920s, and it gained AAU sanction in 1929.

Besides Platak and Dr. Code, the defending champion, Walter Ebel of Moline, Ill., and the runner-up, Gus Magnussen, also of Moline, will compete.

20 COLLEGES TO SEEK TITLES IN ELMHURST MEET

Loyola university's prospects for a team victory in the Elmhurst intercollegiate invitational meet tomorrow afternoon were dimmed yesterday when Coach Alex Wilson withdrew Max Lenover, defending 880 and mile champion and record holder. Lenover will compete Sunday in the mile in the Memphis Cotton bowl carnival.

Upon Lenover's showing at Memphis and in the Central Collegiate conference meet at Marquette next month depends his entry in the National Collegiate at Stanford in June. Max's withdrawal leaves the half mile and mile titles wide open. As a freshman Lenover set the carnival and track records and had no competition last year in repeating his victories.

Wilson probably will not decide until tomorrow afternoon who will replace the Loyola junior anchor man on the mile relay team, which also is defending champion and record holder.

Twenty schools were listed yesterday by Director O. M. Langhorst as entered in tomorrow's meet. They are:

American College of Physical Education, Wright Junior college, Aurora college, Chicago Teachers, Elmhurst college, Eureka college, Illinois Normal university, Illinois Institute of Technology, Illinois Wesleyan, Loyola, Milwaukee Teachers, North Central, North Park Junior college, Teachers, Oshkosh, Wis., Teachers, Rose Polytechnical institute, Thornton Junior college, Western Michigan, De Kalb Teachers, Wheaton college, and Wilson Junior college.

Polio Swim Club to Hold Banquet Tomorrow Night

The Chicago Polio Swim club will hold its third annual banquet tomorrow night at 7:30 o'clock in the Central Plaza hotel. Dr. Harold A. Sofield of the Shriners' Hospital for Crippled Children will be the principal speaker. Club officers to be installed include James Hall, president; Bryan Savage, vice president; Louise Peterson, secretary, and Antoinette Zadlo, treasurer.

YANKEES TAKE 2D IN ROW FROM INDIANS, 5 TO 4

Ruffing Hits Home Run, but Needs Relief.

Cleveland, O., May 8 (AP).—Johnny Murphy, aided by two double plays, saved a one run lead for three and one-third innings today to give the Yankees their second straight victory over the first place Indians, 5 to 4.

But credit for the decision went to Red Ruffing, who helped himself to his third triumph of the season by hitting a home run, a double, and a single and driving in three runs before Ken Kelstner sent him to the showers by hitting a home run in the sixth inning. Score:

Boston, Mass., May 8 (AP).—Wes Ferrell, veteran Boston Braves pitcher, was given an outright release today, President Bob Quinn announced.

HUNTERS TO GET DOUBLE DUTY OUT OF DUCK STAMPS

BY BOB BECKER.

Duck stamps, purchased annually by more than one million sportsmen to finance waterfowl conservation in the United States will serve a double barrelled purpose in extending the work into Canada under a new plan announced by Ducks Unlimited, Inc.

The plan, simple in operation, involves merely the resale to stamp collectors of used duck stamps and the older they are the better, said L. H. Barkhausen, Illinois chairman of Ducks Unlimited, yesterday. Every waterfowl hunter must buy a one dollar duck stamp and paste it on his state hunting license. They become invalid after June 30 the following year.

Stamp Donations Asked.

Officers of Ducks Unlimited are urging sportsmen to donate used duck stamps to that organization. They may be sent to Ducks Unlimited, 342 Madison avenue, New York City. There is no need to remove the stamp from the old license. Just send them together.

L. H. Barkhausen said yesterday that thousands of philatelists are interested in these stamps. While nominal resale prices would mean little to the individual sportsman, the aggregate should gross a worthwhile sum for duck restoration. This stamp project is somewhat similar to the Duck-a-Nickel banks which Ducks Unlimited placed in shooting clubs last fall. Both call for small amounts of money but the totals are apt to net Ducks Unlimited sizable sums.

Use More Retrievers.

While sportsmen are digging up their old licenses and their duck stamps which are reminders of the 1940 waterfowl season, Chicagoland hunters also are looking ahead to the 1941 season and the use of more retrievers on their shooting trips next fall. The organization of the Chesapeake Bay Retriever Club of the Central States, the first of its kind in the middle west, is expected to boost the ownership of good water dogs for duck hunting.

Ferd A. Bunte, president of the club, said yesterday that already this new dog club has 58 members, all owners of one or more Chesapeakes. Sportsmen who wish further information about this Chesapeake Bay Retriever club and its work in behalf of this breed, may write Mr. Bunte at 3014 Payne street, Evanston.

BALLINDERRY, AT 26 TO 1, WINS IN 5 FURLONG RACE

Floataway 2d, Dora May 3d at Sportsman's Park.

BY HOWARD BARRY.

Ballinderry put on a strong finish yesterday at Sportsman's Park to win a five furlong sprint which brought together a number of campaigners well known to Chicago race fans. Andy Lo Turco drove the Hilltop Stock Farm's sprinter up on the outside after making the last turn. He caught the leaders 40 yards from the line and drew out swiftly to win by a length and a half. Floataway was second and Dora May third.

Ballinderry was the longest shot on the board—nearly 26 to 1. His backers collected $53.80, $20, and $9.60.

Set Down Jockey Keiper.

The stewards—Bill Hamilton, P. C. Galliger and J. J. Graddy—served further notice on the riders to the effect that Sportsman's Park may be just a half miler but it's run as strictly as tho it were Saratoga. They set down Jockey Paul Keiper for the remainder of the meeting, holding him responsible for some blocking which virtually eliminated Double Call from the race which Ballinderry won.

The incident occurred on the last bend. Double Call was racing along the rail just behind Dora May. Keiper sent Equistar up on the outside but he made the turn so sharply that crowding developed. Don Scurlock was forced to pull Double Call to avoid running onto Dora May's heels.

Another jockey, M. L. Fallon, also was suspended for the meeting for cutting across the field with Wild Pigeon in the dash for position soon after the start of the second race.

Odds-on Favorites Win.

Weather conditions failed to disturb the traditional ability of the Sportsman's Park fans to pick winners. Two outstanding favorites, Hasty Star and Miss Shopper, scored in the second and fourth races, respectively. The former was backed down to 7 to 10 odds and the latter to 4 to 5.

While Hasty Star was racing in the lead all the way the attention of the fans was distracted by the antics of a roan mare named Gin Fritters which slipped and fell on the first rush past the stands. Jockey Charley Ryan was thrown clear. After rolling over and over in the mud the boy regained his feet, avoided the thrashing hoofs of Gin Fritters, and scrambled into the infield, where he collapsed after an attendant had come to his aid.

Horse Crawls Under Fence.

Meanwhile Gin Fritters did an unusual feat for a thorobred. She crawled under the rail as tho she were a hunting dog, leaped a hedge, and took a short cut across the infield to join the other horses which were going into the back stretch by this time. Eventually she was captured unharmed. An examination showed that Ryan incurred nothing more serious than a severe shaking up, but he was sent to St. Anthony's hospital to recuperate.

The expert riding of Herb Litzenberger had a lot to do with Miss Shopper's victory. He kept his mount well in hand on every turn, racing in the better going about 10 feet out from the rail, keeping on almost level terms with Cahokian. When the latter began to flounder after reaching the stretch Litzenberger sent Miss Shopper up to score by a length and a half, while Miss Cedar was taking second place away from Cahokian.

N. U., Michigan State Golfers Play Tomorrow

Northwestern university's golf team, winner over Minnesota and Wisconsin in its last two starts, will meet Michigan State at Kildeer tomorrow. The match will serve as a tuneup for the encounter with Illinois' undefeated linksmen in Urbana Monday.

KANSAS NAMED 8TH CANDIDATE FOR PREAKNESS

Baltimore, Md., May 8 (AP).—Tony Pelleteri, the New Orleans horseman who owns the Millsdale stable with Mel Emerich of Chicago, said today he would start his colt, Kansas, in the Preakness at Pimlico on Saturday.

A son of Sun Briar, Kansas raced at Santa Anita last winter. In his most recent outing he finished third behind Ocean Blue, another Preakness candidate, in the Survivor stakes on Tuesday. With Kansas, the field for the Preakness probably will be made up of eight horses.

Last night's heavy down pour left the racing strip sloppy, but Charley Howard's Porter's Cap worked half a mile in a snappy 48 2-5, one second off the track record.

King Cole, the Wheatley stable's Preakness candidate, breezed a mile in 1:50 3-5 after the last race today. The colt worked the quarter in 25 seconds, the half in :51.4 and three-quarters in 1:20 4-5.

The probable Preakness starting field follows:

Horse.	Jockey	Prob. odds.
Whirlaway	Eddie Arcaro	1-1
Porter's Cap	Buddy Haas	4-1
Our Boots	Conn McCreary	6-1
Curious Coin	Irv Anderson	7-1
Ocean Blue	Ira Hanford	8-1
Dispose	Carroll Bierman	12-1
King Cole	Porter Roberts	20-1
Kansas	Henry Mora	50-1

RED SOX RELEASE HUGHSON.

Boston, Mass., May 8 (AP).—The Red Sox announced today that Tex Hughson, right handed pitcher, who had been brought up from Louisville, had been returned to that club on option.

PARKER PEN NET INCOME, SALES FOR YEAR CLIMB

President Predicts Larger Gains.

With sales volume showing an upturn of more than a million dollars, the Parker Pen company realized a substantial gain in net earnings for the fiscal year ended Feb. 28, Kenneth Parker, president, announced yesterday. Net income, exclusive of operations of the British company amounted to $530,390, equal to $2.70 a share, for the year. In the preceding fiscal year, the company had net income of $170,373, or 86 cents a share, including earnings of the British subsidiary.

Kenneth S. Parker.

In reporting the million dollar sales gain for the parent company, Parker informed stockholders that "we look for a larger increase this year."

Current Sales Larger.

"Domestic sales are currently running ahead of last year," Parker stated, "and a new type of fountain pen being produced by the company is meeting with an unprecedented welcome by retailers and the public."

Because of the stoppage of exports of pens and pencils to England, he reported that production of these products at the company's Canadian plant had been cut down to about 25 per cent of normal operations. However, Parker said that the factory has been operating on three shifts a day in the production of war materials.

He also indicated that armament production will begin soon at the company's main factory in Janesville, Wis. The company's headquarters also are in that city.

Wages Raised 7½ Per Cent.

Parker reported that the company on May 1 had effected a 7½ per cent wage increase for all employés of the domestic company with a year or more of service. Other employés, he said, will receive the same raise when they end their one year service period.

The Humble Oil and Refining company, with main offices in Houston, Tex., reported 1940 net income of $28,107,503, equal to $3.13 a share, compared with $29,950,288, or $3.33 a share, in 1939.

Net income of Parke Davis & Co. totaled $2,115,504, equal to 43 cents a share, in the first three months of this year, compared with $2,041,035, or 42 cents a share, in the corresponding quarter last year. Headquarters of this drug and pharmaceutical producer are in Detroit, Mich.

Altho the Burlington railroad made a substantial gain in net income during 1940, the annual report issued by Ralph Budd, president, showed that the company's bus division had a net operating loss of $86,923 for the year. In 1939 the bus division had a loss of $79,827.

As previously reported, the Burlington's 1940 net income amounted to $4,392,864, compared with $3,661,339 in 1939.

ELECT W. B. CARR FEDERATED 'AD' CLUB PRESIDENT

William B. Carr, western advertising manager of Time magazine, yesterday was elected president of the Chicago Federated Advertising club at a luncheon meeting in the Hotel Sherman. He succeeds E. R. Richer, vice president in charge of advertising for Hart Schaffner & Marx.

Other officers chosen were George DeBeer, Bauer & Black, Inc., first vice president; Mrs. Prudence Allured, Manufacturer and Confectioner's Publishing company, second vice president; Sidney Wells, McCann-Erickson, Inc., third vice president; John W. Ladd, United States Savings and Loan league, secretary, and Chester L. Price, City National Bank and Trust company, treasurer.

New members of the board of directors are Donald S. McKiernan of the George S. McKiernan company and Emmons C. Carlson of the National Broadcasting company.

Order Detroit Building Trade Strike Today

Detroit, Mich., May 8 [Special].—A general strike in the Detroit building trades industry was called today, effective tomorrow, in support of the AFL teamsters' union strike against building supply companies in the Detroit metropolitan area. The teamsters struck for higher wages.

In addition to the building trades, the teamsters threatened to extend their strike to include coal companies, and further, next week to include all trucking.

The strike extension involved the Detroit Building Trades council, an AFL affiliate which represents 45 unions in 22 building trades. The building strike is directed at all residential building projects.

Ed Thal, secretary of the Building Trades council, said that arrangements would be worked out to get materials to construction jobs on new armaments contract plants.

It was estimated that by tomorrow 7,000 men would be idle, including 2,000 WPA workers laid off today when teamsters refused to deliver crushed stone for a paving project.

FORD VOTE MAY 21

Detroit, Mich., May 8 (AP).—An employé election to determine a bargaining agent in the vast Rouge plant of the Ford Motor company, last major nonunion company in the automobile industry, was set for May 21 by the National Labor Relations board today.

Labor board officials, forecasting the largest single plant election on record, said that 85,000 employés would be eligible to cast ballots for the United Automobile Workers [CIO], the Federal Labor union, [AFL], or for neither. The board's regional office also scheduled an election at the Ford-Lincoln plant, employing about 3,500 men, for the same day. About 300 patternmakers at the Rouge plant will take part in a separate election pairing the UAW-CIO against the AFL Pattern Makers league.

HINT G. M. PACT NEAR

[BY THE ASSOCIATED PRESS.]

Indications came from the defense mediation board at Washington, D. C., yesterday that an agreement was near in the contract dispute between General Motors corporation and the United Automobile Workers [CIO]. A board official said the negotiations apparently were "crystalizing."

The board has been holding closed hearings for a week in an effort to avert a threatened strike in 61 G. M. plants employing about 160,000 workers. The union seeks a 10 cent increase in hourly rates.

Department of labor conciliators succeeded in ending a strike of drivers, maintenance men, and terminal employés of the Pennsylvania Greyhound bus line. It was agreed to arbitrate demands which included an increase from 4 to 5 cents a mile in the pay of drivers. The department said the approximately 1,400 striking employés would return to work today.

Settle Electrical Strike.

Settlement of a week old strike of CIO electrical workers at the Packard Electric division of General Motors, Warren, O., was announced, but the terms were not disclosed. The union asked a 10 cent increase in hourly wages. The plant, which makes wiring for airplanes, tanks, and tractors, employs 1,600.

CIO union and coal mine officials at Birmingham announced signing of a contract under which 9,000 of Alabama's 21,000 miners will return to work Monday. The contract, covering most of the state's commercial, rail connected mines, provides a basic wage increase of $1 a day.

The department of labor turned over to the mediation board a strike by the UAW-CIO at the Ex-Cell-O company, Detroit, manufacturer of machine tools and aircraft parts. Department officials said the union was seeking a wage increase of 10 cents an hour. The strike, begun May 5, involves 3,500 workers.

VICTORY BY AXIS WOULD HIT U. S. SYSTEM—KEYNES

New York, May 8 (AP).—John Maynard Keynes, British economist, said today the financial system of this country and England "could not function as it does now" if the axis powers won the war.

"Not only would America's normal relationship with Europe's financial system be cut, but in the event of an axis victory, I cannot even imagine normal relations between the United States and South America," he said on his arrival aboard Pan American Airways' Atlantic Clipper.

Keynes said the possibility of inflation in this country would have to be watched "carefully."

"When a country is at war," he continued, "all sorts of regulations and interference are accepted. We ourselves accept things now that we wouldn't have accepted a few years ago. You've got to take time in a democracy—things have to be done by stages."

ENGLAND'S NOTE CIRCULATION AT HISTORIC LEVEL

LONDON, May 8 (AP).—Note circulation of the Bank of England for the week ended May 7 was the highest in the bank's history, it was revealed in the bank's condition statement today.

Currency in circulation was increased by £2,623,000 [about $10,492,000], bringing the total outstanding to £625,973,000 [$2,503,892,000]. This is the 7th consecutive week of expansion necessitated to meet the steadily growing demand.

The statement also disclosed that gold holdings were increased by £136,000 [$544,000], the fifth rise in as many weeks.

Int. Harvester Domestic Sales Up 20 Per Cent

Domestic sales of International Harvester company thus far in the fiscal year to end Oct. 31 are 20 per cent larger than for the corresponding period a year ago, Sydney G. McAllister, president, told stockholders at their annual meeting yesterday in Hoboken, N. J. While United States customers' demands have increased, export sales are 16 per cent less than a year ago, he said.

Sydney G. McAllister.

Answering a stockholder's question about the profit outlook, McAllister said that "if the company is squeezed below by increased operating costs and above by higher taxes, profits naturally will be affected." He said that the company faces a problem in acquiring raw materials for its farm machinery because of the armament requirements.

Government Orders Grow.

McAllister said that orders from the United States and foreign governments now total about 40 million dollars. In addition, orders from private sources for trucks and tractors to be used in armament work amount to about 20 million dollars, he said.

Armament products which the company is making include shells, guns, gun carriage mounts, special military trucks, and tractors.

McAllister said that foreign investments are covered by reserves of about 30 million dollars, "more than sufficient to take care of the European investments." As far as is known, none of the company's plants in the war zone has been bombed, he asserted.

The six directors whose terms expired were reëlected.

Elect New Libby Directors.

Stockholders of Libby, McNeill & Libby, meeting in Portland, Me., reëlected seven directors and named as new members of the board Charles F. Glore, partner of Glore, Forgan & Co., and Edward B. Cosgrove, president of the Minneapolis Valley Canning company, LeSueur, Minn. They replace Harold H. Swift and E. G. McDougall.

The two new Libby directors were chosen to represent new stockholders in line with the government's packer's consent decree under which the Libby stock owned by Swift & Co. was distributed to the public recently.

The present directorate of the Allis-Chalmers Manufacturing company was reëlected at the annual meeting in Wilmington, Del.

OUTPUT OF STEEL IN APRIL REDUCED BY COAL STRIKE

New York, May 8 (AP).—Total steel production in April dropped to 6,757,728 net tons from the revised total of 7,131,641 tons in March, the American Iron and Steel institute reported today.

The decline was largely attributable to the soft coal strike which affected coke supplies and to one less working day in April than in March. Compared with April, 1940, however, the total was about 65 per cent higher.

The industry operated at an average rate of 97.6 per cent of capacity in April, compared with 99.7 per cent in March and 61.2 per cent in April, last year.

40 BY 20 FOOT LOOP SITE SOLD BY FIELD ESTATE FOR $166,000

One of the loop's smallest parcels of land, part of the site of the two story taxpayer recently completed at the northwest corner of Madison and Dearborn streets, fronting 40 feet on Madison and 20 feet on Dearborn, was sold yesterday by the Marshall Field estate for $166,000 to an undisclosed buyer, title being taken by J. E. Beach, attorney. The original Marshall Field bought this corner in February, 1892, for $200,000 according to Ward Farnsworth, who represented the Field estate in yesterday's sale.

The land is under a 99 year lease to the John R. Thompson estate, with 50 years yet to run, at an annual rental of $10,000. Taxes on the plot are $5,000 annually.

CAPITAL FOR BUILDING PROVIDED IN APRIL 13 TIMES VOLUME OF '40

New York, May 8 (AP).—New capital provided for construction purposes last month totaled $1,715,131,000, more than 13 times as much as in April, 1940, Engineering News-Record reported today. The total was made up of $1,646,337,000 in federal appropriations, $42,209,000 in corporate security issues, $26,395,000 in state and municipal bonds and $190,000 in Reconstruction Finance corporation loans for public improvements.

In the first four months of the year new capital for construction purposes was more than eight times larger than in the parallel 1940 period.

The agency also reported that last month's heavy engineering construction awards amounted to $381,563,000, the highest April volume ever reported. The total was 80 per cent larger than in April, 1940, but 16 per cent less than the heavy volume of March, this year.

Awards slumped this week to $72,241,000, or 40 per cent below those of the preceding week. Smaller federal contracts caused the decline. The total, however, was still 41 per cent above a year ago.

STORKLINE, AM. CHICLE CO. VOTE EXTRA DIVIDENDS

Extra dividends were declared yesterday by two companies. American Chicle company, Long Island City, N. Y., chewing gum manufacturer, authorized an extra of $1 in addition to the regular quarterly payment of $1 on the common stock.

The other extra of 12½ cents was ordered by the Storkline Furniture corporation, Chicago maker of juvenile furniture, together with the usual quarterly disbursement of 12½ cents on the common.

Directors of the Great Northern railway voted a 50 cent dividend on the 6 per cent noncumulative preferred shares. It was the second 50 cent payment this year. The board also reëlected Frank J. Gavin, president, and approved purchase of 17 Diesel-electric locomotives for approximately $2,000,000.

CHICAGO FIRM SHARES IN LARGE LOANS FROM RFC

The Reconstruction Finance corporation yesterday announced it had loaned four companies a total of nearly 5 million dollars to facilitate armament production. One of the recipients of the funds, the National Road Joint Manufacturing company, Chicago, will use $500,000 to help finance completion of a war department order for outdoor kitchen cabinets.

Tampa Shipbuilding company, Tampa, Fla., received a $2,017,000 loan for construction of facilities for making ships for the navy. Beech Aircraft corporation, Wichita, Kas., borrowed $2,049,200 in connection with its contract to make airplanes and parts for the army.

A loan of $180,000 was made by the RFC to American Cruiser company, Detroit. The company has orders the navy.

REPORT VISCOSE CORP. WILL FILE STOCK OFFERING

New York, May 8 [Special].—A registration statement covering stocks of the American Viscose corporation, an important unit in the rayon industry which was held in British control until a group of American investment firms bought it less than two months ago, is expected to be filed with the Securities and Exchange commission next week, it was reliably reported today. Preferred and common stock will be offered, it was said.

The pending deal will be the first involving the breaking up of British control of an American corporation in the program of converting British assets into cash to help finance the purchase of war materials in this country.

OPM Aid Calls Free Market Thing of Past

Washington, D. C., May 8 [Special].—Admittedly drawing a dark picture of the immediate future of American business, Douglas C. MacKeachie, deputy director of the division of purchases, Office of Production Management, today told the business advisory council of the department of commerce that the business man's free market to buy materials, sell his products and transport them is gone for the "duration of the emergency."

MacKeachie undertook to answer the question: "Just how is business not going to be as usual?"

He said that because rearmament needs come first the civilain trades will take what materials are left.

Arms Demands Growing.

Moreover, he continued, the demands of the rearmament program are growing larger week by week and "if you tie these two things together you can see that business is going to have to adjust itself to an entirely new condition."

Mac Keachie told the business group that, whereas in former years business operated under the shadow of surpluses, during the rearmament program it must act under the shadow of scarcities, either immediate or potential. He declared that rearmament requirements for consumer good are already beginning to interfere with consumer requirements.

Fewer Styles to Be Used.

Using textiles to prove his point, Mac Keachie said that one of the adjustments that may be required of business in fields where greater output is needed will be a reduction in the number of styles, sizes, models, and colors in many lines.

"There will be other cases in which there will be no choice at all," he said, adding this has begun to happen in aluminum appliances. He also predicted establishment of a transportation priority system.

FIRM BUYING OUT OF STATE RULED UNDER WAGE LAW

Federal Judge William J. Campbell yesterday ruled against a wholesale company in its contention that it was not subject to the fair labor standards act because all of its goods were sold within one state, altho shipments were received from other states. He denied a motion made by the Bridgeport Tobacco company, 3248 South Halsted street, to dismiss an injunction suit brought by the wage and hour division to restrain it from violation of the act.

Judge Campbell upheld the argument of Alex Elson, attorney for the division, who maintained that wholesalers who obtain their supplies from out of state, as the Bridgeport company does, are subject to the act despite where the goods are sold. Attorneys for the company claimed that the company was not engaged in interstate commerce because all of the products were sold within Illinois.

MONETARY POWER EXTENSION URGED BY MORGENTHAU

Washington, D. C., May 8 (AP).—On the ground that the nation is approaching times of "peril," Secretary of the Treasury Henry Morgenthau Jr. made "the strongest possible recommendation" to congress today to continue the 2 billion dollar currency stabilization fund and President Roosevelt's power to revalue the dollar.

At the same time he disclosed to the house coinage committee that the stabilization fund, in "far flung" operations, had sold gold to Afghanistan, Java, Uruguay, and 15 other unnamed countries.

Both the fund and the dollar powers expire on June 30 this year unless congress renews them. Morgenthau appeared as first witness on legislation, requested by the President, to extend both for an additional two years. He called the stabilization fund "a potent weapon of defense."

Stimson Asks U. S. Control Over Philippine Exports

Washington, D. C., May 8 (AP).—The war department asked congress today to extend federal control over exports to include shipments from all territories and possessions—an extension which would apply to Philippine exports to Japan. In a letter to Speaker Sam Rayburn, Secretary Henry Stimson said "the United States is attempting to conserve all resources essential for its national defense and at the same time allowing articles and materials essential for that purpose to be removed from one of its dependencies without restriction."

FEDERAL ACTION HALTS ADVANCE IN COMMODITIES

Brokers Restricted in Giving Credit.

A week's swift advance in commodity futures prices appeared definitely checked yesterday after a warning by the department of agriculture that it was ready to take immediate action to prevent excessive speculation. A few hours after the federal warning and request for remedial action, the executive committee of the New York Produce exchange met and imposed limitations starting today.

Traders on the exchange for the first time in history must post uniform minimum margins on their dealings for future deliveries of cottonseed oil, soy bean oil, tallow, and pepper. In addition, the maximum on brokers' credit to their clients was lowered from $25,000 to $10,000.

Cottonseed Oil Rise Hit.

The government warning was contained in telegrams to the produce exchange and the New Orleans Cotton exchange. Cottonseed oil, which has climbed rapidly almost without interruption to four year peaks during the last two months, was singled out, the messages stating there were "current indications of excessive speculation" in the staple.

The request for remedial measures came from J. M. Mehl, chief of the agriculture department's Commodity Exchange administration, who told the exchanges action was necessary "in the public interest." Commodity futures markets under CEA supervision also include grains, cotton, lard, butter, eggs, and wool tops.

When the New York Produce exchange opened yesterday, operators appeared nervous and a series of liquidating orders abruptly stopped a general advance.

Price Nearly Doubled.

Cottonseed oil futures dropped 0.22 to 0.30 cent a pound at the opening, then steadied to close with losses of 0.12 to 0.20 cent. The staple, which has been in increasingly heavy demand, is now above 10 cents a pound, compared with about 5½ cents last fall.

Wool top futures backed away from modest opening gains, but were able to end unchanged to 0.1 cent a pound lower with demand stimulated by announcement of opening of bids for woolen army clothing and increased trade concern over shipping difficulties. The May contract went to $1.32 4/10 a pound at the day's high, record price paid for any delivery in the 10 year history of the New York Wool Top exchange.

The federal warning apparently influenced other staples not under the supervision of the agriculture department. Cocoa, hides, and rubber, which have climbed sharply in recent weeks, closed with small gains, while Santos coffee declined and domestic sugar was narrowly irregular.

Butter Futures Slide.

October egg futures recovered partly from an early slump to close 0.25 cent a dozen lower at 24.60 cents with the support of a firm cash market. The May and June deliveries lost 0.10 to 0.15 cent.

November butter futures backed down sharply from Wednesday's 11 year high on the Chicago Mercantile exchange. A report that New Zealand, an important dairy products exporter, is preparing to begin trade negotiations with the United States on butter and cheese restrained buying.

The butter contract closed off 0.55 cent at the day's low of 35.65 cents a pound. Cash prices held firm at their top levels for May since 1930. Cheese futures were steady and finished a quiet trade unchanged at the record price of 21.50 cents a pound for the November position.

CHICAGO STORES' SALES TOP YEAR AGO 13 PER CENT

The Federal Reserve Bank of Chicago yesterday reported gains in department store sales here and in cities in the seventh [Chicago] reserve area. Trade of Chicago stores increased 5 per cent last week over the preceding week and was 13 per cent above the corresponding 1940 week. Aggregate gain for all cities in the district was 9 per cent over the preceding week and 18 per cent over 1940.

The federal reserve board said that for the entire nation department store trade increased 14 per cent last week over 1940.

CHICAGOANS INVITED TO SAMPLE SOLDIERS' MODERN BILL OF FARE

The army quartermaster corps will give Chicagoans a chance to see and sample the kind of food on soldiers' bill of fare at an exhibit to be opened Sunday in the Morrison hotel. Lieut. Col. Rohland H. Isker, in charge of the Chicago quartermaster depot subsistence research laboratory, will set up the display for the Spring Exposition and Health Food Show at the hotel.

According to Col. Henry B. Barry, commanding officer of the Chicago depot, modern methods of cooking and serving army food will be shown at the exhibit, along with kitchen ranges, utensils, and vitamin analyses of various foods. The differences between world war and present menus will be emphasized.

Visitors will be given the opportunity of sampling the canned "type C" ration which will be fed soldiers when perishable foods are not obtainable. The exhibit will be open thru Thursday.

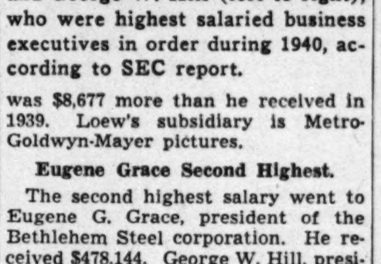
Salaries Paid by Hollywood Top 1940 List

[Chicago Tribune Press Service.]

Washington, D. C., May 8.—The end of the rainbow and its pot of gold are in Hollywood. This was disclosed today in a study of dozens of annual reports for 1940 filed by large corporations with the Securities and Exchange commission.

Motion picture executives and movie actors and actresses again captured the highest salaries. As a group they continued to outrank corporation executives and bankers.

Louis B. Mayer, director of production for Loew's Inc., motion picture corporation, maintained his top ranking as the nation's highest salaried executive. He received $697,048. This was $8,677 more than he received in 1939. Loew's subsidiary is Metro-Goldwyn-Mayer pictures.

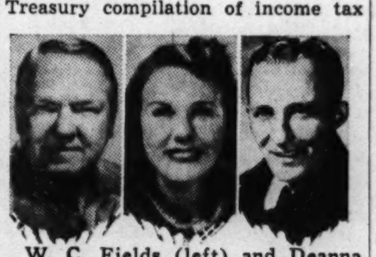


Louis B. Mayer, Eugene G. Grace, and George W. Hill (left to right), who were highest salaried business executives in order during 1940, according to SEC report.

Eugene Grace Second Highest.

The second highest salary went to Eugene G. Grace, president of the Bethlehem Steel corporation. He received $478,144. George W. Hill, president of the American Tobacco company, was a close third at $456,415.

These are not the top incomes of the nation, but the top salaries. Many persons who get more moderate salaries, or even none at all, have larger incomes from stocks and bonds. Treasury compilation of income tax statistics listed 41 persons as having incomes above the million dollar mark.



W. C. Fields (left) and Deanna Durbin led Hollywood actors and actresses in salaries during 1940 reported up to the present time. Bing Crosby (right) took a pay cut.

Two other Loew's executives captured fourth and fifth places. They are Hunt Stromberg, supervisor of production, at $332,267, and Nicholas M. Schenck, president, at $318,881.

W. C. Fields Tops Actor List.

Financial king of the movie actors in reports made thus far is W. C. Fields at $255,000. Financial queen is youthful Deanna Durbin at $209,833. Both draw their pay checks from Universal Pictures Company, Inc. The same company gave Bing Crosby, crooner, a pay cut. He drew only $150,000 as against $260,000 paid him in 1939 by Paramount.

Other movie companies have not yet reported their salary lists. When these are in the list of salaries in the $200,000 to $300,000 bracket is expected to swell.

Executives in this bracket included two American Tobacco company vice presidents, Paul M. Hahn and Vincent Riggio, at $251,849 each. Harry F. Sinclair drew $200,930 as executive committee chairman of Consolidated Oil corporation.

Ernest Weir Gets $245,400.

Ernest T. Weir received $245,400 as chairman and George R. Fink only $100 less as president of the National Steel corporation. Others in this bracket were Walter S. Gifford, president of American Telephone and Telegraph company at $210,150; Robert C. Stanley, president of International Nickel Company of Canada, Ltd., at $215,350, and Harry W. Bracy, manager of the Kroger Grocery and Baking company at $206,402.

The Container Corporation of America paid its president, Walter P. Paepke, $190,243. Two directors of Bethlehem Steel corporation, Quincy Bent and Robert Mackall, each received $179,443. Robert E. McMath as vice president and Frederick A. Shick as controler each drew $139,506 from the same corporation.

G. W. Vaughn received $148,671 as president of Curtiss-Wright corporation, and B. S. Wright got $72,573 as vice president. National Distillers Products corporation paid $165,000 to Seton Porter as president and $98,014 to Charles L. Jones as executive vice president.

Other Corporations Listed.

Other corporations reported peak salaries as follows:

Sperry corporation, New York, $147,200, to Thomas A. Morgan as president and $155,908 to Harry F. Vickers as president of two subsidiaries; **National Acme company,** Cleveland, $80,000 to F. H. Chapin as president; **International Paper company,** New York, $97,674 to R. J. Cullen as president.

American Rolling Mill company, Middletown, O., $106,213 to Charles R. Hook as president; $78,076 to Calvin Verity as general manager, and $74,900 to George M. Verity as chairman; **United Gas Improvement company,** Philadelphia, $90,000 to John E. Zimmerman as president; **Consolidated Oil corporation,** New York, $101,040 to E. W. Sinclair as executive vice president and $123,000 to Patrick J. Hurley of Washington for legal service.

Crown Cork and Seal Company, Inc., New York, $100,200 to Charles E. McManus as president; **American Telephone and Telegraph company,** $101,799 to C. P. Cooper as vice president; **Thompson Products company,** Cleveland, $91,254 to F. C. Crawford as president; **Borg-Warner corporation,** Chicago, $90,050 to C. S. Davis

CHARGES DRIVE TO NATIONALIZE ALL INDUSTRY

Pettingill Says War Used as Screen.

Many interests in America and England, using the war as a screen, are trying to nationalize all industry, Samuel B. Pettengill, of South Bend, Ind., former congressman, declared last night at a banquet of the National Small Business Men's association in the Palmer House.

Samuel B. Pettengill.

Pettengill said that the United States should stay out of the war, and expressed the fear that wartime controls, once invoked, would not be removed when peace returned.

If the attempt to nationalize industry should succeed, "we will have fought Fascism in Germany in order to establish it at home," he declared. "We cannot finance war thruout the world and maintain our accustomed standard of living.

30 Billions in Three Years.

"In the next three years it is planned to spend on armaments at least 30 billion dollars. That is equal to the assets of all life insurance companies, which represent the savings of decades.

"There is of course a temporary boom, but it will be short lived. Business men, particularly small business men, face problems more serious than at any other time in our history. Caught between a rising wage and tax scale and a government ceiling over prices, the nation will come out of this period to face another depression without the huge financial reserves we had in 1929."

De Witt M. Emery of Akron, O., president of the organization, said the armament program can be accomplished if the business men of the country get behind it.

Demands Coöperation.

But he added:

"I do not believe it any more than fair that we demand the same type of coöperation that the government demands of business. I refer to the reform program—the Securities and Exchange commission, the National Labor Relation board and the department of justice.

"The department of justice has been persecuting under the Sherman, [antitrust] act many companies whose total output is necessary to defense of the country. Business men are called to Washington time and time again, when they should be on the job getting full production."

J. Raymond Tiffany, the association's general counsel, called upon business men for scientifically planned coöperation to eliminate production bottlenecks.

Suggests Pooling Plants.

At an afternoon session of the meeting, a representative of the Office of Production Management suggested that factories with not more than five employés pool their equipment and working forces into units employing at least 25 men so they could participate advantageously in armament subcontracting.

The OPM spokesman, James P. Economos, Chicago attorney and national secretary of the Junior Bar conference of the American Bar association, said the physical pooling of small plants was urged because a factory with facilities for 25 workers can qualify for arms subcontracts more readily than a plant with fewer employés.

At least a portion of every plant should be devoted to arms work, Economics said, because such contracts will enable the plants to keep their employés at work when curtailment of raw materials for civilian use further reduces normal production.

COAL INCREASE BOOSTS FREIGHT TRAFFIC TO PEAK

Revenue freight loadings in the United States during the week ended May 3 increased 72,599 cars, or 10.1 per cent, over the preceding week to a 1941 peak of 794,301 cars, the Association of American Railroads reported yesterday. The rise was due mainly to the resumption of operations in the bituminous coal mines which expanded coal shipments 53,607 cars. Coal loadings, however, were nearly 30,000 cars below the same week last year.

Loadings were the largest for any week since last Nov. 2 and largest for the corresponding week since 1930.

The total increased 128,754 cars, or 19.3 per cent, over the corresponding week a year ago and 222,276 cars, or 38.9 per cent over 1939.

Loadings of the various commodities compare as follows:

Bank Clearings Continue to Top Year Ago in May

New York, May 8 (AP).—Bank clearings in the first week of May continued far above last year, Dun & Bradstreet reported today. Check transactions for 23 cities totaled $6,490,521,000, a gain of 21 per cent over a year ago and $430,499,000 over the preceding week. Clearings in Chicago totaled $372,900,000, up 14.4 per cent. The New York total was $3,625,474,000, an increase of 16.2 per cent over 1940.

RALLY ATTEMPT FAILS AS STOCK MARKET DRIFTS

Fear of U. S. Entry Into War Chills Buying Ardor.

New York, May 8 (AP).—Stocks attempted a half-hearted rally in today's market, but most failed to make the grade.

The Associated Press average of 60 stocks was off .1 of a point at 39.8, a duplication of yesterday's slip. Transfers amounted to 440,400 shares compared with 558,560 Wednesday.

Encouraging business news, brokers said, was offset partly by growing fears the United States was about to become an active participant in the European war. Extension of governmental priorities on materials and persistent tax worries also apparently chilled bullish sentiment.

Rail Shares Higher.

A more than seasonal upturn in last week's freight loadings to the highest mark since early last November aided scattered rails. Ending a trifle ahead were New York Central, Pennsylvania, Southern Railway, Great Northern, and Pere Marquette preferred.

Sears-Roebuck and J. C. Penney clung to modest gains as retail spending was reported maintaining its momentum. Anaconda, Kennecott, Texas corporation, and Phillips Petroleum were a shade higher.

CHICAGO PRICES SLIP.

Shares on the Chicago Stock exchange yesterday slipped fractionally in a dull market. Transfers totaled 13,000 shares, compared with 17,000 Wednesday. Commonwealth Edison, the trading favorite in turnover of 1,300 shares, closed at 26¼, unchanged.

A comparison of several dually listed stocks, showing the changes from the New York close during trading from 2 to 2:30 o'clock, follows:

	N. Y.	Chgo.	Chge.
Borg-Warner	16¼	16½	+ ¼

COTTON

Cotton futures slumped over .10 cent a pound at the opening yesterday on general selling induced by a report that the Commodity Exchange administration had taken action to prevent excessive speculation in cottonseed oil. Opening prices, however, proved to be the lowest of the day, as heavy buying by domestic mills and houses with foreign connections absorbed the offerings and brought a rally of around ¼ cent a pound from the early low. Hedging sales and profit taking caused a reaction from the best prices and the close was .01 cent lower to .08 cent higher.

Sale of a membership on the New York Cotton exchange was made yesterday at $4,000, up $250 from the last transaction.

Cash cotton closed .01 cent lower to .03 cent higher, with New York, 12.33 cents; New Orleans 11.97 cents, and Galveston and Houston 11.75 cents a pound. Futures prices follow:

EXCHANGE OPENS FIGHT AGAINST SEC RULE ORDER

Denies Power to Abrogate Multiple Trade Ban.

Washington, D. C., May 8 (AP).—Counsel for the New York Stock exchange asserted today that the Securities and Exchange commision had no authority to require changes in the exchange's rule against so-called multiple trading. SEC counsel alleged that the rule "usurps the function of this commission and strikes at the very heart of the regulatory scheme" of the law.

Attorneys for both sides submitted briefs during oral arguments before the SEC on a demand by the commission that the exchange modify a regulation which prohibits its members who also are members of regional exchanges from trading as principals on regional exchanges in securities listed on the New York board.

First Full Test of Power.

The proceeding constitutes the first full test of the SEC's regulatory power over national exchanges under the securities and exchange act of 1934.

Noting that regional exchanges exist because the SEC has registered them and granted certain rights under authority of the 1934 act, commission attorneys asserted:

"The New York Stock exchange has arrogated to itself the power to limit its members' participation in such trading.

Injures Other Exchanges.

"The very importance of the NYSE and its membership is such that this prohibition substantially impairs the ability of the regional exchange to conduct the trading which congress and this commission have authorized it to conduct."

Exchange counsel argued that there was "no element of unfairness to regional exchanges" in the rule and that it would actually "eliminate the advantage which some dual members now have over local members," and would "remove a presently existing unfairness."

GENERAL MOTORS CONSUMER SALES TOP ALL RECORDS

Customers Buy More than Factories Turn Out.

New York, May 8 (AP).—General Motors corporation broke all its previous one-month sales records in April, the company announced today, selling more cars and trucks to consumers within the United States than it ever before had sold in the same length of time thruout the world.

The new record, 272,853, ran 17,000 ahead of the month's sales to dealers in the United States and Canada plus export shipments.

Dealers' Stocks Reduced.

Company officials said this indicated a large reduction in dealers' stocks, inasmuch as customers were buying automobiles faster than General Motors' factories could turn them out.

Until April sales were recorded, General Motors' best selling month had been March of this year. These two record smashers helped place the first four months of 1941 at the top of all one-third year records with sales to dealers in the United States and Canada plus exports of 965,601 units. This compared with the previous high of 750,837 established in 1929 and the previous second best mark of 745,929 set last year.

April Dealer Sales Up.

April sales in this classification totaled 255,887 compared with 247,683 in March and 196,747 in April, 1940.

Sales to dealers in the United States alone were 233,735 units, compared with 226,592 in March and 183,900 in April, 1940.

The April sales total of 272,853 cars to domestic consumers compared with 253,282 in March and 183,481 in April, 1940.

SELL 114 MILLION WORTH OF BONDS, STAMPS IN WEEK

Washington, D. C., May 8 (AP).—The treasury announced today it sold $114,880,000 worth of defense savings stamps and bonds in the first week of the campaign which began May 1.

The figure represented cash receipts reported by federal reserve banks and postoffices, and since most of the bonds are sold on a discount basis, the face value of the bonds sold was much larger.

E. J. Herrick is the newly appointed field supervisor for the Chicago branch office of the Continental Assurance company.

BONDS ARE MIXED WITH LOW PRICE RAILS IN VOLUME

New York, May 8 (AP).—The bond market continued to move irregularly today. Rails and industrials were up slightly on average while others either lost small amounts or remained stationary.

Volume rose to $10,425,650, face value, largely because of heavy turnover in a group of low priced rails. This compared with $9,780,500 Wednesday.

United States government issues leaned generally to the offside on both the stock exchange and over the counter.

Day by Day on the Farm by BOB BECKER

Farm Shares Lilacs.

May 8, 1941.

A BIG truck—one of the workers called it "the biggest flower vase on the farm"—was filled with fragrant lilacs at the farm this morning and sent to Chicago. The farm workers cut the blooms for shipment to Chicago hospitals as their contribution to the lilac days sponsored by the Chicago Plant, Flower and Fruit guild and THE CHICAGO TRIBUNE. The task gave the boys plenty of work to do with their clippers and stepladders.

There are about 25 different varieties of lilacs on the farm, including a number with purple flowers of varying shades and also several whites. Thanks to the almost perfect spring weather this season the farm has a big crop of lilacs. This made it possible to send a large shipment of these flowers to Chicago shut-ins.

Martins Win Feud.

The annual battle between the pesky English sparrows and the purple martins is just about over. And the martins are the victors in the fight for possession of the roomy nesting boxes. Each year the farm sets out several good sized martin houses. This year they were erected in an open field and when the sparrows moved in and no martins appeared the boxes were lowered. This move ousted the sparrows but we noticed that they hung around hoping that the good looking nesting sites would be available later. When the first martins appeared up went the houses again.

These useful birds have had to put up quite a battle against the sparrows since the first day they arrived from the south. But they now have the sparrows pretty well licked. Let a sparrow make an appearance around one of the nesting boxes and it's the signal for an all out attack against him. The farm now has six martin houses erected in an open grassy area near one of the farm homes. Two of these apartment houses are just about filled with martins and all of the others have some martin residents.

The Karakul sheep which recently arrived on the farm are so tame and are settling down so quietly into their new scheme of living that they unconsciously add a delightful pastoral touch to one corner of the farm.

Pretty Pastoral Scene.

When we dropped in to have a look at these animals they were in an orchard close to the yard where the Southdown ewes and lambs are kept early in the spring. The apple trees in the orchard were covered with blossoms. Chickens were close at hand clucking contentedly as they looked for food, and occasionally the shrill four-eleven alarm cry of the guinea hens could be heard from one corner of the orchard. Quietly minding their business in this typical farm setting were the Karakuls.

As soon as we stepped into the yard up came one of the brown ewes and her lamb. She nuzzled the flockmaster's hand and then stood quietly as if she were accustomed to receiving attention from people. The little coal black lambs are so good looking and have such a perfect marcel wave in their shiny black coats that it's hard to believe they develop into mature animals with coarse stringy wool. In fact, these little lambs are easily the best looking lambs we've ever seen.

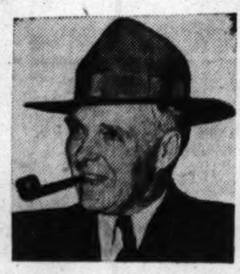
BIG GROWER ASKS WHEAT FARMERS TO KILL QUOTAS

Casement Terms U. S. Plan Threat to Liberty.

The American people must save their government "from itself," a Kansas wheat grower declared yesterday in a prepared statement in which he attacked the forcing of marketing quotas on wheat farmers.



Dan Casement.

"At the end of this month the department of agriculture will conduct a referendum vote to decide how much wheat farmers will be permitted to sell," said Dan Casement, large scale wheat grower and cattle raiser of Manhattan, Kas.

"If two-thirds of the farmers vote in favor of quotas, the government will forbid all to sell or feed any of their wheat now growing in excess of a predetermined quantity. For each bushel disposed of in excess of the quota, the farmer will be fined at the rate of 50 cents a bushel, if congress carries out present intentions.

Drop Loans if Vote Loses.

"Should the referendum fail to carry, the government will refuse to loan money on wheat at artificial values, as it has done during recent seasons. If the referendum fails, political farm leaders predict the price of wheat, unsupported by government loans, will decline to around 30 cents a bushel."

Casement declared it was time for those who will vote in the referendum to consider the serious implications involved.

"The proposal to fine an American citizen for selling any wholesome product which he himself has raised and owns is a plain violation of the bill of rights, no matter how many of his fellows may have expressed their willingness to waive those rights," he said. "It compromises farmers' freedom.

Threat to Liberty.

"Faced, as we now are, by a foreign threat to our liberty, can we have any very deep incentive to defend it, if we ourselves abet the intent of our own government to abridge it?

"Obviously we can righteously pledge 'our lives, our property, and our sacred honor' only in defense of an honest government. Apparently in order now to restore its honor we must save it from itself.

"No more impressive step in that direction could be taken than an overwhelming defeat of the referendum on wheat quotas. Thus the wheat farmers, at least, could give proof of their own integrity and of their loyalty to their country and its constitution."

Federal Mine Inspection Bill Signed by President

Washington, D. C., May 8 (AP).—Legislation to require federal inspections of mines was signed into law today by President Roosevelt. It requires one annual inspection by the federal bureau of mines and permits additional inspections in the bureau's discretion.

ASSOCIATES INVESTMENT.

My mother has been urged by a securities house in her town to switch from some bank stock she has into Associates Investment preferred. The dealer says this latter stock earned an average of more than $44 a preferred share in the last five years, or nearly nine times its dividend requirements. I would like a report on the company.—F. W. T.

Answer: The 5 per cent cumulative preferred stock of $100 par value of Associates Investment company, South Bend, Ind., currently is rated of excellent investment grade. Its annual dividend requirement of $5 a share has been covered amply every year since 1926. This coverage ranged from 6 to 16 times.

The preferred stock has prior claim over the common stock to cumulative dividends and to assets. Both stock issues are junior to 6 million dollars in bank loans. There are outstanding 98,700 shares of preferred stock and 456,747 shares of no par common stock.

The company and its subsidiaries are engaged in direct or indirect financing of instalment sales of new and used automobiles and other personal property. The organization had 70 branch offices in 20 states and in Washington, D. C., at the end of 1940.

Altho gross business of the company in 1940 was the largest in its history, net income for the year fell short of the peak reached in 1937. Earnings results in the last five years follow:

	Net income.	Earned per com.	Dividends per com.
1936	$3,112,536	$7.01	$2.75
1937	3,221,038	6.98	3.75
1938	2,405,195	5.04	2.00
1939	2,828,916	6.05	2.50
1940	3,007,501	5.60	3.00

Dividends on the preferred shares are being paid regularly. A quarterly payment of 50 cents a common share was made last March 31. Common dividends have been distributed without interruption since 1922.

CONVERTIBLE STOCK.

What is the nature of convertible stock?—G. E.

Answer: Convertible stock may be exchanged within a specified period and on stipulated terms for another type of security issued by the same corporation. Usually the conversion feature is applied to preferred shares to make them more attractive to investors.

JOBS!

To make sure you pass up no worthwhile employment opportunity, follow the Help Wanted columns in the Tribune which prints more than 2 times as much Help Wanted advertising as all other Chicago newspapers combined.

TIP!

If you lack the training needed to qualify you for one of the big pay jobs now opening up, review the regular and short courses offered to men and women in the Trade Schools, Instruction, Musical and Dramatic, and Dressmaking and Millinery Schools columns in the Tribune want ad section.

HELP!

When you need help, phone your Help Wanted ad to SUPerior 0100—Want Ad-Viser—before 5:30 p. m. and you can begin to interview applicants* as soon as you get to your place of business in the morning.

*Every day of the week, the Tribune now has more than 1,000,000 total net paid circulation. This is from 590,000 to 630,000 more total daily circulation than delivered by other Chicago daily newspapers—and from 270,000 to 730,000 more on Sunday than delivered by other Chicago Sunday newspapers.

GRAINS FALTER ON SPECULATION WARNING BY CEA

Rally Attempt Bogs Down in Renewed Selling.

News that the Commodity Exchange administration had warned the New York Produce exchange to check what it termed excessive speculation in cottonseed oil put a damper on bullish sentiment that had been apparent in grains, soy beans and lard during the last two weeks.

Altho traders asserted there was no evidence of excessive speculation in grains, there was a rush to sell futures on the Chicago Board of Trade when the markets opened yesterday. Wheat declined 2 cents and soy beans as much as 2⅜ cents before prices steadied. Commission house buying then started a strong rally, but selling pressure was renewed toward the close.

Wheat Ends 1½ Cents Off.

Final sales of wheat futures showed losses of 1¼ to 1½ cents and soy beans lost ⅛ to 3⅜ cents, the latter on May, which sold slightly below the July price. October beans, however, showed a strong undertone and sold at a new seasonal high at one time. Lard futures were 7½ to 15 cents per 100 pounds lower. Price changes in corn and oats were small. Rye was ⅛ to 1 cent lower.

The rally in wheat was helped along by buying of May attributed to mills, presumably in connection with sales of 100,000 or more barrels of flour to chain bakeries. The army has asked for offers of 110,000 barrels of flour.

Frost Forecast in Iowa.

A weather bureau forecast for frost in Nebraska, Wisconsin, the Dakotas, Iowa, and northwestern Illinois caused some apprehension. The wheat crop in Kansas is jointing and frost at this time might cause heavy damage, experts said. No mention, however, was made of the possibility of frost in the southwest.

A steamer with 228,000 bushels of Canadian rye arrived at Chicago on Tuesday and is now being unloaded in bond. Including import duty and other charges it costs about 70 cents a bushel to import Canadian rye at the present time.

CASH GRAIN

Estimated receipts of cash grain at Chicago Thursday: Wheat, 20 cars; corn, 119 cars; oats, 17 cars; rye, 7 cars; barley, 13 cars; soy beans, 16 cars. Range of cash grain prices per bushel in leading markets:

CHICAGO LIVE STOCK

The market for hogs declined mostly 10 cents yesterday. Some loads at the close were down as much as 15 cents, with the clearance incomplete. Pressure of increased supplies more than offset the influence of government promises to buy more pork from packers today and a rise of 50 cents in wholesale prices of fresh pork.

Farmers shipped more hogs into all points to capitalize on the preceding day's price increase, with the result that offerings were more than immediate requirements of the trade.

Packers paid strong to 15 cents higher prices for the supply of steers and yearlings offered yesterday. Heifers were weak to a little lower. Beef cows held firm. Calves sold 25 to 50 cents higher.

Lambs brought fully steady prices.
